Reflections at Journey's End York County Bar Association, 2018-11-30 A compelling series of insightful biographical sketches of the men and women of the York County Bar commencing eleven years before the start of the Civil War as recounted by contemporaries and colleagues Candid sincere honest and on occasion with a touch of comic relief these memorial minutes are tributes to those who have made their rendezvous with mortality Found within these volumes is the venerable Jeremiah S Black who walked the corridors of national recognition during the Civil War era the urbane and brilliant Herbert B Cohen who wielded substantial political power throughout the commonwealth and rose to become an associate justice of the Pennsylvania Supreme Court and the charismatic Harvey Gross whose superb advocacy in the third Hex trial and subsequent twenty year tenure on the York County Orphans Court placed him in the forefront of the princes of Anglo Saxon jurisprudence This callout of the giants in no way diminishes the significance commitment and integrity of the many other remarkable individuals who came after and counseled and inspired others to live honestly to exercise compassion and to act with prudence and diligence and above all else made their contribution to the vast and diverse panorama of our humanity Not a typical memoir or story these memorial minutes constitute the defining epic of the York County Bar More than history more than recitals of character and personality more than delightful encounters and more somber content they are about individuals remembered for the richness and power of their hopes achievements and commitments to the timeless values of the life of the law

Reflections and Opinions of a Mental Health Professional Henry Claude Barbot,2013-01-15 Reflection and opinion of a mental health professional is a collection of dynamic episodes that I have encountered during my 20 years working with the human mind This literary work identified the impact of the devastation which is inflicted to individuals suffering from mental illnesses and disorders Sharing my insight I have utilized poetry as the platform to discuss how mental illnesses can create havoc in every day life My goal is to introduce the mental agony suffering and distress in a less complex manner so people from different social backgrounds can relate Poetry has a way of capturing ones interest by deceitfully challenging their intellect to further examine the beauty of what was read For the fearful that stray from reading about such dark somber tales I hope to enlighten them to reach within themselves and unveil any secrets that may be dormant or buried in the unconscious part of their mind The Book is indeed about the product of my twenty years of practice as a Psychiatrist including the three years I spent as a resident in the Howard University Hospital Psychiatry Residency Training Program Twenty years that had an imprint and really marked me as a human being and a physician who has been blessed and honored by the privilege of working with the human mind

Reflections on Old Age Cornelius F. Murphy,2015-04-07 The English writer E M Forster described old age as a seductive combination of increased wisdom and decaying powers to

which too little intelligence is devoted This book is a response to that criticism It explains how old age has been considered throughout the ages by philosophers poets and other literary figures and explores how the extraordinary increase of life expectancy that began in the last century has been sustained by science and medicine Unfortunately the general public still prefers to keep the elderly out of sight and especially out of mind To overcome this marginalization I call for the emergence of a more inclusive humanism one that is welcoming to persons of all ages To overcome the pervasive isolation of the elderly requires a new dialogue across all the living generations Echoing the sentiments of Cicero in his classic study of old age I also call for a reflective maturity to develop among the elderly one that reaches deeply into themselves and increases their understanding of the world around them Spiritual maturity demands growth in virtue and charity in the advance of years A reaching out to all in the pursuit of justice and the common good is strongly recommended The book concludes with some reflections upon hopes for personal immortality as well as the qualities of divine justice and mercy Travel literature Dr. V.
