**Books in Early Modern Norway** Gina Dahl, 2011-07-12 During recent decades much has been written about early modern book distribution but until now Norway has been absent from the discussion. Drawing on book listings this study seeks to fill this lacuna by exploring the market for books in early modern Norway. Its approach is multifaceted: consideration of the types of books accessed by different elements of Norwegian society is set alongside developments within the book market itself such as the extended life of popular books, the gradual replacement of Latin by the vernacular and the rise in the eighteenth century in the number of books available on the market. The study demonstrates the internationality of the Norwegian book market while acknowledging specific patterns that determine its Norwegian character. [A Theological Journey](#) Ghislain Lafont, 2007 From the earliest proclamation of the Gospel to the present Benedictine theologian Gillian Lamont traces the development of the Christian faith. In *A Theological Journey* now available in this superb translation by John Burkhard OFM Conv, Lafont explores key doctrines of the faith as they developed in answer to the needs and questions of people in each age. He then engages the questions and risks of today's world inviting us to consider our place as Christians in history and in an increasingly globalized world. In the final analysis Lafont's theological journey aims at inspiring us to hope in the midst of a world marked by conflict, pain and suffering. Ghislain Lafont OSB 1928-2021 was a monk of the Abbey of La Pierre qui vire, France. Lafont taught theology in his monastic community as well as at the Athenaeum San Anselmo and the Gregorian University both in Rome. John J. Burkhard OFM Conv is Professor of Systematic Theology at Washington Theological Union in Washington D.C. He is the author of *Apostolicity Then and Now* (Liturgical Press, 2004) and the translator of Ghislain Lafont's *Imagining the Catholic Church* (Liturgical Press, 2000). *Twentieth Century Anglican Theologians* Stephen Burnes, Bryan Cones, James Tengatenga, 2020-12-21 A scholarly volume that reflects the rich diversity of Anglican theology. Janse, Barbara Pitkin, 2006 This rich volume by an interdisciplinary group of American and European scholars offers an innovative portrait of the complex formation of clerical and confessional identities within the context of the radically changed religious and political situations in sixteenth and seventeenth century Europe **Matthew's Account of the Massacre of**

**the Innocents in Light of its Reception History** Sung J. Cho, 2021-10-21 Sung Cho addresses the seeming contradiction of Herod the Great's massacre in Matthew 2 16 18 questioning why such a tragedy had to occur why it was included in the good news of Jesus and what connection it has to ancient prophecies In creating a reception history of the Massacre of the Innocents Cho progresses through two millennia worth of interpretation and depiction to highlight key works for discussion Beginning with a close reading of Matthew 2 16 18 Cho moves to analyse depictions of the tragedy in the Early Patristic Tradition from the sixth century to the early modern period and thus to the present day complete with an examination of visual interpretations of the massacre Cho's examination provides a positive step to understanding the depths of human suffering with the help of many diverse perspectives **Role of the Holy Spirit in Protestant Systematic Theology**

Wilson Varkey, 2011-08-01 This volume is a meticulously researched text on pneumatology which puts the major pneumatological issues together without confining to the traditional way of dealing with the doctrine of the Holy Spirit Although pneumatology has been a neglected field in theological discussions of the past there is a renewal of interest among theologians on pneumatology today This renewal of interest has led to the formation of this work on the role of the Holy Spirit in the Protestant Systematic Theology Through highlighting the role and significance of the Holy Spirit in the whole divine action this volume contends that pneumatology is not a dull theological locus but rather an essential theological disposition relevant for today The detailed arguments found within challenge and inspire the contemporary pneumatological discussions as it relates to all the facets of theological reflection and action *Luther and Calvin* Charlotte

Methuen, 2011-11-21 Martin Luther and John Calvin have both left dramatic and lasting influences on Christianity and on

European society Their calls for reform led to the church breaking off in different directions and people and nations believed so passionately for or against their causes that wars ravaged Europe for decades But what exactly did they teach This book presents Luther and Calvin in context looking at the work and ideas of each in turn and then at the making of Lutheranism and the Reformed tradition showing how the sixteenth century Reformation began a process of political and intellectual change that went beyond Europe to the New World The result is that today its influence is tangible all over the Western world Perfect for those who want to understand and engage with what Luther and Calvin thought and with the debates surrounding interpretation this book is an excellent introduction to two of Christianity's most famous thinkers Charlotte Methuen teaches Church history at the University of Glasgow and has also worked at the Universities of Hamburg Bochum Oxford and Mainz She specializes in the Reformation period and is the author of numerous books and articles

**The Naked Christ** Dan Le, 2012-08-22 The cross of Christ is undeniably central to the Christian faith But how can the cruelty and brutality of a two thousand year old Roman cross touch base with a hedonistic world that has been so desensitized towards violence Within the postmodern setting of a body obsessed culture Christianity urgently requires an innovative and stimulating way of understanding the cross and its atoning significance At the heart of this book is the Naked Christ an emblem through which the author draws on the rich resources of the Christian tradition in its portrayal of the cross He explores how the metaphors of nakedness and clothing can encapsulate aspects of atonement and enable them to be understood within a variety of contemporary contexts The Naked Christ is a useful resource for anyone seeking fresh ways to express what the cross of Christ means to contemporary culture

**Reclaiming Divine Wrath** Stephen Butler Murray, 2011-09-02 Following the 9 11 terrorist attacks in the United States there was prolific misuse and abuse of the concept of divine wrath in church pulpits In pursuit of a faithful understanding of what he calls a lost doctrine the author of this study investigates the substantial history of how the wrath of God has been interpreted in Christian theology and preaching Starting with the Hebrew and Christian Scriptures and moving historically through Christianity's most important theologians and societal changes several models of divine wrath are identified The author argues for the reclamation of a theological paradigm of divine wrath that approaches God's love and God's wrath as intrinsically enjoined in a dynamic tension Without such a commitment to this paradigm this important biblical aspect of God is in danger of suffering two possible outcomes Firstly it may suffer rejection through conscious avoidance of the narrow misinterpretations of divine wrath that dominate contemporary theology and preaching Secondly irresponsible applications of divine wrath may occur when we neglect to engage and understand the wrath of God as inseparable from God's justice and love in Christian theology and proclamation

**Law and Religion** Wim Decock, Jordan J. Ballor, Michael Germann, Laurent Waelkens, Günter Frank, Ute Lotz-Heumann, Barbara Mahlmann-Bauer, Johannes Schilling, Günther Wassilowsky, Siegrid Westphal, Tarald Rasmussen, Mathijs Lamberigts, Bruce Gordon, David M. Whitford, 2014-09-17 Wim Decock collects contributions by internationally renowned experts in law history and religion on the impact of the Reformations on law jurisprudence and moral theology The overall impression conveyed by the essays is that on the level of substantive doctrine the legal teachings there seems to be more continuity between Protestant and Catholic or for that matter between medieval and early modern jurisprudence and theology than usually expected As it is illustrated with regards to topics ranging from just war doctrine over business ethics to marriage law at the very least there appears to have been an on going conversation between jurists and theologians across the confessional divide This does not prevent some contributions from highlighting that on the institutional level for instance in university politics radical tensions between Reformers and Counter Reformers played a paramount role This book also offers approaches to the relationship between Church es and State s in the early modern period and to the practical as well as doctrinal use of natural law in both Protestant and Catholic lands

*Luther the Reformer* James M. Kittelson, 2016-10-01 For nearly thirty years James M Kittelson's *Luther the Reformer* has been the standard biography of Martin Luther Like Roland Bainton's biography of the generation before Kittelson's volume is the one known by thousands of students pastors and interested readers as the biography that gave them the details of this dramatic man and his history The accolades were well deserved Fair insightful and detailed without being overwhelming Kittelson was able to negotiate a middle way between the many directions of historical research and present a more complete chronological picture of Luther than many had yet portrayed For this revised edition Hans H Wiersma has made an outstanding text even better The research is updated and the text is revised throughout with an emphasis on retaining the tone and pace of the original Additionally the volume has an entirely new map and image program updated bibliographies improved timelines and other features to enhance the reading experience It's a great volume greatly improved

*On Eagles' Wings* David J Cohen, Michael Parsons, 2008-12-18 This is a volume of practical scriptural and contemporary essays exploring the idea of strength in weakness in the context of Christian life and ministry Biblical scholars theologians and Christian ministry practitioners have thought about the biblical paradigm of strength in weakness within their own areas of expertise and interest Biblical scholars encounter the idea of strength in weakness in both Old and New Testament passages that

suggest human weakness and divine strength The people of Israel a community reliant on grace exemplify this theme Mark's portrayal of Jesus Christ indicates that it is in weakness that Christ saves Paul's paradigm for ministry suggests the same Theological chapters engage this teaching of strength in weakness as it surfaces in Luther's life in Calvin's view of prayer in Barth's theology and ultimately in the divine dealing with the world Pastoral theology demonstrates this theme's foundational significance for a suffering church in its mission to the world as well as the theme's importance for preaching the leading of God's people today Drawing together scholars from fields of biblical studies systematic theology and pastoral theology On Eagles Wings questions the over emphasis on power in today's church The authors propose various ways that ministry and mission may be best engaged with a biblical humility and with reliance on God's grace **Martin Luther** Alberto Melloni, 2017-12-20 The three volumes present the current state of international research on Martin Luther's life and work and the Reformation's manifold influences on history churches politics culture philosophy arts and society up to the 21st century The work is initiated by the Fondazione per le scienze religiose Giovanni XXIII Bologna in cooperation with the European network Refo500 This handbook is also available in German The Beginning of a Spirit-filled Church Herman Hendrik van Alten, 2017-11-13 How does John Calvin view the church And how does the pivotal event of Pentecost influence his view on the church In his commentary on the Acts of the Apostles Calvin shows how Pentecost and the preaching of the Gospel gives rise to the church For Calvin the new and peculiar aspect of Pentecost is articulated by the phrases I will pour out and on all flesh Acts 2:17 The first phrase I will pour out leads to a discussion of the Holy Spirit who leads the church and the believers by the Word and his secret guidance All gifts flow from the Holy Spirit Therefore the study focuses on Calvin's view on the gifts of the Holy Spirit and on their use in church The author argues that the gifts of the Spirit are the basis of Calvin's interpretation of Christian church The second phrase on all flesh leads to a discussion of the inclusion of the Gentiles in the church The author treats different ecclesiological topics of importance He analyses the most important aspects of church that Calvin identifies in the book of Acts His reflections are aiming at a convincing theological appreciation of the sacraments in particular of the sacrament of baptism By addressing Calvin's thoughts as elements of his historical context and including contemporary impulses to these issues the author is able to present conclusive arguments for his main claim Calvin's commentary on Acts enriches and qualifies Calvin's own systematic ecclesiology as found in his main doctrinal work the Institutes Humanism, Universities, and Jesuit Education in Late Renaissance Italy Paul F. Grendler, 2022-05-02 This book contains twenty essays on Italian Renaissance humanism universities and Jesuit education by one of its most distinguished living historians Paul F. Grendler The first section of the book opens with defining Renaissance humanism followed by explorations of biblical humanism and humanistic education in Venice It concludes with essays on two pioneering historians of humanism Georg Voigt and Paul Oskar Kristeller The middle section discusses Italian universities the sports played by university students a famous law professor and the controversy over the immortality of the soul The last section analyzes

Jesuit education the culture of the Jesuit teacher the philosophy curriculum attitudes toward Erasmus and Juan Luis Vives and the education of a cardinal This volume collects Paul Grendler s most recent research published and unpublished offering to the reader a broad fresco on a complex and crucial age in the history of education     **Theological Method: A Guide for the Perplexed** Paul L. Allen, 2012-06-28 An upper level undergraduate introduction to how to do theology in an academic context     **Dean John Colet of St Paul's** Jonathan Arnold, 2007-11-28 This is an important and original biography of John Colet the leading humanist theologian in early Tudor England and the founder of St Paul s School in London Taken at face value the facts of John Colet s life spanning the late 15th and early 16th centuries appear to portray a successful humanist clerical reformer active in London on the eve of the English Reformation In fact as a cleric John Colet was neither successful nor a reformer nor were the reforms he attempted particularly welcome His greatest achievement and lasting legacy was the foundation of his school Thus in the sphere of Christian humanist education Colet was a success However in all his dealings Colet considered the spiritual life to be of paramount importance and his ultimate aim was the deification of sinful humanity not just for a few exceptional individuals but for the entire Church In this respect Colet s ecclesiastical vision did not effect any significant change in the early sixteenth century Church although it nevertheless pointed to the possibility of a more spiritual unified and holy Church Colet was a passionate and pious man who does not fall easily into any historical intellectual or ecclesiastical category Ultimately he escapes identification with any other set of contemporaneous idealists because his vision was his own This study offers a timely re assessment of the life of a complex religious figure of pre Reformation England
