*Vittoria Colonna and the Spiritual Poetics of the Italian Reformation* Abigail Brundin, 2016-02-11 Vittoria Colonna was one of the best known and most highly celebrated female poets of the Italian Renaissance Her work went through many editions during her lifetime and she was widely considered by her contemporaries to be highly skilled in the art of constructing tightly controlled and beautifully modulated Petrarchan sonnets In addition to her literary contacts Colonna was also deeply involved with groups of reformers in Italy before the Council of Trent an involvement which was to have a profound effect on her literary production In this study Abigail Brundin examines the manner in which Colonna s poetry came to fulfil in a groundbreaking and unprecedented way a reformed spiritual imperative disseminating an evangelical message to a wide audience reading

vernacular literature and providing a model of spiritual verse which was to be adopted by later poets across the peninsula. She shows how through careful management of an appropriate literary persona Colonna's poetry was able to harness the power of print culture to extend its appeal to a much broader audience. In so doing this book manages to provide the vital link between the two central facets of Vittoria Colonna's production: her poetic evangelism and her careful construction of a gendered identity within the literary culture of her age. The first full length study of Vittoria Colonna in English for a century, this book will be essential reading for scholars interested in issues of gender, literature, religious reform or the dynamics of cultural transmission in sixteenth century Italy. It also provides an excellent background and contextualisation to anyone wishing to read Colonna's writings or to know more about her role as a mediator between the worlds of courtly Petrarchism and religious reform.

**Godly Reading** Andrew Cambers, 2011-03-10 This innovative exploration of Puritan reading practices from c. 1580-1720 connects the history of religion with the history of the book.

*The Incarnate Text* James Kearney, 2009-07-15 James Kearney engages with recent work in the history of the book and the history of religion to investigate the crisis of the book occasioned by the Reformation's simultaneous faith in text and distrust of material forms.

Reading Augustine in the Reformation Arnoud S. Q. Visser, 2011-06-09 The arrival of the printing press, Humanist scholarship and editorial guidance: Augustine after Trent. How to find the right argument, bibliographies and indexes. Customizing authority: anthologies and epitomes. How readers read their Augustines. Patristics and public debate.

Carl Henry--Theologian for All Seasons G. Wright Doyle, 2010-04-01 Carl F. H. Henry has been called the Dean of evangelical theologians and the premier theological representative of the evangelical movement in the last half of the twentieth century. When his magnum opus *God, Revelation and Authority* first appeared, it was hailed as the most important work of evangelical theology in modern times. Carl Henry, *Theologian for All Seasons*, not only introduces contemporary readers to Carl Henry the man but also demonstrates that his theology possesses striking relevance for our own situation. We are introduced to his place in the complex mosaic of twentieth century theology; his simple but sophisticated doctrine of revelation and his value for current discussions of a wide variety of issues. Henry's reflections on hermeneutics, philosophy and faith, the nature of revelation and of God, the social implications of Christianity and many other vital topics turn out to be as pertinent now as when they were written. Not everyone agrees with Carl Henry's approach, of course, so this book features an extensive dialogue between Henry and his critics, making the case that his thought has been incorrectly described as outmoded and that he offers clear guidance for twenty-first century thinkers. To make the wealth of material on the many topics in *God, Revelation and Authority* more accessible, the book includes a theological index, a macro index and a detailed outline of the entire six volumes.

*The Story of the Isle of Man, an historical reader* Arthur William Moore, 1901

The Gospel of Matthew and Its Readers Howard W. Clarke, 2003-08-07 The Gospel of Matthew and Its Readers is a biblical commentary with a difference. Howard Clarke first establishes contemporary scholarship's mainstream view of Matthew's Gospel and then

presents a sampling of the ways this text has been read understood and applied through two millennia By referring forward to Matthew s readers rather than back to the text s composers the book exploits the tensions between what contemporary scholars understand to be the intent of the author of Matthew and the quite different indeed often eccentric and bizarre ways this text has been understood assimilated and applied over the years The commentary is a testament to the ambiguities and elasticity of the text and a cogent reminder that interpretations are not fixed nor texts immutably relevant And unlike other commentaries this one gives space to those who have questioned rejected or even ridiculed Matthew s messages since Bible bashing like Bible thumping is a historically significant part of the experience of reading the Bible

Early Modern English Marginalia Katherine Acheson, 2018-12-17 Marginalia in early modern and medieval texts printed handwrit ten drawn scratched colored and pasted in offer a glimpse of how people as individuals and in groups interacted with books and manuscripts over often lengthy periods of time The chapters in this volume build on earlier scholarship that established marginalia as an intellectual method Grafton and Jardine as records of reading motivated by cultural social theological and personal inclinations Brayman Hackel and Orgel and as practices inspired by material affordances particular to the book and the pen Fleming and Sherman They further the study of the practices of marginalia as a mode a set of ways in which material opportunities and practices overlap with intellectual social and personal motivations to make meaning in the world They introduce us to a set of idiosyncratic examples such as the trace marks of objects left in books deliberately or by accident cut and pasted additions to printed volumes a marriage depicted through shared book ownership They reveal to us in case studies the unique value of marginalia as evidence of phenomena as important and diverse as religious change authorial self invention and the history of the literary canon The chapters of this book go beyond the case study however and raise broad historical cultural and theoretical questions about the strange marvelous metamorphic thing we call the book and the equally multitudiplicitous eccentric and inscrutable beings who accompany them through history readers and writers
