Reformers Rebels And Revolutionaries The Western Canadian Radical Movement 1899 1919:

Reformers, Rebels, and Revolutionaries Andrew Ross McCormack, 1979 **Reformers, Rebels and Revolutionaries** A. Ross McCormack, 1991-01-01 The opening of the twentieth century saw a fervour of radical political movements in Western Canada Ross McCormack explores the constituencies ideologies and development of early reformist syndicalist and socialist organizations from the 1880s up to the Winnipeg General Strike in 1919 He distinguishes three types of radicals reformers rebels and revolutionaries who competed with each other to fashion a general western constituency The reformers wanted to change society for the betterment of the workers but both their aims and methods were moderate essentially transferring the philosophy and tactics of the British labour movement to the Canadian west The rebels militant industrial unionists periodically battled the Trades and Labour Congress in order to establish unions strong enough to defeat the employers and if necessary the state The revolutionary Marxists were committed to the destruction of industrial capitalism and the establishment of a society controlled by the workers The book describes the origins of radicalism traces the histories of the various organizations that expressed its ideals and discusses the impact of the First World War on the labour movement Using previously unexplored sources McCormack has produced the first comprehensive examination of the early history of the radical movement in western Canada adding an important dimension to our knowledge and understanding of Canadian labour history *Radicalism in the Mountain West, 1890-1920* David R. Berman, 2011-05-18 Radicalism in the Mountain West 1890 1920 traces the history of radicalism in the Populist Party Socialist Party Western Federation of Miners and Industrial Workers of the World in Arizona Utah Nevada Idaho Montana Wyoming Colorado and New Mexico Focusing on the populist and socialist movements David R Berman sheds light on American radicalism with this study of a region that epitomized its rise and fall As the frontier industrialized self reliant pioneers and prospectors transformed into wage laborers for major corporations with government military and church ties Economically and politically stymied westerners rallied around homegrown radicals such as William Big Bill Haywood and Vincent the Saint St John and touring agitators such as Eugene Debs and Mary Mother Jones Radicalism in the Mountain West tells how volleys of strikes property damage executions and deportations ensued in the absence of negotiation Drawing on years of archival research and diverse materials such as radical newspapers reports filed by labor spies and government agents and records of votes subscriptions and memberships Berman offers Western historians and political scientists an unprecedented view into the region's radical past **Labour at the Lakehead** Michel S. Beaulieu, 2011-05-07 In the early twentieth century the Canadian Lakehead was known as a breeding ground for revolution a place where harsh conditions in dockyards lumber mills and railway yards drove immigrants into radical labour politics This intensely engaging history reasserts Northwestern Ontario's rightful reputation as a birthplace of leftism in Canada by exposing the conditions that gave rise to an array of left wing organizations including the Communist Party the One Big Union and the Industrial Workers of the World Yet as Michel Beaulieu shows the

circumstances and actions of Lakehead labour especially those related to ideology ethnicity and personality were complex they simultaneously empowered and fettered workers in their struggles against the shackles of capitalism Cultural ties helped bring left wing ideas to Canada but as each group developed a distinctive vocabulary of socialism Anglo Celtic workers defended their privileges against Finns Ukrainians and Italians At the Lakehead ethnic difference often outweighed class solidarity at the cost of a stronger labour movement for Canada

From Victoria to Vladivostok Benjamin Isitt, 2010
 Isitt's work is new innovative and important He deftly weaves the Canadian working class opposition to war and the rising leftist sentiment among workers with the inner life of the Siberian Expedition itself No less important he melds a national story with an international one He reveals new aspects of international cooperation in the attempt to suppress the Bolshevik revolution as well as international rivalries among the countries that intervened in Russia Larry Hannant editor of *The Politics of Passion* Norman Behtune's *Writing and Art From Victoria to Vladivostok* sheds new light on a part of Canadian history that previous scholars have written off as a mere sideshow a rather embarrassing episode that had no impact on the First World War In contrast Isitt sees the problems that befell the Expedition as being rooted in conflicting views of Bolshevism in Canada and different perceptions of the logic behind an intervention in Russia In this his contribution is both significant and original Jonathan Vance author of *Unlikely Soldiers How Two Canadians Fought the Secret War against Nazi Occupation* This highly readable and provocative book brings to life a forgotten chapter in the history of Canada and Russia the journey of 4 200 Canadian soldiers from Victoria to Vladivostok in 1918 to help defeat Bolshevism It illuminates how the Siberian Expedition exacerbated tensions within Canadian society at a time when a radicalized working class many French Canadians and even the soldiers themselves objected to a military adventure designed to counter the Russian Revolution

For All We Have and Are James M. Pitsula, 2011-11-30 The First World War profoundly affected every community in Canada In Regina the politics of national identity the rural myth and the social gospel all lent a distinctive flavour to the city's experience of the Great War For many Regina's the fight against German militarism merged with the struggle against social evils and the Big Interests adding new momentum to the forces of social reform including the fights for prohibition and women's suffrage James M Pitsula traces these social movements against the background of the lives of Regina men who fought overseas in battles such as Passchendaele and Vimy Ridge Skillfully combining vivid detail with the larger social context For All We Have and Are provides a nuanced picture of how one Canadian community rebuilt both its realities and myths in response to the cataclysm of the war to end all wars

Vancouver Past: Essays in Social History Robert A. J. McDonald, Jean Barman, 1986-01-01 Focusing on Vancouver's social history the essays written for this special edition of BC Studies treat hitherto neglected areas of the city's past and bring new

insights into how its residents lived and worked. Receiving particular attention is the socio economic and residential structure of Vancouver with one author arguing that the city's economy created an urban working class which was at once more complex and politically more conservative than that of the highly polarized communities on Vancouver Island and in the Interior.

Race, Nation, and Reform Ideology in Winnipeg, 1880s-1920s Kurt Korneski, 2015-06-09 During the late nineteenth and early twentieth centuries a host of journalists ministers medical doctors businessmen lawyers labor leaders politicians and others called for an assault on poverty slums disreputable boarding houses alcoholism prostitution sweatshop conditions inadequate educational facilities and other social evils. Although they represented an array of political positions and advocated a range of strategies to deal with what they deemed problems historians have come to term this impulse urban reform or the urban reform movement. This book considers the history of reform ideology in Canada. It does so by considering four leading reformers living in what might be described as the most Canadian of Canadian cities Winnipeg Manitoba. While the book engages in discussions debates surrounding the particular individuals it considers its more general argument is that to understand the history of reform in Canada requires viewing reformers as simultaneously experiencing and responding to two basic phenomena simultaneously. It requires understanding them as confronting the polarizing tendencies exploitation and sometimes grinding poverty that was central to the economic order they often unwittingly helped to impose in northern North America. It also however requires seeing them as fundamentally shaped by the process and legacy of the dispossession of Aboriginal peoples and the changing nature of Aboriginal settler relations that were also central to the development of Canada.

Editors Naylor Hinther and Mochoruk depict key events of 1919 detailing the dynamic and complex historiography of the Strike and the larger Workers Revolt that reverberated around the world and shaped the century following the war. The chapters delve into intersections of race class and gender. Settler colonialism's impact on the conflict is also examined. Placing the struggle in Winnipeg within a broader national and international context several contributors explore parallel strikes in Edmonton Crowsnest Pass Montreal Kansas City and Seattle. *For a Better World* interrogates types of commemoration and remembrance current legacies of the Strike and its ongoing influence. Harles Canadian Journal of Political Science **River Road** Gerald Friesen,1996-12-03 The prairies are a focal point for momentous events in Canadian history a place where two visions of Canada have often clashed Louis Riel the Manitoba School Question French language rights the 1919 Winnipeg General Strike and the dramatic collapse of the Meech Lake Accord when MLA Elijah Harper voted No Gerald Friesen believes that it is the responsibility of the historian to tell local stories in terms and concepts that make plain their intrinsic value and worth that explain the relationship between the past and the present For local experiences to have any relevant meaning they must be put into the context of the wider world These essays were written for the general reader and the academic historian They include previously published works many of them revised and updated from a wide variety of sources and new pieces written specifically for River Road examining aspects of prairie and Manitoba history from many different perspectives They offer portraits of representatives from different sides of the prairie experience such as Bob Russell radical socialist and leader of the 1919 General Strike and J H Riddell conservative Methodist minister who represented sane and safe stewardship in the 1920s and 1930s They explore the changing relationship between Aboriginal peoples and the dominant society from the prosperous Metis community that flourished along the Red River in the 19th century and produced Manitoba s first Metis premier to the events that led to the Manitoba Aboriginal Justice Inquiry in the 1980s Other essays consider new viewpoints of the prairie past using the perspectives of ethnic and cultural history women s history regional history and labour history to raise questions of interpretation and context The time frame considered is equally wide ranging from the Aboriginal and Red River society to the political arena of current constitutional debates **The Last Plague** Mark Osborne Humphries,2013-01-11 The Spanish influenza of 1918 was the deadliest pandemic in history killing as many as 50 million people worldwide Canadian federal public health officials tried to prevent the disease from entering the country by implementing a maritime quarantine as had been their standard practice since the cholera epidemics of 1832 But the 1918 flu was a different type of disease In spite of the best efforts of both federal and local officials up to fifty thousand Canadians died In The Last Plague Mark Osborne Humphries examines how federal epidemic disease management strategies developed before the First World War arguing that the deadliest epidemic in Canadian history ultimately challenged traditional ideas about disease and public health governance Using federal provincial and municipal archival sources newspapers and newly discovered military records as well as original epidemiological studies Humphries sweeping national study situates the flu within a larger social political and military context for the first time His provocative conclusion is that the 1918 flu crisis had important long term consequences at the national level ushering in the modern era of public health in Canada
