Reforming Parliamentary Democracy:

Reforming Parliamentary Democracy F. Leslie Seidle, David Campbell Docherty, 2003 Insightful analyses of recent reforms to parliamentary institutions and governance in Canada the United Kingdom Australia New Zealand and South Africa Parliamentary government combines stability and dynamism Its continuity is rooted in enduring principles such as citizen representation and accountability to the legislature But parliamentary systems have evolved in response to changes in the societies they govern and in citizens views about democratic practices In *Reforming Parliamentary Democracy* the authors demonstrate how in their respective countries parliamentary governments have combined stability with the capacity to adapt to such changes They provide insightful analyses of recent reforms to parliamentary institutions and governance in Canada the United Kingdom Australia New Zealand and South Africa

Reforming Parliamentary Democracy Leslie Seidle, David C. Docherty, 2003-06-13 The authors address issues of representation the move to a proportional electoral system in New Zealand the unsuccessful attempt to establish a domestic head of state in Australia and the reform of the British House of Lords and demonstrate that citizens increasingly want legislative institutions to more closely reflect the societies they serve To discuss responsiveness the governance of indigenous communities and their place within the broader society in Canada and New Zealand are examined as is the role of institutions other than legislatures that are involved in protecting minority rights and responding to various forms of diversity A separate chapter analyses the basis for and merits of proposals to reform the Canadian House of Commons In addition authors review the dynamics of federalism intergovernmental relations and other processes of multi level governance in Canada the United Kingdom and South Africa Public debate about adapting governance processes to changing conditions and citizen values is a necessary condition of successful democracies and there is much to learn from progress and false starts in other parliamentary democracies Contributors include Jonathan Boston Victoria University of Wellington New Zealand Paul Chartrand consultant Victoria British Columbia St phane Dion minister of Intergovernmental Relations Government of Canada David Docherty Mason Durie Massey University Robert Hazell University College London Christina Murray University of Cape Town Cheryl Saunders University of Melbourne Leslie Seidle Jennifer Smith Dalhousie University and Lord Wakeham former chairman of the Royal Commission on House of Lords Reform

Reforming Parliamentary Committees Reuven Y. Hazan, 2001 Here Reuven Y Hazan argues that committees are essential for the efficient dispatch of parliamentary business and shows how several parliaments have recently reformed their committee systems to function more effectively In particular he gives an in depth knowledge and a broader understanding of Israel s committees and how they compare with the committees of other legislatures throughout the world

Reforming the Unreformable Ngozi Okonjo-Iweala, 2014-08-29 A report on development economics in action by a crucial player in Nigeria s recent reforms Corrupt mismanaged and seemingly hopeless that s how the international community viewed Nigeria in the early 2000s Then Nigeria implemented a sweeping set of economic and

political changes and began to reform the unreformable This book tells the story of how a dedicated and politically committed team of reformers set out to fix a series of broken institutions and in the process repositioned Nigeria's economy in ways that helped create a more diversified springboard for steadier long term growth The author Harvard and MIT trained economist Ngozi Okonjo Iweala currently Nigeria's Coordinating Minister for the Economy and Minister of Finance and formerly Managing Director of the World Bank played a crucial part in her country's economic reforms In Nigeria's Debt Management Office and later as Minister of Finance she spearheaded negotiations with the Paris Club that led to the wiping out of 30 billion of Nigeria's external debt 60 percent of which was outright cancellation Reforming the Unreformable offers an insider's view of those debt negotiations it also details the fight against corruption and the struggle to implement a series of macroeconomic and structural reforms This story of development economics in action written from the front lines of economic reform in Africa offers a unique perspective on the complex and uncertain global economic environment

Democratic Reform in New Brunswick William Paul Cross, 2007 Democratic Reform in New Brunswick is a comprehensive collection of research papers written initially for the New Brunswick Commission on Electoral Democracy The essays provide detailed consideration of the many issues relating to democratic and electoral reform currently on the public policy agenda in Canada Topics covered include electoral system change gender and representational issues questions relating to party democracy the role of legislators concerns around drawing electoral boundaries fixed election dates direct democracy and political disengagement among young voters All of the essays examine the implications of various reform proposals in these areas and most draw upon the experiences of other jurisdictions in addressing how they might play out in the Canadian context Many chapters also draw specifically upon the New Brunswick experience in considering how democratic reform might impact upon the province's politics New Brunswick is Canada's only bilingual province with two vibrant linguistic communities and is in many ways a microcosm of the Canadian state These readings provide insight into how issues related to democratic and electoral reform may play out on the national stage *The Political Class in Advanced Democracies* Jens Borchert, Jürgen Zeiss, 2003-12-11 Professional politicians have increasingly come under public attack in democratic countries yet they have received little attention in political science This text shows that there are both similarities between professional politicians in different countries and notable national peculiarities *Vision for a Canada Strong and Free* Mike Harris, Preston Manning, 2007 **Legislatures in Evolution / Les législatures en transformation** Charles Feldman, David Groves, 2022-09-14 Legislatures in Evolution presents a series of essays on evolution and change in the legislative context They cover a wide range of topics including both proposed and implemented reforms The contributions included here discuss parliamentarians' attitude toward party discipline the specific challenges associated with implementing sexual harassment policies within legislatures the consequences of the Supreme Court's ruling in *Mikisew Cree First Nation v Canada* on the government's duty to consult Indigenous Peoples when drafting legislation parliamentarians' engagement in

budgetary control issues the reform of the rules governing prayers in the Legislature of British Columbia and time management reforms in the Legislative Assembly of Yukon Charles Feldman Genevi ve Tellier David Groves and their contributors bring together both practical and academic experience and perspectives They conclude with an analysis of parliamentary reforms paying particular attention to the impact of the COVID 19 pandemic on the functioning of legislatures

Policy Analysis in Canada Laurent Dobuzinskis, Michael Howlett, David Laycock, 2007-06-30 The growth of what some academics refer to as the policy analysis movement represents an effort to reform certain aspects of government behaviour The policy analysis movement is the result of efforts made by actors inside and outside formal political decision making processes to improve policy outcomes by applying systematic evaluative rationality to the development and implementation of policy options This volume offers a comprehensive overview of the many ways in which the policy analysis movement has been conducted and to what effect in Canadian governments and for the first time in business associations labour unions universities and other non governmental organizations Editors Laurent Dobuzinskis Michael Howlett and David Laycock have brought together a wide range of contributors to address questions such as What do policy analysts do What techniques and approaches do they use What is their influence on policy making in Canada Is there a policy analysis deficit What norms and values guide the work done by policy analysts working in different institutional settings Contributors focus on the sociology of policy analysis demonstrating how analysts working in different organizations tend to have different interests and to utilize different techniques They compare and analyze the significance of these different styles and approaches and speculate about their impact on the policy process

Rebalanced and Revitalized Mike Harris, Preston Manning, Fraser Institute (Vancouver, B.C.), Institut économique de Montréal, 2006 Examines the democratic deficit present in Confederation today and applies to it these foundational principles expanding Canadians freedom of choice challenging Canadians to accept greater personal responsibility and deepening Canada s practice of federal democracy

What Women Represent Erica Rayment, 2024-05-07 Political equity advocates and academics often argue that we must elect more women but what difference does it make if we do What Women Represent shows that women can and do influence the issues raised and the decisions made in parliamentary debate and decision making Using a new framework for thinking about what it means for legislators to represent women and drawing on a database that encompasses five decades of debate in the House of Commons Erica Rayment investigates which members of Parliament represent women and what issues they address She then examines the role women parliamentarians played in two instances where governments threatened to curtail previous gender equality gains the Mulroney government s attempted recriminalization of abortion and the Harper government s plans to cut funding and weaken the mandate of Status of Women Canada Rayment s analysis decisively shows that parliamentary presence matters for the representation of women s interests women MPs regardless of party are more likely to act for women and play a critical role when the rights of women are at stake What Women Represent is the first large scale analysis

of the substantive representation of women in Canadian politics adding depth and nuance to our understanding of issues of gender in parliamentary institutions

At the Centre of Government Ian Brodie, 2018-04-30 Canada's prime minister is a dictator The Sun King of Canadian government More powerful than any other chief executive of any other democratic country These kinds of claims are frequently made about Canada's leader especially when the prime minister's party holds a majority government in Parliament But is there any truth to these arguments At the Centre of Government not only presents a comprehensively researched work on the structure of political power in Canada but also offers a first hand view of the inner workings of the Canadian federal government Ian Brodie former chief of staff to Prime Minister Stephen Harper and former executive director of the Conservative Party of Canada argues that the various workings of the Prime Minister's Office the Privy Council Office the cabinet parliamentary committees and the role of backbench members of Parliament undermine propositions that the prime minister has evolved into the role of an autocrat with unchecked control over the levers of political power He corrects the dominant thinking that Canadian prime ministers hold power without limits over their party caucus cabinet Parliament the public service and the policy agenda Citing examples from his time in government and from Canadian political history he argues that in Canada's evolving political system with its roots in the pre Confederation era there are effective checks on executive power and that the golden age of Parliament and the backbencher is likely now Drawing on a vast body of work on governance and the role of the executive branch of government At the Centre of Government is a fact based primer on the workings of Canadian government and sobering second thoughts about many proposals for reform

The Politics of Dissensus Kari Palonen, José María Rosales, Tapani Turkka, 2014-05-05 The Politics of Dissensus inverts the traditional perspective on the study of parliamentary politics by focusing on its less obvious and less well known aspects Dissensus instead of consensus becomes the condition for the intelligibility of parliamentary politics Such politics is indebted to the rhetorical culture of addressing issues from opposite perspectives and debating the alternatives pro et contra no motion is approved without a thorough examination of and confrontation among imaginable alternatives Establishing the openness of political debating parliamentarism has become a distinctive historical contribution to the rise of parliamentary democracy Parliament in Debate refers to the paradigmatic institution for political deliberation the debates surrounding its legislative activity as well as the supervision of government and administration Parliament has become a fascinating object of scrutiny as a political institution adopted and developed by different political traditions In a nutshell the book retrieves the study of parliamentary politics to present political theory and action in the parliamentary mode It is a book on the relevance of parliamentarism to the study of politics and a book on the comparative conceptual and institutional history of parliamentary politics The Politics of Dissensus Parliament in Debate is the outcome of an international team of contributors coordinated by two ongoing research projects relying on a long lasting international cooperation namely the Academy of Finland project The Politics of Dissensus and the Spanish National Research Fund projects The Rhetorics of

Democracy and The Civic Constellation Reinventing Schools, Reforming Teaching John Bangs, John Macbeath, Maurice Galton, 2010-09-15 This book considers the impact of educational policies on those who have to translate political priorities into the day to day work of schools and classrooms *A Revised History for Advanced Level & Colleges* Nassoro Habib Mbwana, 2017-11-10 The book is a response of the suggestions and opinions provided to me by the students on writing a text that could be beneficial for them and other readers The book covers the period from the fifteenth century to the present 2014 It includes the development of Europe from mercantilism to a new imperialism globalization and a neocolonial situation and underdevelopment to the less developed countries in the southern hemisphere It also justifies and revises important areas in the current 2009 syllabus which had been left by other authors in writing history texts for the advanced level Therefore the book justifies some areas that are beyond the syllabus but the questions do appear in examinations The book is directed to be useful for A level and college students the teachers and other readers who have an interest with history The Oxford Handbook of Comparative Administrative Law Peter Cane, Herwig Hofmann, Eric C. Ip, Eric Chi Yeung Ip, Peter L. Lindseth, 2021 In this Handbook distinguished experts in the field of administrative law discuss a wide range of issues from a comparative perspective The book covers the historical beginnings of comparative administrative law scholarship and discusses important methodological issues and basic concepts such as administrative power and accountability *Sceptical Perspectives on the Changing Constitution of the United Kingdom* Richard Johnson, Yuan Yi Zhu, 2023-04-20 This book examines the far reaching changes made to the constitution in the United Kingdom in recent decades It considers the way these reforms have fragmented power once held centrally through the Crown in Parliament by means of devolution referendums and judicial reform It examines the reshaping of the balance of power between the executive legislature and the way that prerogative powers have been curtailed by statute and judicial ruling It focuses on the Human Rights Act and the creation of the UK Supreme Court which emboldened the judiciary to limit executive action and even to challenge Parliament and argues that many of these symbolised an attempt to shift the political constitution to a legal one Many virtues have been ascribed to these reforms To the extent that criticism exists it is often to argue that these reforms do not go far enough An elected upper chamber regional English parliaments further electoral reform and a codified constitution are common tonics prescribed by commentators from this point of view This volume adopts a different approach It provides a critical evaluation of these far reaching reforms drawing from the expertise of highly respected academics and experienced political figures from both the left and right The book is an invaluable source of academic expertise and practical insights for the interested public students policymakers and journalists who too often are only exposed to the further reform position *The Paradox of Parliament* Jonathan Malloy, 2023-02-27 The Paradox of Parliament provides a comprehensive analysis of all aspects of Parliament in order to explain the paradoxical expectations placed on the institution The book argues that Parliament labours under two different logics of its purpose and primary role one based on governance and decision making and one based on

representation and voice This produces a paradox that is common to many legislatures but Canada and Canadians particularly struggle to recognize and reconcile the competing logics In *The Paradox of Parliament* Jonathan Malloy discusses the major aspects of Parliament through the lens of these two competing logics to explain the ongoing dissatisfaction with Parliament and perennial calls for parliamentary reform It focuses on overarching analytical themes rather than exhaustive description It centres people over procedure and theory with strong emphasis given to dimensions of gender race and additional forms of diversity Arguing for a holistic and realistic understanding of Parliament that recognizes and accepts that Parliament evolves and adapts *The Paradox of Parliament* puts forward an important and novel interpretation of the many facets of Parliament in Canada *Crises and Popular Dissent* Mike O'Donnell, 2021-09-30 The main focus of *Crises and Popular Dissent* is on liberalism and populism in the United States Europe and Britain arguing for an internationalist rather than nationalist perspective and response to turmoil O'Donnell provides an informed integrated and distinctive approach to the recent evolution of popular dissent ***Pension Reform in Europe*** Robert Holzmann, Mitchell Alexander Orenstein, Michal Rutkowski, 2003 The need for pension reform is an increasingly important issue on the economic reform agenda of most European countries although there has been considerable variation in the approaches adopted This publication contains a selection of papers from leading scholars and practitioners in the fields of economics and political science which seek to provide an insight into the process and progress of European pension reform and to highlight areas for further research
