Abortion law reform in Africa: A reproductive health and rights perspective Charles Ngwena, Ebenezer Durojaye, Satang Nabaneh, Nkatha Murungi, 2025-05-26 Despite notable legal and policy advancements in post colonial Africa unsafe abortion remains a pressing public health concern **Abortion Law Reform in Africa A Reproductive Health and Rights Perspective** spearheaded by the late Professor Charles Ngwena offers a vital and timely examination of this ongoing challenge This collection of essays moves beyond a mere analysis of legal texts unpacking the deep rooted barriers that continue to limit access to safe abortion services in Africa The authors critically assess the real world impact of current reforms highlighting their shortcomings in providing accessible rights based care They offer concrete strategies aimed at strengthening legal and policy frameworks to promote reproductive autonomy improve reproductive health outcomes and advance gender equality for women and girls confronting unwanted pregnancies Through a compelling exploration of how restrictive laws push countless women towards unsafe procedures often with fatal or debilitating consequences the volume underscores that meaningful reform demands more than legislative change It calls for addressing the broader social economic and cultural determinants that restrict access to abortion care By advocating for the implementation of progressive instruments such as the African Women s Protocol this book stands as a powerful call to action for African policymakers and stakeholders to facilitate access to safe abortion care services It urges the adoption of comprehensive and transformative measures that can truly secure women s rights to safe abortion and prevent needless suffering and death The World Today ,1995 *British Reports, Translations and Theses* British Library.
