## **Refractions Essays In Comparative Literature:**

**Refractions** Harry Levin, 1866      **Refractions** Harry Levin, 1966 The special illumination of the comparative perspective is highly transparent in this collection of eighteen essays on the refraction of literary forms and themes through temporal and cultural mediations Professor Levin believes in literature as an organic and cumulative whole rather than as isolated products of an author an age or even of a single culture Comparative study of its forms and themes in passage from one culture Comparative study of its forms and themes in passage from one culture to another one author to another one period of time to another will show forth he holds fundamental truths and basic similarities despite variations in style and structure Most of these essays were written in the last decade although a few reach back into a second decade In a style both flexible and disciplined they examine such matters as changing concepts of myth culture and convention the nature of dream fantasy and the imagination social and intellectual history American literature's relationship to other literatures the meaning of modernism the predominance of the novel They do this by exploring a variety of specific works from *The Comedy of Errors* to *The Marble Faun* *Madame Bovary* and *Tropic of Cancer* One notable essay discusses the problems of the writer in exile as they affected Dante Voltaire Hugo Stendhal Joyce Henry James Nabokov and Pasternak a writer exiled within his homeland An exhilarating foray into the work of women novelists concentrates on Jane Austen and Emily Brontë but brings the subject up to Mary McCarthy Publisher      **Ernst Toller and German Society** Robert Ellis, 2013-10-10 During the years of Weimar and the Third Reich Toller was one of the more active of the other Germany's left wing intellectuals A leader of the Bavarian Soviet of 1919 he had in addition won the Kleist prize and was recognized as one of Germany's best playwrights Indeed during the years of the Weimar Republic the popularity of his works was unquestioned His first play *Die Wandlung* was soon sold out and required a second edition his dramatic works and poems were translated into twenty seven languages During the 1920s it was said that he dominated the German and Russian theatre and that he was the most spectacular personality in modern German literature It was common for contemporaries to classify him as one of the foremost German writers of the Weimar era During the 1930s as an exile he popularized to foreign audiences the idea of the other Germany and became a leading spokesman against Hitler However it is Toller the social critic rather than Toller the dramatist with which this book is concerned his ideas his visions for Germany and Europe as transmitted in his works of fiction and prose The book reflects on the responsibility an intellectual critic has when writing about a democratic society the Weimar Republic that is unsuccessfully balancing between survival and annihilation Toller was furthermore a Jewish intellectual How did his religious traditions shape his views He was also German and this raises a whole host of specifically Germanic patterns of looking at the world He was also a left wing intellectual and Toller is set in the broader context of left wing intellectuals in Weimar and the Nazi era A related reflection is to ask so what What difference did it make How much of an influence do intellectuals have in the development of society What is the relationship between intellectuals and their readers in a troubled society

**Modernism/Postmodernism** Peter Brooker, 2014-09-25 The concepts of Modernism and Postmodernism constitute the single most dominant issue of twentieth century literature and culture and are the cause of much debate In this influential volume Peter Brooker presents some of the key viewpoints from a variety of major critics and sets these additionally alongside challenging arguments from Third World Black and Feminist perspectives His excellent Introduction and detailed headnotes for each section and essay provide an indispensable guide to interpreting the many different opinions and prove to be valuable contributions in their own right *Faulkner and Race* Doreen Fowler, Ann J. Abadie, 1987 With contributions by Eric J Sundquist Craig Werner Blyden Jackson Thadious Davis Pamela J Rhodes Walter Taylor Noel Polk James A Snead Philip M Weinstein Lothar H nighausen Frederick R Karl Hoke Perkins Sergei Chakovsky Michael Grimwood and Karl F Zender The essays in this volume address William Faulkner and the issue of race Faulkner resolutely has probed the deeply repressed psychological dimensions of race asking in novel after novel the perplexing question what does blackness signify in a predominantly white society However Faulkner s public statements on the subject of race have sometimes seemed less than fully enlightened and some of his black characters especially in the early fiction seem to conform to white stereotypical notions of what black men and women are like These essays originally presented by Faulkner scholars black and white male and female at the 1986 Faulkner and Yoknapatawpha Conference the thirteenth in a series of conferences held on the Oxford campus of the University of Mississippi explore the relationship between Faulkner and race **Portable Modernisms**

Emily Ridge, 2017-06-23 Luggage is an overlooked detail in the stock sketch of the expatriated modernist writer from the valise fashioned desks of both James Joyce and Vladimir Nabokov to the lost manuscript laden cases of Ernest Hemingway and Walter Benjamin While the trope of modernist exile has long been spotlighted little attention has been given to the material meaning of this condition What things and objects do modernism s exiles and emigres carry with them and how does the act of carriage enter into the modernist picture more broadly What are the implications and historical resonances of a portable outlook particularly from the angles of gender wartime conflict and character conception Above all how far does such an outlook impact upon artistic vision Portability represents the simultaneous transportation and repudiation of domesticity and the home those key frames of reference in the nineteenth century novel This book examines the multifarious ways in which the emergence of a modern culture of portability prompts a radical if often problematic departure from Victorian architectural conceptions of fiction towards more movable understandings of form and character

*Reconstructing Contexts* Robert D. Hume, 1999 This book attempts to justify and theorize old historicism defining archaeo historicism as a method by which scholars can reconstruct past context in order to apply it to the interpretation of works and events of that time If such reconstruction is to be more than wildly impressionistic it must be grounded in hard evidence handled according to clear rules In this intriguing and rigorous analysis Robert Hume identifies legitimate objects for reconstruction and proposes procedures and principles by which such interpretation may be pursued He then examines

the failures of the same method which works only when adequate evidence can be found In particular Hume flatly denies the intellectual legitimacy of literary history as it is commonly practised and attempts to disentangle such history from the practice of historicism The final chapter is devoted to a cogent discussion of how archaeo historicism relates to various forms of contemporary theory Hume offers a profusion of examples of good and bad historicist reconstruction and interpretation drawing largely on English literature but also on American and other world literatures theatre history and music theory Although addressed primarily to literary critics this wide ranging and bold work will be of interest to historians and cultural critics as well

**The Comedy of Errors** Harold Bloom, Janyce Marson, Sterling Professor of Humanities Harold Bloom, 2010 Presents a collection of essays discussing aspects of William Shakespeare s historical play plus a

summary of the play key passages characters and biographical information      *Aesthetics and Ideology of D. H. Lawrence, Virginia Woolf, and T. S. Eliot* Petar Penda, 2017-12-15 Scrutinizing the aesthetic and ideological in the works by Lawrence Woolf and Eliot this book gives a different perspective on Modernism and what are considered to be its principal features In that respect fragmentation disunity relativity of things break with tradition as well as the depiction of life s disorder are disputed and seen as aesthetic means for the promotion of certain ideologies Aesthetics and Ideology of D H Lawrence Virginia Woolf and T S Eliot offers a smooth transition from general discussion and revision of some fixed concepts related to Modernism through individual authors and their major works to the conclusion where the main findings are summarized and further explicated Apart from dealing with Modernism in general Aesthetics and Ideology of D H Lawrence Virginia Woolf and T S Eliot presents a somewhat different view on the authors it deals with They are not only seen as opponents of established religious political and social views but to a certain extent as their perpetrators This duality concerning their stances is reconciled by their insisting on the aesthetic unity      **Nothingness, Negativity, and Nominalism in**

**Shakespeare and Petrarch** Benjamin Boysen, 2020-11-09 Being exposed to the Nominalist expansion in early modernity Petrarch and Shakespeare are highly preoccupied with a Nominalist dimension of language and representation Against this background the study shows how these Renaissance poets advanced a special notion of subjectivity and identity as rooted in negativity otherness and representation The book thus argues for a new understanding of negative modes of subjectivity in Petrarch and Shakespeare A new and sharpened understanding emerging from an interpretation of Francesco Petrarch s notion of exile and of love in his great poetical cycle *Rerum vulgarium fragmenta* as well as a meticulous examination of the concept of nothingness in William Shakespeare s works Petrarch and Shakespeare poetically show how identity is alien and decentred yet also free and expanding In other words these poets illustrate how subjectivity is constituted by heterogeneity Moreover pointing to other examples of this negative subjectivity in Renaissance philosophy and poetry the study suggests that these models for subjectivity could be extended to other early modern writers      **Something We Have That They**

**Don't** Steve & Mark Clark & Ford, Steven H. Clark, 2004-04 There is some connexion I like the way the English spell it They re so clever about some things Probably smarter generally than we are Although there is supposed to be something We have that they don t don t ask me What it is John Ashbery Tenth Symphony *Something We Have That They Don't* presents a variety of essays on the relationship between British and American poetry since 1925 The essays collected here all explore some aspect of the rich and complex history of Anglo American poetic relations of the last seventy years Since the dawn of Modernism poets either side of the Atlantic have frequently inspired each other s developments from Frost s galvanizing advice to Edward Thomas to rearrange his prose as verse to Eliot s and Auden s enormous influence on the poetry of their adopted nations whichever Auden is Eliot once replied when asked if he were a British or an American poet I suppose I must be the other from the impact of Charles Olson and other Black Mountain poets on J H Prynne and the Cambridge School to

the widespread influence of Frank O'Hara and Robert Lowell on a diverse range of contemporary British poets Clark and Ford's study aims to chart some of the currents of these ever-shifting relations Poets discussed in these essays include John Ashbery W.H. Auden Elizabeth Bishop T.S. Eliot Mark Ford Robert Graves Thom Gunn Lee Harwood Geoffrey Hill Michael Hofmann Susan Howe Robert Lowell and W.B. Yeats Poetry and sovereignty Philip Larkin remarked in an interview of 1982 are very primitive things these essays consider the ways in which even seemingly very unprimitive poetries can be seen as reflecting and engaging with issues of national sovereignty and self-interest and in the process they pose a series of fascinating questions about the national narratives that currently dominate definitions of the British and American poetic traditions This innovative and exciting new collection will be of great interest to students and scholars of British and American poetry and comparative literature

There's a Double Tongue Dirk Delabastita, 2021-11-15 The pun is as old as Babel and inveterate punsters like Shakespeare clearly never lacked translators This book critically examines the evergreen cliché that wordplay defies translation replacing it by a theory and a case study that aim to come to grips with the reality of wordplay and its translation What are the possible modes of wordplay translation What are the various sometimes conflicting constraints prompting translators in certain situations to go for one strategy rather than another Ample illustration is provided from Hamlet and other Shakespearean texts and several Dutch French and German renderings The study exemplifies how theory can usefully be integrated into a description-oriented approach to translation Much of the argument also rests on the definition of wordplay as an open-ended and historically variable category The book's concerns range from the linguistic and textual properties of Shakespeare's punning and its translation to matters of historical poetics and ideology Its straightforward approach shows that discourse about wordplay doesn't need to rely on stylistic bravura or abstract speculation The book is concluded by an anthology of the puns in Hamlet including a brief semantic analysis of each and a generous selection of diverse translations
