Religion In The Age Of Aquarius:

Religion in the Age of Aquarius John Charles Cooper, 1971 A perspective observer of American culture Dr Cooper writes to make the world of the occult better known to people live outside it and better understood to those within He takes a look at such cults as those surrounding Bishop Pike Charles Manson and the movie Rosemary's Baby and draws an intriguing connection between politics and mysticism between sex and witchcraft between escapism and involvement Astrology LSD and sciences represent more than passing fads says Dr Cooper Widespread enthusiasm for the occult and drugs is symptomatic of an anxiety in this time of radical world transition and indicative of search for identity and meaning IN spite of Black Masses and cults of Satan which Dr Cooper regards as destructive psychotic forces in modern life he sees a significance in today's movement that transcends that of the scientific technological revolution Concluding that organized religion is failing to meet the basic needs of many people Dr Cooper projects a revival of mystery in the religion of the future Whether you practice occultism read horoscopes occasionally or scoff at superstition this book will expand your awareness of the complexity of the religion emerging in the Age of Aquarius Publisher **The Jesus People** Ronald M. Enroth, Edward E. Ericson (jr.), C. Breckinridge Peters, 1972 **Insights for the Age of Aquarius** Gina Cerminara, 1976 General semantics reveals ambiguities in the Bible **Astrology and Popular Religion in the Modern West** Nicholas Campion, 2016-04-15 This book explores an area of contemporary religion spirituality and popular culture which has not so far been investigated in depth the phenomenon of astrology in the modern west Locating modern astrology historically and sociologically in its religious New Age and millenarian contexts Nicholas Campion considers astrology's relation to modernity and draws on extensive fieldwork and interviews with leading modern astrologers to present an invaluable contribution to our understanding of the origins and nature of New Age ideology This book challenges the notion that astrology is either marginal or a feature of postmodernism Concluding that astrology is more popular than the usual figures suggest Campion argues that modern astrology is largely shaped by New Age thought influenced by the European Millenarian tradition that it can be seen as an heir to classical Gnosticism and is part of the vernacular religion of the modern west *Myopic Me! Freedom from Religion* John D Lane Jr, 2023-07-12 When nine of us prayed at Holden Beach we thanked God though we had been the victims of the Shepherding Religion But Jesus's proactive trip into the Wilderness had confronted an estimated forty two hundred religions according to current estimates Jesus's bedrock actions combined with His confrontation of Legion spelled the doom for religion's strongholds Post Holden Beach my wife's dream revealed that T Jacks come to snap at the ankles of every irreligious person who nevertheless has formulated their own religion They we become ensnared in the sweaty religion of Myopic Me Paul says that Myopic Me perfectly describes the crooked generation's love of self and money contemptuous of Law acting with cruelty disobedient to parents boastful and loving pleasure while scoffing at God Paul tells us that religion comes to everyone who demotes Christ's finished work Thus my five books address these battlefields for the

Experimentation in American Religion Robert Wuthnow, 2023-11-15 Experimentation in American Religion The New Mysticism and Their Implications for the Churches explores the emergence of new religious movements in America particularly those outside the traditional Judeo Christian framework Wuthnow examines these movements in the context of the societal shifts during the 20th century focusing on why they gained popularity especially among groups that traditional religions had struggled to engage such as college students young people and the educated These new religions often draw from Eastern spiritual practices the occult and humanistic ideals challenging the dominance of conventional Western religious traditions The book uses a sociological approach relying on random sample surveys to analyze patterns in religious commitment focusing on social factors such as education age and background Although the study acknowledges the limitations of sociological data in fully capturing the nuances of religious belief it aims to provide insight into the social context of these new religious movements and why certain individuals are attracted to them The author avoids adhering to any single sociological theory recognizing that different types of new religious movements such as yoga astrology and psychic phenomena require distinct explanations This work is part of a larger project to understand the changing religious landscape in America building on the research conducted by Wuthnow and others at the Survey Research Center This title is part of UC Press's Voices Revived program which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1978 *The Dawning of the Golden Age of Aquarius* Albert Amai Ph. D., 2012 We are at the threshold

of a transitional period from the Age of Pisces to the Age of Aquarius What should we expect from this coming New Era What are its signs What is the fate of human spirituality What will the new concepts of God and of religion be This book attempts to answer these questions based on well researched sources complemented and endorsed by cosmology archeology psychology religion Near East studies and mythology among other scientific disciplines The book also intends to clarify the confusion created by some Protestant religious leaders and sensationalistic writers who have misinterpreted the signs of the transitional period as the end of the world The truth is that we are witnessing a shift of ages that is the slow evolution from the Piscean Era to the commencing of a new worldwide social order a new chapter in human history called the Aquarian dispensation The huge conspiracy propounded by false prophets and some New Age writers whether overtly or covertly feeds the fear and anxiety of ordinary people with unfounded apocalyptic propaganda This book attempts to give the reader an accurate perspective regarding the planetary transformations that are taking place it offers hope and inspiration as we approach the Golden Age

The Age of Aquarius Robin Sacredfire, 2016-11-04 All secret societies know that the world is currently crossing between realities in which energy will certainly manifest in a new and completely different form forcing us to rethink our values and priorities in life As we move from the Age of Pisces to the Age of Aquarius many questions come to mind What should we expect What can we do about it How can we be ready What is the fate of human spirituality What will be the new religion And how can we fit ourselves within such new order of things This book promises to answer these questions and many more based on an extended research of sources emerging from different religions and political views From one side of the

spectrum you will see how gnosticism and societies with very peculiar beliefs such as Rosicrucianism Freemasonry and Scientology are perfectly capable of explaining this new phenomena with accuracy and even though we don't necessarily need to address any of them to focus our attention on the main current of thought shared or others with a similar background. From another side we can easily analyze what prominent anarchists have been trying to show us regarding the possibilities for democracy when extended to its limits the individual gifted with full responsibility for his own fate. And all this surely can also be compartmented inside what astrology have always knew since its creation since Man started using it to predict the future. With such variety of principles and values in mind this book merges the core observations into easily applicable psychological reasons associated with our spirituality and natural predisposition for beauty and love. The commencing of a new worldwide social order a new chapter in human history called the Aquarian dispensation will lead us to challenges that are unavoidable both in a personal as well as social and global scale. But ultimately it will show you the prospect of an approaching Golden Age of abundance and far much more happiness along with more magic innovation and creativity. We are now at the precipice of a new age of spiritual awakening promising mighty accomplishments in the arts and sciences while penetrating the minds of many with unique and uplifting ideas that benefit us all as one in health wealth wisdom and relationships.

Sociology of Religion for Generations X and Y Adam Possamai, 2016-04-08. Generations X and Y are plugged into the contemporary world of consumption popular culture and the internet. These generations treat knowledge and belief as a more flexible concept often focusing on the practical rather than the theoretical and often drawing on conflicting sources in both popular and cyber culture. Their approach to religious belief and practice requires a new way of studying the sociology of religion. Sociology of Religion for Generations X and Y examines key world religions Buddhism Christianity and Islam as well as newer religious groups such as Scientology New Age Witchcraft and online communities such as Jediism and Matrixism. The book covers a range of key concepts secularisation and modernisation re-enchantment the McDonaldisation of society and the easternisation of the west. Each chapter opens with a case study from popular culture or the internet which takes the reader to the heart of the topic being discussed. Employing both classical sociological theory and contemporary critical theory Sociology of Religion for Generations X and Y explains where contemporary religion and spirituality are coming from where they are now and where they are going.

African Origin Found in Religion and Freemasonry Kedar Griffo, Michael Berkley, 2013-02-26 In *African Origin Found in Religion and Freemasonry Part II*, Brother Griffo and Brother Berkley parallel these ancient arts and sciences to religion, everyday life, and the occults. Their in-depth research uncovers how the ancient African practices are concealed behind religious characters and events currently being utilized in several cultural practices. Brother Griffo and Brother Berkley work to reawaken culturally the thinking minds of culturally deprived communities by demonstrating how ancient African arts and sciences can be utilized in modern times without adapting the total lifestyle of ancient Africans. They make a clear distinction between ancient tradition and its use of modern arts and sciences.
