Religion and Society Forum for Interdisciplinary Endeavors and Studies, 1988 **Religion and society** Mary Rosario Battung, 1988 Religion and society Mary Rosario Battung, 1988 **Toward a Theology of Struggle** Eleazar S. Fernandez, 2009-02-01

The Theology of Struggle is a genuinely popular Filipino theology rooted in the history and culture of a people who have endured colonial oppression at the hands of Spain North America and Japan as well as neo colonialism and home grown dictatorship Because Christianity has played a role in assisting the history of oppression in the Philippines a theology of struggle must include a struggle in theology to wrest Christian symbols from the hands of the oppressors and return them to the poor This theology which is otherwise expressed in articles poems art and action receives its first systematic treatment in *Toward a Theology of Struggle* In Part One Fernandez establishes the historical and cultural context out of which the Theology of Struggle has emerged Part Two represents Fernandez's own constructive work in which he shows how a theology of struggle must address the quest for identity and peoplehood In Part Three Fernandez explores the question of theological method outlining the areas of convergence and distinction between the Theology of struggle and other Third World theologies as well as setting forth the distinctive challenge that this theology of the Philippines poses to the authority and dominance of Western theology as a whole Resisting Theologies and the Everyday Wren Radford, 2025-06-26

This powerful volume provides dynamic ways of constructing theologies of resistance and liberation by engaging with the everyday practices of marginalised communities In doing so this collection of theological experts reject abstracted concepts of bodies and taxonomies of race gender sexuality and disability Readers will find this a dynamic book with a variety of approaches that provide ways of constructing theologies of resistance and liberation Experiences of marginalisation have provided a powerful reference point for developing theologies of justice and liberation however theological and political frameworks often reduce the complexity of lived experiences into categories and themes Daily practices of resisting and surviving are frequently considered too fleshy domestic or banal to be of theological meaning Therefore Radford and their coterie of academics draw on understandings of the everyday in feminist womanist Latinx and decolonial theologies as well as in cultural theory This allows critical reflection on how theological approaches can shape alternative relations to self society and the sacred In recognising the lived and felt realities of struggling against oppressive colonial and racialised systems contributors engage with academic and activist debates about the possibilities of remaking social relations and creating other ways of knowing and being From Black theology to disabled activists on social media to queer clergy in South Africa this volume holds together differences in contributors approaches modelling the view that there is not just one form of resistance nor a single approach to constructing theology **Christologies, Cultures, and Religions** , Papers presented at the First Theological Forum of Mindanao 2014 Inter religious and inter cultural perspectives on how we view and understand Christ Contributors Victor Aguilan Herbert T Ale Mariano C Apilado Pascal D Bazzell Lee

Bar,2021-02-23 In *The Spirit Shaped Church* Swarup Bar argues that the church is defined by its relationship with others A relational church depends on the porousness of its borders which means that while a church has its distinctiveness it ought to be open to negotiate relational engagements with the world around it This sort of relationally distinct permeable church is found to be possible through the leading of the Spirit and the work of Christ Such engagement is found to be relevant in a plural religio cultural context and in situations of marginalization in India The *Spirit Shaped Church* reflects an ongoing commitment on the part of Fortress Press to engage the needs of Christian communities around the world The book is aimed at teachers clergy students and anyone with an interest in the lived experience of Christians in India **Walk Together**
