Religion In Primitive Cultures A Study In Ethnophilosophy

Douglas James Davies

Religion In Primitive Cultures A Study In Ethnophilosophy:

Religion in Primitive Cultures Wilhelm Dupré, 2011-10-10 Since its founding by Jacques Waardenburg in 1971 *Religion and Reason* has been a leading forum for contributions on theories, theoretical issues and agendas related to the phenomenon and the study of religion. Topics include among others: category formation, comparison, ethnophilosophy, hermeneutics, methodology, myth, phenomenology, philosophy of science, scientific atheism, structuralism and theories of religion. From time to time the series publishes volumes that map the state of the art and the history of the discipline. **Religion in Primitive Cultures** Wilhelm Dupré, 1975. **The Notion of "religion" in Comparative Research** Ugo Bianchi, 1994. Nel 1990 si tenne a Roma il XVI Congresso del I A H R che ebbe come tema la nozione di religione. Venne particolarmente analizzato l'uso di tale termine da parte degli studiosi di lingua europea nei rapporti con le culture non europee e viceversa. **The Study of Religion and its Meaning** J.E. Barnhart, 2011-11-21. Since its founding by Jacques Waardenburg in 1971 *Religion and Reason* has been a leading forum for contributions on theories, theoretical issues and agendas related to the phenomenon and the study of religion. Topics include among others: category formation, comparison, ethnophilosophy, hermeneutics, methodology, myth, phenomenology, philosophy of science, scientific atheism, structuralism and theories of religion. From time to time the series publishes volumes that map the state of the art and the history of the discipline. **Science of Religion. Studies in Methodology** Lauri Honko, 2011-12-07. Since its founding by Jacques Waardenburg in 1971 *Religion and Reason* has been a leading forum for contributions on theories, theoretical issues and agendas related to the phenomenon and the study of religion. Topics include among others: category formation, comparison, ethnophilosophy, hermeneutics, methodology, myth, phenomenology, philosophy of science, scientific atheism, structuralism and theories of religion. From time to time the series publishes volumes that map the state of the art and the history of the discipline. **Also a History of Philosophy, Volume 1** Jürgen Habermas, 2023-08-23. This is the first volume of a ground-breaking new work by Jürgen Habermas on the history of philosophy. In this major new work Habermas sets out the ideas that inform his systematic account of the history of Western philosophy as a genealogy of post-metaphysical thinking. His account goes far beyond a vindication of the enduring relevance of philosophical reflection founded on communicative reason as a source of orientation in the modern world. He contrasts this conception with prominent diagnoses of the supposed crisis of Enlightenment reason and culture that seeks redemption in the affirmation of traditional religious authority. Schmitt: the timeless validity of Greek metaphysics. Strauss: a numinous conception of nature. Levinas: an occurrence of being that speaks to us from beyond the mists of pre-Socratic thought. Heidegger: Habermas situates Western philosophy in relation to traditions of thought founded in the major worldviews: Judaism, Buddhism, Confucianism and Taoism that continue to shape contemporary culture and civilization. At the same time he lays the groundwork for his analysis in the later volumes of the constitutive role played by the discourse on faith and knowledge in the development of Western philosophy which is the result of the unique symbiosis that Christianity

entered into with Greek thought with the Christianization of the Roman Empire Far from raising claims to exclusivity completeness or closure Habermas s history of philosophy published in English in three volumes opens up new lines of research and reflection that will influence the humanities and social sciences for decades to come **A Primal Perspective on the Philosophy of Religion** Arvind Sharma,2006-09-09 What am I trying to accomplish through the exercise which I have undertaken namely to examine the philosophy of religion in the light of primal religions If to choose someone else s expression to characterize one s own intellectual endeavour is an indication of one s own lack of imagination then I must plead guilty to that charge but not to that of lack of gratitude for I have to thank Robin Horton for describing better than I can what I have attempted in the book It is an exercise in what he calls translational understanding I quote him now By translational understanding I mean the kind of understanding of a particular thought system that results from the successful translation of the language and conceptual system that embody it into terms of a language and conceptual system that currently enjoy world status In talking of translation of course I am not just talking of the provision of dictionary equivalents for individual words or sentences I am talking about finding a world language equivalent for a whole realm of discourse and of showing in world language terms what the point of that realm of discourse is in the life of the people who use it Translation in this broader sense can be very arduous There may be no realm of discourse in the world language that exactly fits the bill We may have to bend and refashion existing realms and even redefine their guiding intentions *Meaning and Salvation in Religious Studies* Douglas James Davies,1984 Revision of thesis doctoral Nottingham University

Mythography William G. Doty,2000-03-21 Presenting major myth theorists from antiquity to the present this work offers a cross disciplinary approach to the study of myth Rewritten and restructured it reflects the increased interest in myth among both scholars and general readers since the publication of the first edition **Listening to the Logos** Christopher Lyle Johnstone,2012-07-23 An exploration of the role of language arts in forming and expressing wisdom from Homer to Aristotle In *Listening to the Logos* Christopher Lyle Johnstone provides an unprecedented comprehensive account of the relationship between speech and wisdom across almost four centuries of evolving ancient Greek thought and teachings from the mythopoetic tradition of Homer and Hesiod to Aristotle s treatises Johnstone grounds his study in the cultural conceptual and linguistic milieu of archaic and classical Greece which nurtured new ways of thinking about and investigating the world He focuses on accounts of logos and wisdom in the surviving writings and teachings of Homer and Hesiod the Presocratics the Sophists and Socrates Isocrates and Plato and Aristotle Specifically Johnstone highlights the importance of language arts in both speculative inquiry and practical judgment a nexus that presages connections between philosophy and rhetoric that persist still His study investigates concepts and concerns key to the speaker s art from the outset wisdom truth knowledge belief prudence justice and reason From these investigations certain points of coherence emerge about the nature of wisdom that wisdom includes knowledge of eternal principles both divine and natural that it embraces practical moral knowledge

that it centers on apprehending and applying a cosmic principle of proportion and balance that it allows its possessor to forecast the future and that the oral use of language figures centrally in obtaining and practicing it Johnstone s interdisciplinary account ably demonstrates that in the ancient world it was both the content and form of speech that most directly inspired awakened and deepened the insights comprehended under the notion of wisdom **Engaging Eriugena, Eckhart and Cusanus** Donald F. Duclow,2023-09-27 Engaging Eriugena Eckhart and Cusanus contains two new essays and nine others published between 2005 and 2019 The essays explore Eriugena Eckhart and Cusanus as bold thinkers deeply engaged with their times and culture John Scottus Eriugena Meister Eckhart and Nicholas of Cusa are key figures in the medieval Christian Neoplatonic tradition This book focuses on their engagement with practical experiential issues and controversies Eriugena revises Genesis Adam and Eve narrative and makes sexual difference and overcoming it central to his Periphyseon Eckhart s Annunciation sermons urge his hearers to give birth to God s son within their lives and he develops a distinctive approach to pain and suffering His radical preaching on the Eucharist and mystical union was judged heretical but was later taken up by Nicholas of Cusa Coins and banking became key symbols in Cusanus exploration of humanity as created in God s image and he used mechanical clocks in reflecting on time and eternity Engagement also describes these thinkers reception of their predecessors and how later readers appropriated their works Eriugena struggled with the legacy of Augustine and the Greek Fathers Eckhart s theology of suffering provoked varied responses from his students Henry Suso Johannes Tauler and the twentieth century therapist Ursula Fleming Cusanus provides the volume s lynchpin as two articles analyse his reading of Eriugena and Eckhart and a third discusses how he deftly countered Johannes Wenck s accusations of heresy The book will be of interest to students of Medieval Philosophy Theology Spirituality and their place within Cultural History **Creating Communities** Nourit Melcer-Padon,2018-05-15 How does historical reality interrelate with fiction And how much are readers themselves involved in the workings of fictional literature With innovative interpretations of various well known texts Nourit Melcer Padon introduces the use of literary masks and illustrates literature s engagement of its readers ethical judgement She promotes a new perception of literary theory and of connections between thinkers such as Iser Castoriadis Sartre Jung and Neumann The book offers a unique view on the role of the community in post existentialist modern cultural reality by emphasizing the importance of ritual practices in literature as a cultural manifestation **Avatar and Nature Spirituality** Bron Taylor,2013-08-14 Avatar and Nature Spirituality explores the cultural and religious significance of James Cameron s film Avatar 2010 one of the most commercially successful motion pictures of all time Its success was due in no small measure to the beauty of the Pandora landscape and the dramatic heart wrenching plight of its nature venerating inhabitants To some audience members the film was inspirational leading them to express affinity with the film s message of ecological interdependence and animistic spirituality Some were moved to support the efforts of indigenous peoples who were metaphorically and sympathetically depicted in the film to protect their cultures and environments To

others the film was politically ethically or spiritually dangerous Indeed the global reception to the film was intense contested and often confusing To illuminate the film and its reception this book draws on an interdisciplinary team of scholars experts in indigenous traditions religious studies anthropology literature and film and post colonial studies Readers will learn about the cultural and religious trends that gave rise to the film and the reasons these trends are feared resisted and criticized enabling them to wrestle with their own views not only about the film but about the controversy surrounding it Like the film itself Avatar and Nature Spirituality provides an opportunity for considering afresh the ongoing struggle to determine how we should live on our home planet and what sorts of political economic and spiritual values and practices would best guide us

The Pragmatics of Defining Religion Jan G. Platvoet, Arie Leendert Molendijk, 1999 The Pragmatics of Defining Religion is a multidisciplinary volume on the problem of the definition of religion with chapters on the polemics of defining religion in modern contexts the history of the concept of religion the methodology of its definition it includes several definition proposals The Great Shift James L. Kugel, 2017-09-12 The renowned author of How to Read the Bible reveals how a pivotal transformation in spiritual experience during the biblical era made us who we are today A great mystery lies at the heart of the Bible Early on people seem to live in a world entirely foreign to our own God appears to Abraham and Sarah Jacob and others God buttonholes Moses and Isaiah and Jeremiah and tells them what to say Then comes the Great Shift and Israelites stop seeing God or hearing the divine voice Instead later Israelites are in search of God reaching out to a distant omniscient deity in prayers as people have done ever since What brought about this change The answers come from ancient texts archaeology and anthropology and even modern neuroscience They concern the origins of the modern sense of self and the birth of a worldview that has been ours ever since James Kugel whose strong religious faith shines through his scientific reckoning with the Bible and the ancient world has written a masterwork that will be of interest to believers and nonbelievers alike a profound meditation on encountering God then and now Fascinating The New York Times Book Review Biblical exegesis at its best a brilliant and sensitive reading of ancient texts all with an eye to making them meaningful to our time by making sense of what they meant in their own Kirkus Reviews starred review A magnificent job of bringing important ideas from the academy to a broad readership Kugel gives readers a sense of history s convoluted texture its ironies and thus its beauty The Jewish Review of Books Systematic Theology Wolfhart Pannenberg, 2004-11-11 In Pannenberg s seminal work the Christian doctrine of God is discussed using exegetical analysis across a number of disciplines Truth the nature of revelation the language used to discuss God the trinity and theology in the public sphere are topics for debate

Re-ethnicizing the Minds? , 2006-01-01 The predominance and global expansion of homogenizing modes of production consumption and information risks alienating non Western and Western people alike from the intellectual and moral resources embedded in their own distinctive cultural traditions In reaction to the erosion of traditional cultures and civilizations we seem to be witnessing the re emergence of a tendency to re ethnicize the mind through renewed and more or

less systematic cultural revivals worldwide e g hinduization ivoirization sinofication islamicization indigenization etc How do and should philosophers understand and assess the significance and impact of this phenomenon Authors acquainted with the contemporary situation in Africa Asia the Middle East South America and Europe try to answer this question In the final analysis the authors of this original and groundbreaking collection of essays plead for a full critical engagement with one s own particularity while at the same time rejecting any form of cultural national or regional chauvinism They consider various ways in which local and global conceptions as well as practices can and already do judiciously inform and positively fertilize each other At this juncture of history they argue societies and peoples must articulate their self identity by looking critically at their respective cultural resources and beyond them at the same time Ibss: Anthropology: 1975 International Committee for Social Scien,1978-08-24 First published in 1978 Routledge is an imprint of Taylor Francis an informa company

The Spirituality of the Igbo People of Nigeria as an Example of Religious Modernization in a Global World

Henry CHUKWUDI OKEKE,2020-02-18 If there is no religion in the world the world would more or less become a jungle The world will be inhuman Religion touches all aspects of human life Identifying God s will in our world today has become a major problem for many religions of the world In the past in Igbo Traditional Religion human sacrifice as well as the killing of twins were practised For the Igbo traditionalists then that was the will of the deities and equally not against God s will But following the encounter of Igbo Traditional Religion with Christianity these are no longer practised Misinterpretation of God s will by some religions of the world has given rise to religious violence religious extremism fanaticism and terrorism we are experiencing today in the world For these problems to be resolved it is pertinent that the study of various religions be taken seriously This study should be aiming at better understanding co existence respect for one another and frequent inter religious dialogues among the various religions of the world When this is achieved the believers of various religions would realize that many are worshipping one God and their desire is to communicate with Him although they may approach Him differently Western Apache Heritage Richard J. Perry,1991-05-01 Mention Apaches and many Anglo Americans picture the marauding savages of western movies or impoverished reservations beset by a host of social problems But like most stereotypes these images distort the complex history and rich cultural heritage of the Apachean peoples who include the Navajo as well as the Western Chiricahua Mescalero Jicarilla Lipan and Kiowa Apaches In this pioneering study Richard Perry synthesizes the findings of anthropology ethnology linguistics archaeology and ethnohistory to reconstruct the Apachean past and offer a fuller understanding of the forces that have shaped modern Apache culture While scholars generally agree that the Apacheans are part of a larger group of Athapaskan speaking peoples who originated in the western Subarctic there are few archaeological remains to prove when where and why those northern cold dwellers migrated to the hot deserts of the American Southwest Using an innovative method of ethnographic reconstruction however Perry hypothesizes that these nomadic hunters were highly adaptable and used to exploiting the resources of a wide range of

mountainous habitats When changes in their surroundings forced the ancient Apacheans to expand their food quest it was natural for them to migrate down the mountain corridor formed by the Rocky Mountain chain This reconstruction of Apachean history and culture sheds much light on the origins dispersions and relationships of Apache groups Perry is the first researcher to attempt such an extensive reconstruction and his study is the first to deal with the full range of Athapaskan speaking peoples His method will be instructive to students of other cultures who face a similar lack of historical and archaeological data

Whispering the Techniques of Language: An Psychological Journey through **Religion In Primitive Cultures A Study In Ethnophilosophy**

In a digitally-driven earth wherever monitors reign great and instant interaction drowns out the subtleties of language, the profound strategies and emotional subtleties concealed within phrases often get unheard. Yet, set within the pages of **Religion In Primitive Cultures A Study In Ethnophilosophy** a captivating fictional treasure pulsing with fresh feelings, lies an extraordinary journey waiting to be undertaken. Written by an experienced wordsmith, that marvelous opus encourages readers on an introspective trip, gently unraveling the veiled truths and profound influence resonating within ab muscles cloth of each word. Within the mental depths with this emotional review, we will embark upon a honest exploration of the book is key themes, dissect its fascinating publishing model, and yield to the effective resonance it evokes strong within the recesses of readers hearts.

Religion In Primitive Cultures A Study In Ethnophilosophy Introduction

In this digital age, the convenience of accessing information at our fingertips has become a necessity. Whether its research papers, eBooks, or user manuals, PDF files have become the preferred format for sharing and reading documents. However, the cost associated with purchasing PDF files can sometimes be a barrier for many individuals and organizations. Thankfully, there are numerous websites and platforms that allow users to download free PDF files legally. In this article, we will explore some of the best platforms to download free PDFs. One of the most popular platforms to download free PDF files is Project Gutenberg. This online library offers over 60,000 free eBooks that are in the public domain. From classic literature to historical documents, Project Gutenberg provides a wide range of PDF files that can be downloaded and enjoyed on various devices. The website is user-friendly and allows users to search for specific titles or browse through different categories. Another reliable platform for downloading Religion In Primitive Cultures A Study In Ethnophilosophy free PDF files is Open Library. With its vast collection of over 1 million eBooks, Open Library has something for every reader. The website offers a seamless experience by providing options to borrow or download PDF files. Users simply need to create a free account to access this treasure trove of knowledge. Open Library also allows users to contribute by uploading and sharing their own PDF files, making it a collaborative platform for book enthusiasts. For those interested in academic resources, there are websites dedicated to providing free PDFs of research papers and scientific articles. One such website is Academia.edu, which allows researchers and scholars to share their work with a global audience. Users can download PDF files of research papers, theses, and dissertations covering a wide range of subjects. Academia.edu also provides a platform for discussions and networking within the academic community. When it comes to downloading Religion In Primitive Cultures A Study In Ethnophilosophy free PDF files of magazines, brochures, and catalogs, Issuu is a popular choice. This digital publishing platform hosts a vast collection of publications from around the world. Users can search for specific titles or explore various

categories and genres. Issuu offers a seamless reading experience with its user-friendly interface and allows users to download PDF files for offline reading. Apart from dedicated platforms, search engines also play a crucial role in finding free PDF files. Google, for instance, has an advanced search feature that allows users to filter results by file type. By specifying the file type as "PDF," users can find websites that offer free PDF downloads on a specific topic. While downloading Religion In Primitive Cultures A Study In Ethnophilosophy free PDF files is convenient, it's important to note that copyright laws must be respected. Always ensure that the PDF files you download are legally available for free. Many authors and publishers voluntarily provide free PDF versions of their work, but it's essential to be cautious and verify the authenticity of the source before downloading Religion In Primitive Cultures A Study In Ethnophilosophy. In conclusion, the internet offers numerous platforms and websites that allow users to download free PDF files legally. Whether it's classic literature, research papers, or magazines, there is something for everyone. The platforms mentioned in this article, such as Project Gutenberg, Open Library, Academia.edu, and Issuu, provide access to a vast collection of PDF files. However, users should always be cautious and verify the legality of the source before downloading Religion In Primitive Cultures A Study In Ethnophilosophy any PDF files. With these platforms, the world of PDF downloads is just a click away.
