Religions In Christian Theology:

Faith Among Faiths James Lee Fredericks, 1999 In the twenty first century the meaning of non Christian religions for Christian faith will become a central question Are all religions including Christianity responding to the same transcendent truth or are religions fundamentally different In *Faith among Faiths* James Fredericks moves beyond the popular pluralist model of religions and explores the meaning of Christianity in light of non Christian religions By doing theology comparatively Fredericks shows how Christians can look upon religious diversity as an opportunity for enriching their own spiritual quest BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved

Christianity and the Religions Edward Rommen, 1995 The essays in this book take a fresh look at the biblical data and address the contemporary questions raised by religious pluralism The reader will gain a greater understanding of different religions and gain an increased confidence in the majesty and greatness of the one true God **Religions in Christian**

Theology Kalarikkal Poulose Aleaz, 2001 Here Is Presented A Collection Of Papers With The Contention That Christians Will Have To Evolve A More Comprehensive Role For Religions In Christian Theology Than What Has Been Envisaged In The Past

Christianity and World Religions Gavin D'Costa, 2009-03-12 An engaging and accessible introduction to Christianity srelationship with other world religions addressing the questionsof why the reality and vitality of other religions has become a challenge and showing how Christianity is equipped to deal withreligious plurality at both the doctrinal and social level Timely and accessible this book tackles the question of whythe reality and vitality of other religions has become a challenge for Christianity Makes a decisive contribution to debates about the clashbetween Islam and the West arguing that the major threat toreligious freedoms come from secularism and that Islam andChristianity both have the resources to develop a vibrant andpluralist public square one informed by intellectual rigor anddebate Considers the wider issue of how modernity has defined religion and provides a substantial critique ofsecular ways of controlling religions Shows how Christianity is very well suited to deal withreligious plurality at the doctrinal and social level Addresses the core issues and describes the various answersthat have been proposed in recent years making it an idealintroduction to the field and one which will stimulate ideas anddiscussions **The Diversity of Religions** J. A DiNoia, 1992 DiNoia approaches the debate in the theology of religions with a fresh lucid critical and informed mind This book is timely provocative and explores new territories and recasts old debates in a fresh and intelligent manner It will appeal to philosophers theologians indologists and those concerned with the meeting of Christianity and the world religions Gavin D Costa University of Bristol *World Religions* Richard

Viladesau, Mark Stephen Massa, 1994 Appropriate for college theology students or inquiring general readers this anthology presents a concise history of Christian stances on other forms of belief and brief introductions to and excerpts from significant writings of the sacred books of the great world religious traditions **Encountering World Religions** Irving Hexham, 2019-05-21 The diversity of the world s religions has come to the West but believers are often ill equipped for any

kind of serious engagement with non Christians In Encountering World Religions professor and author Irving Hexham introduces all the world s major religious traditions in a brief and understandable way Hexham outlines key beliefs and practices in each religion while also providing guidance on how to think critically about them from the standpoint of Christian theology African yodic and Abrahamic traditions are all covered Accessible and clear Encountering World Religions will provide formal and lay students alike with a useful Christian introduction to the major faiths of our world **The Religions of Authority and the Religion of the Spirit** Auguste Sabatier,1904 **No Other Name?** Paul F. Knitter,1985 The college text examines the problem of integrating other world religions with the uniqueness and finality of Christ Secular approaches of Troeltsch Toynbee Jung as well as Christian evangelical mainline Protestant Catholic models are reviewed An evolving theocentric model which questions the universality uniqueness of Christianity is the revisionist position propounded by the author John Hiek Raimundo Panikkar Stanley Samartha others **Christian and Islamic Theology of Religions** Esra Akay Dag,2017-04-21 Cover Title Copyright Dedication Contents Preface Abbreviations Introduction 1 Christian theology of religions 2 Rowan Williams s theology of religions 3 Islamic theology of religions 4 Jerusha Lamptey s theology of religions 5 Theology of religions reassessed Conclusion Index **A Journey Through Christian Theology** William P. Anderson,2010-05-05 The history of Christian theology can be a daunting even forbidding field for the novice who sees neither the need for nor pertinence of rummaging around dusty old texts This people friendly volume a full scale reader in the history of Christian theology offers an easy non threatening occasionally humorous yet quite thorough entry into Christianity s central texts from the Apostolic Fathers to Mary Daly It is also enlivened by dozens of cartoons by Rich Diesslin Highly accessible introductions to five periods precede brief introductions to and texts from more than fifty key thinkers The texts highlight perennial themes and questions in Christian tradition especially the meaning and importance of Jesus challenges to the institutional church tensions of faith and reason spirituality and the Christian quest for social justice The new edition half again as large as the original adds significant work from the Cappadocian Fathers and the Christological controversialists the Franciscan tradition the Radical and English reforms and deeper coverage of twentieth century theologians With learning aids research paper suggestions and guide and glossary Publisher description **A Tapestry of Faiths** Winfried Corduan,2002 Or do we hold out the Christian faith as the one true hope for all the world **An Introduction to Religious and Theological Studies, Second Edition** Cyril Orji,2021-01-07 An Introduction to Religious and Theological Studies walks students through topical issues to be encountered in the study of the Abrahamic religions Judaism Christianity and Islam as these religions encounter other religions in the context of the wider ecumenism The text is written from a Christian point of view and aims at helping students understand that to be Christian is to be ecumenical African Traditional Religions ATRs has been included in this survey to provide background for the religious traditions and cultures of peoples of Africa as Christianity moves inexorably southward The book has been written with undergraduate

general education students in mind including meeting the needs of those in seminaries and theological institutes

Christianity and Other Religions John Hick, Brian Hebblethwaite, 2001-09 This definitive book considers the way in which Christianity relates to the other world faiths One of a Kind Adam Sparks, 2010-01-01 A fundamental requirement in an inclusivist understanding of the relationship between Christianity and other religions is evidence of God's salvific activity outside any knowledge of Christ This is commonly identified in the religion of Old Testament Israel On this basis an analogy the Israel analogy is drawn between the religion of the old covenant and contemporary non Christian religions Closely related is the parallel argument that as Christ has fulfilled the Old covenant he can also be seen as the fulfillment of other religious traditions and their scriptures This study outlines the use of the Israel analogy and the fulfillment model subjecting these concepts to a biblical and theological critique revealing that the exegetical and patristic data are misconstrued in support of these concepts Furthermore the Israel analogy and the fulfillment model undermine the sui generis relationship between the old and new covenants and fail to respect the organic progressive nature of salvation history They also misconstrue the old covenant and the nature of its fulfillment in the new covenant The Israel analogy and fulfillment model rely on a correspondence between the chronologically premessianic Israel and the epistemologically premessianic other religions and therefore consider the BC condition to continue today In so doing they undermine the significance of the Christ event by failing to appreciate the decisive effect of this event on history and the nature of existence It marks a radical turn in salvation history a crisis point rendering the BC period complete and fulfilled Therefore the concept of a continuing premessianic condition or state is seriously flawed as are the Israel analogy and fulfillment model Thus the inclusivist paradigm reliant in large part on these defective concepts is also problematic and proponents of this paradigm need to reconsider its basis *Theology* David Ford, 2013-10-24 This Very Short Introduction provides both the believer and non believer with a balanced survey of the central questions of theology David Ford's approach draws us in to considering the principles underlying religious belief including the centrality of salvation to most major religions the concept of God in ancient modern and postmodern contexts the challenge posed to theology by prayer and worship and the issue of sin and evil He also probes the nature of experience knowledge and wisdom in theology and discusses what is involved in interpreting theological texts In this new edition Ford considers the contemporary relevance of theology including the effect of globalization and digitized communication examines the theological responses to change and development in science considers the impact of increased engagement between Islam and the West and looks at the development and importance of theology between the different faiths ABOUT THE SERIES The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area These pocket sized books are the perfect way to get ahead in a new subject quickly Our expert authors combine facts analysis perspective new ideas and enthusiasm to make interesting and challenging topics highly readable **Christianity** Donald W. Ekstrand, 2008-04 In this broad comprehensive introduction

to Christianity Dr Ekstrand explores science philosophy Scripture the teachings of Jesus Christ the message of the apostles and the essence of orthodox Christianity as represented by both Catholic and Protestant traditions Christian **Christianity as Distinct Practices** Jan-Olav Henriksen, 2019-01-10 Jan Olav Henriksen reconstructs and analyzes Christianity as a cluster of practices that manifest a distinct historically and contextually shaped mode of being in the world Henriksen suggests that these practices imply a complicated relationship between the tradition in which they originate the community that emerges from and is constituted by that tradition and the individuals who appropriate the tradition that these communities mediate through their practices Thus to think of Christianity simply in terms of belief is misleading and represents an underdetermination of its distinct character Henriksen further argues this relationship needs to be described primarily as practices aimed at orientation and transformation His analysis points to Christianity's similarity to other religions in regard to the functional or pragmatic dimensions it displays Examining facets such as prayer the use of scripture preaching and doctrine Henriksen emphasizes that the element that makes a practice distinctively Christian is how it relates to and is informed by the Jesus story The Mystery Religions and Christianity Samuel Angus, 2013-10 This is a new release of the original 1925 edition **God, Mystery, Diversity** Gordon D. Kaufman, 1996-01-01 In this frank and stimulating book senior theologian Kaufman lays out in brief compass his historicist approach to Christian theology and central Christian mysteries especially as they impinge on today's radically pluralistic religious and cultural scene and the moral challenges presented globally by it
