Religious Ideas In Japanese Phallicism:

Religious Ideas in Japanese Phallicism Genchi Kato, 2005-12-01 This scarce antiquarian book is a facsimile reprint of the original. Due to its age, it may contain imperfections such as marks, notations, marginalia, and flawed pages. Because we believe this work is culturally important, we have made it available as part of our commitment for protecting, preserving, and promoting the world's literature in affordable, high-quality modern editions that are true to the original work. **Japan's Sexual Gods** Stephen Turnbull, 2015-05-19 Japan's Sexual Gods is an authoritative and original work that describes the unique deities represented by sexual objects in certain Japanese shrines and temples. Hundreds of sexual shrines still exist in spite of previous repression and range from the Tagata Shrine with its well-known giant festival phallus to small, obscure places. Many also contain female sexual imagery, and some phalluses act in a protective role. The study is based on observations of over 500 sexual sites, including phallic festivals, many of which are modern inventions created purely for commercial reasons. The study makes an assessment of the place of sexual beliefs in modern Japan and includes almost 300 stunning original photographs, a glossary, and a highly detailed map. *A Study of the Development of Religious Ideas Among the Japanese People as Illustrated by Japanese Phallicism* Genchi Katō, 1924 *Introduction. It is a historical study of Shinto from a scientific point of view, illustrating the higher aspects of the religion, compiled on strict lines of religious comparison. **Legacies of the Comfort Women of World War II** Margaret D. Stetz, Bonnie B. C. Oh, 2015-02-12 The stories of the former comfort women have galvanized both Asian and non-Asian intellectuals working in a variety of fields. Scholars of Asian history and politics, feminists, human rights activists, documentary filmmakers, visual artists, and novelists have begun to address the subject of the comfort system to take up the cause of the surviving comfort women's struggles to call attention to sexual violence against women, especially during wartime, to consider the links among militarism, racism, imperialism, and sexism, and to include this history into 20th-century political history. This volume contains a cross-section of responses to the issues raised by the former comfort women and their new visibility on the international stage. Its focus is on how theorists, historians, researchers, activists, and artists have been preserving, interpreting, and disseminating the legacies of the comfort women and also drawing lessons from these. The essays consider the impact and influence of the comfort women's stories on a wide variety of fields and describe how those stories are now being heard or read and used in Asia and in the West. *Japanese History & Culture from Ancient to Modern Times* John W.
