Reliquary A Collection Of Relics:

The Reliquary Jocelyn Rhys,1930 Relics & Reliquaries Jeffrey Vallance,2008 In the summer of 2007 Grand Central Art Center in Santa Ana California presented an installation constructed in the form of a treasure chamber featuring reliquaries from the life of sardonic artist Jeffrey Vallance This catalog features more than 300 full color images from the exhibition and also includes essays by Jeffrey Vallance *The Reliquary Effect* Cynthia Hahn,2016-11-15 From skeletons to strips of cloth to little pieces of dust reliquaries can be found in many forms and while sometimes they may seem grotesque on their surface they are nonetheless invested with great spiritual and memorial value In this book Cynthia Hahn offers the first full survey in English of the societal value of reliquaries showing how they commemorate religious and historical events and more important inspire awe faith and for many the miraculous Hahn looks deeply into the Christian tradition examining relics and reliquaries throughout history and around the world going from the earliest years of the cult of saints through to the post Reformation response She looks at relic footprints incorrupt bodies the Crown of Thorns the Shroud of Turin and many other renowned relics and she shows how the architectural creation of sacred space and the evocation of the biblical tradition of the temple is central to the reliquary s numinous power She also discusses relics from other traditions especially from Buddhism and Islam and she even looks at how reliquaries figure in contemporary art Fascinatingly illustrated throughout this book is a must read for anyone interested in the enduring power of sacred objects **Passion Relics and the Medieval Imagination** Cynthia Hahn,2020-01-07 Although objects associated with the Passion and suffering of Christ are among the most important and sacred relics venerated by the Catholic Church this is the first study that considers how they were presented to the faithful Cynthia Hahn adopts an accessible informative and holistic approach to the important history of Passion relics first the True Cross and then the collective group of Passion relics examining their display in reliquaries their presentation in church environments their purposeful collection as centerpieces in royal and imperial collections and finally their veneration in pictorial form as Arma Christi Tracing the ways that Passion relics appear and disappear in response to Christian devotion and to historical phenomena ranging from pilgrimage and the Crusades to the promotion of imperial power this groundbreaking investigation presents a compelling picture of a very important aspect of late medieval and early modern devotion *The reliquary; A depository for precious relics-legendary, biographical and historical, Illustrative of the habits, customs and pursuits of our forefathers* Llewellynn Jewitt,1876 Reliquary Tabernacles in Fourteenth-century Italy Beth Williamson,2020 Ground breaking study of the enigmatic and unique tabernacles from fourteenth century Italy which for the first time combined relics and images Images and relics were central tools in the process of devotional practice in medieval Europe The reliquary tabernacles that emerged in the 1340s in the area of Central Italy surrounding the city of Siena combined images and relics presented visibly together within painted and decorated wooden frames In these tabernacles the various media and materials worked together to create a powerful and captivating

ensemble usable in several contexts both in procession and static as the centre of focussed prayerful attention This book looks at Siena and Central Italy as environments of artistic invention and at Sienese painters in particular as experts in experimentation whose ingenuity encouraged the development of this new form of devotional technology It is the first full length study to focus in depth on the materiality of these tabernacles investigating the connotations and effects of the materials from which they were made It examines especially the effect of bringing relics and images together and considers how the impressions of variety and abundance created by the multiplication of materials give birth to meaning and encourage certain kinds of action or thought

The Virtual Liturgy and Ritual Artifacts in Medieval and Early Modern Studies Katharine Scherff, 2023-03-03 Examining the history of altar decorations this study of the visual liturgy grapples with many of the previous theoretical frameworks to reveal the evolution and function of these ritual objects Using an interdisciplinary approach this book uses traditional art historical methodologies and media technology theory to reexamine ritual objects Previous analysis has not considered the in between nature of these objects as deliberate and virtual conduits to the divine The liturgy the altarpiece the altar environment relics and their reliquaries are media In a series of case studies several objects tell a different story about culture and society in medieval Europe In essence they reveal that media and media technologies generate and modulate the individual and collective structure of feelings of sacredness among assemblages of humans and nonhumans The book will be of interest to scholars working in art history medieval studies early modern studies and architectural history

Material Culture and Queenship in 14th-century France Marguerite Keane, 2016-05-18 In Material Culture and Queenship in 14th century France The Testament of Blanche of Navarre 1331 1398 Marguerite Keane considers the object collection of the long lived fourteenth century French queen Blanche of Navarre the wife of Philip VI d 1350 This queen s ownership of works of art books jewelry reliquaries and textiles among others and her perceptions of these objects is well documented because she wrote detailed testaments in 1396 and 1398 in which she described her possessions and who she wished to receive them Keane connects the patronage of Blanche of Navarre to her interest in her status and reputation as a dowager queen as well as bringing to life the material adornment and devotional interests of a medieval queen and her household

Medieval Work, Worship, and Power Abigail P. Dowling, Nancy Ann McLoughlin, Tanya Stabler Miller, 2024-12-20 Medieval Work Worship and Power Persuasive and Silenced Voices celebrates Sharon Farmer s significant contributions to the fields of medieval European social religious gender environmental labor and interfaith history This volume explores and builds on Farmer s influence through 20 chapters organized across five intersecting topics that capture chronologically topically and theoretically the scope and trajectory of Farmer s work These are 1 Saints Power and Piety 2 Gendered Work 3 Gender and Resource Management 4 Women s Agency and Networks and 5 Interfaith Tensions and Encounters At the same time the chapters themselves reflect the ways in which these fields of inquiry are intertwined many drawing inspiration from the multiple themes that Farmer has explored Beyond paying homage to a

dedicated and influential scholar mentor and teacher this volume represents current and future directions in the field of medieval history and how scholars are engaging with unexpected sources and interpreting more familiar sources in new interdisciplinary ways The volume will appeal to medievalists and early modernists interested in how religion gender and status shape human connections to each other and their environment More broadly it will also be of interest to scholars interested in historical methods

Making History with Manuscripts in Medieval and Early Modern Europe Johannes Junge Ruhland, 2025-06-02 This volume interrogates the role of the manuscript medium in conveying history to medieval and early modern readers The contributors adopt a capacious understanding of history to explore history writing in its materiality from a variety of methodological and disciplinary perspectives The core contentions of this book are that the material features of manuscripts helped shaping historical narratives and defining history conceptually and that therefore the makers of these manuscripts played an instrumental role in history writing alongside authors Ranging from the ninth to the sixteenth centuries and comprising materials from across Western Europe in Latin and the vernaculars the ten chapters of this volume uncover stakes and strategies tied to highly specific contexts such as late thirteenth century Corbie or fifteenth century Zurich yet partaking in a shared practice of history writing with manuscripts Manuscript makers made history through layout rewriting illumination compilation choice of script and annotation and conferred history writing its material dimension This volume therefore situates the writing of history in its material dimension and invites us to consider medieval and early modern historiography in its medium

Mobile Saints Kate Craig, 2021-04-21 *Mobile Saints* examines the central medieval ca 950 1150 CE practice of removing saints relics from rural monasteries in order to take them on out and back journeys particularly within northern France and the Low Countries Though the permanent displacements of relics translations have long been understood as politically and culturally significant activities these temporary circulations have received relatively little attention Yet the act of taking a medieval relic from its home even for a short time had the power to transform the object the people it encountered and the landscape it traveled through Using hagiographical and liturgical texts this study reveals both the opportunities and tensions associated with these movements circulating relics extended the power of the saint into the wider world but could also provoke public displays of competition mockery and resistance By contextualizing these effects within the discourses and practices that surrounded traveling relics *Mobile Saints* emphasizes the complexities of the central medieval cult of relics and its participants while speaking to broader questions about the role of movement in negotiating the relationships between sacred objects space and people

Relics of the Christ Joe Nickell, 2007-03-16 Religious relics defined as either portions of or objects connected with the body of a saint or other holy person are among the most revered items in the world Christian relics such as the Holy Grail the True Cross and the Lance of Longinus are also the source of limitless controversy Such items have incited people to bloodshed and some say have been a source of miracles Relics inspire fear and hope among the faithful and yet are a perennial target for skeptics both secular and Christian To

research the authenticity of numerous Christian relics Joe Nickell takes a scientific approach to a field of study all too often tainted by premature conclusions In this volume Nickell investigates such renowned relics as the Shroud of Turin the multiple heads of John the Baptist and the supposedly incorruptible corpses of saints first examining the available evidence and documented history of each item From accounts of true believers to the testimony of the relics alleged fabricators Nickell then presents all sides of each story allowing the evidence to speak for itself For each relic Nickell evaluates both the corroborating and contradictory bodies of evidence and explores whether the relic and attributed miracles can be reconstructed In addition to his own experiments Nickell presents findings from the world's top scientists and historians regarding these controversial objects of reverence and ire explaining the circumstances under which each case was examined Radiocarbon dating and tests to determine the validity of substances such as blood or patina indicate a variety of possible origins Nickell even reveals some of the techniques used to create archaeological forgeries and explains how investigators have exposed them Each relic is a mystery to be solved guided by the maxim extraordinary claims require extraordinary proof Nickell seeks only the truth

The Sainte-Chapelle and the Construction of Sacral Monarchy Meredith Cohen, 2015 This book offers a novel perspective on one of the most important monuments of French Gothic architecture the Sainte Chapelle constructed in Paris by King Louis IX of France between 1239 and 1248 especially to hold and to celebrate Christ's Crown of Thorns Meredith Cohen argues that the chapel's architecture decoration and use conveyed the notion of sacral kingship to its audience in Paris and in greater Europe thereby implicitly elevating the French king to the level of suzerain and establishing an early visual precedent for the political theories of royal sovereignty and French absolutism By setting the chapel within its broader urban and royal contexts this book offers new insight into royal representation and the rise of Paris as a political and cultural capital in the thirteenth century

Strange Beauty Cynthia Jean Hahn, 2012 A study of reliquaries as a form of representation in medieval art Explores how reliquaries stage the importance and meaning of relics using a wide range of artistic means from material and ornament to metaphor and symbolism Provided by publisher

Beyond Pilgrim Souvenirs and Secular Badges Sarah Blick, 2007-07-08 Brian Spencer former Keeper of the Museum of London was a major scholar of medieval popular culture He almost single handedly established the study of pilgrim souvenirs and secular badges He defined what these objects were and ascertained their function manufacture style and iconography with a careful use of primary documents and intricate stylistic analysis He identified every major souvenir and badge discovered in Great Britain during the last few decades He also made prominent contributions to the field of seal matrices gaming pieces and horse paraphernalia What bound all of these interests together was his understanding that the study of these artefacts could shed light on the beliefs and practices of a large number of people This is reflected in the frequency with which his work is cited This volume is a collection of essays written by those who worked with Brian directly and those with whom he corresponded

The Court Art of Friedrich Sustris Susan Maxwell, 2017-07-05 Shedding new light

on the relatively unknown art of the Wittelsbach dukes's sixteenth century court The Court Art of Friedrich Sustris represents the first monograph to focus on this Italian trained Netherlandish artist The volume incorporates original archival material including letters and payment records into the analysis of Sustris's many projects that ranged from large fresco cycles to intimate luxury and devotional objects Duke Wilhelm V of Bavaria transformed Munich into a vital cultural crossroads between northern Europe and Italy As Wilhelm's court artist and artistic director Friedrich Sustris created a unified vision that broadcast Bavarian magnificence to princely courts across Europe Although much of Sustris's work is lost the remaining body of his drawings provides a unique window onto the reception of drawings by early modern elites within the context of their collecting practices

Pilgrimage and England's Cathedrals Dee Dyas, John Jenkins, 2020-08-07 A brilliant breakthrough in pilgrimage studies An exemplary study that shows how to bring together different academic and institutional interests in a common cause understanding the relationship between pilgrimage and English cathedrals over time A publication that will hopefully inspire similar collaborative studies around the globe John Eade Professor of Sociology and Anthropology University of Roehampton UK People who oversee minister lead worship guide welcome manage market promote and maintain cathedrals will find this book an indispensable treasure It is aware of the awesome complexity inherent in cathedral life but it doesn't duck the issues its clear-eyed focus is on the way people experience cathedrals and how these extraordinary holy places can speak and connect with all the diversity represented by the people who come to them In a spiritually hungry age this book shows us how to recognise and meet that hunger This book will be required reading for all us insiders trying to invite and signpost access to holy ground The Very Reverend Adrian Dorber Dean of Lichfield Chair of the Association of English Cathedrals This book looks at England's cathedrals and their relationship with pilgrimage throughout history and in the present day The volume brings together historians social scientists and cathedral practitioners to provide groundbreaking work comprising a historical overview of the topic thematic studies and individual views from prominent clergy discussing how they see pilgrimage as part of the contemporary cathedral experience

Illuminating Metalwork Joseph Salvatore Ackley, Shannon L. Wearing, 2021-12-20 The presence of gold silver and other metals is a hallmark of decorated manuscripts the very characteristic that makes them illuminated Medieval artists often used metal pigment and leaf to depict metal objects both real and imagined such as chalices crosses tableware and even idols the luminosity of these representations contrasted pointedly with the surrounding paints enriching the page and dazzling the viewer To elucidate this key artistic tradition this volume represents the first in depth scholarly assessment of the depiction of precious metal objects in manuscripts and the media used to conjure them From Paris to the Abbasid caliphate and from Ethiopia to Bruges the case studies gathered here forge novel approaches to the materiality and pictoriality of illumination In exploring the semiotic material iconographic and technical dimensions of these manuscripts the authors reveal the canny ways in which painters generated metallic presence on the page Illuminating Metalwork is a landmark contribution to the

study of the medieval book and its visual and embodied reception and is poised to be a staple of research in art history and manuscript studies accessible to undergraduates and specialists alike **The Texture of Images** Livia

Cárdenas,2020-11-16 This study is the first fundamental analysis and synopsis of the printed relic book genre Printed relic books represent both by image and text precious reliquaries which were presented to the faithful audience during special liturgical feasts the display of relics This study brings into focus the specific aesthetics of these relic books and explores the immense influence that patrons had on figuration as well as on the forms of these books The analysis focuses on the interaction of image and text as manifestation of authenticity This book then contributes to clarifying the complex medial role of printing with movable type in its early period and offers a novel interpretation of the cultural significance of artefacts in the Renaissance This book is a translation of *Die Textur des Bildes Das Heiltumsbuch im Kontext religiöser Medialität des Spätmittelalters* De Gruyter 2013 *Reading the Middle Ages, Volume II* Barbara H. Rosenwein,2014-01-01 Spanning the period from c 900 to c 1500 and containing primary source material from the European Byzantine and Islamic worlds Barbara H Rosenwein's *Reading the Middle Ages* Second Edition once again brings the Middle Ages to life Building on the strengths of the first edition this volume contains 24 new readings including 10 translations commissioned especially for this book and a stunning new 10 plate color insert entitled *Containing the Holy* that brings together materials from the Western Byzantine and Islamic religious traditions Ancillary materials including study questions can be found on the History Matters website www.utphistorymatters.com
