Wakes, 2018-12-13 The U N Owen is adrift in interstellar space With no lights no life support no help for ten trillion miles it seems as though things can't get any worse Then they find a body Ten astronauts are woken from suspended animation to deal with a crisis on board their ship Selected from a crew of thousands none of them knows any of the others all they know is that one of their number is a murderer And until they work out who it is none of them can go back to sleep **A Reluctant Icon** James R. Hansen, 2020-05-15 Artfully curated by James R Hansen A Reluctant Icon Letters to Neil Armstrong is a companion volume to Dear Neil Armstrong Letters to the First Man from All Mankind collecting hundreds more letters Armstrong received after first stepping on the moon until his death in 2012 Providing context and commentary Hansen has assembled the letters by the following themes religion and belief anger disappointment and disillusionment quacks conspiracy theorists and ufologists fellow astronauts and the world of flight the corporate world celebrities stars and notables and last messages Taken together both collections provide fascinating insights into the world of an iconic hero who took that first giant leap onto lunar soil willingly and thereby stepped into the public eye with reluctance Space enthusiasts historians and lovers of all things related to flight will not want to miss this book American Book Publishing Record ,1985 **The Negro in Print** ,1967 Some issues include brief book reviews The Cumulative Book Index ,1967 A world list of books in the English language The Book Buyer's Guide ,1967 *Bibliographic Survey: the Negro in Print* ,1967 **Catalog of Copyright Entries. Copyright Office, 1967-07 **Subject Guide to Children's Books in Print** ,1987 **Moondust** Andrew Smith, 2006-04-04 In 1999 Andrew Smith was interviewing Charlie Duke astronaut and moon walker for the Sunday Times During the course of the interview which took place at Duke's Texan home the telephone rang and Charlie left the room to answer it When he returned some twenty minutes later he seemed visibly upset It seemed that he'd just heard that the previous day one of his fellow moon walkers the astronaut Pete Conrad had died The more Charlie spoke the more Andrew realised that his grief was something more than

the mere fact of losing a friend Now theres only nine of us he said Only nine Which meant that one day not long from now there would be none and when that day came no one on earth would have known the giddy thrill of gazing back at us from the surface of the moon The thought shocked Andrew and still does Moondust is his attempt to understand why The Apollo moon programme has been called the last optimistic act of the 20th Century Over a strange three year period between 1969 and 1972 twelve men made the longest and most eccentric of all journeys and all were indelibly marked by it In Moondust Andrew sets out to interview all the remaining astronauts who walked on the moon and to find out how their lives were changed for ever by what had happened Where do you go after you ve been to the moon In addition to this question that would prove hugely troubling to many of the returned astronauts they also had to deal with the fantasies of faceless millions at their backs for this was the first truly global media event The walkers would forever be caught between the gravitational pull of the moon and the earth s collective dreaming
