Reluctant Metropolis The Politics Of Urban Growth In Los Angeles:

The Reluctant Metropolis William Fulton, 2001-12-04 A Los Angeles Times Bestseller William Fulton is the Raymond Chandler of Los Angeles real estate Kevin Starr California State Librarian and author of *Material Dreams Los Angeles through the 1920s* A Los Angeles Times Bestseller William Fulton is the Raymond Chandler of Los Angeles real estate Kevin Starr California State Librarian and author of *Material Dreams Los Angeles through the 1920s* In twelve engaging essays William Fulton chronicles the history of urban planning in the Los Angeles metropolitan area tracing the legacy of short sighted political and financial gains that has resulted in a vast urban region on the brink of disaster Looking at such diverse topics as shady real estate speculations the construction of the Los Angeles subway the battle over the future of South Central L A after the 1992 riots and the emergence of Las Vegas as the new Los Angeles Fulton offers a fresh perspective on the city's epic sprawl The only way to reverse the historical trends that have made Los Angeles increasingly unliveable Fulton concludes is to confront the prevailing cocoon citizenship the mind set that prevents the city's inhabitants and leaders from recognizing Los Angeles's patchwork of communities as a single metropolis

Urban Politics Bernard H. Ross, Myron A. Levine, 2015-07-17 This popular text mixes the best classic theory and research on urban politics with the most recent developments in urban and metropolitan affairs Its very balanced and realistic approach helps students to understand the nature of urban politics and the difficulty of finding effective solutions in a suburban and global age The eighth edition provides a comprehensive review and analysis of urban policy under the Obama administration and brand new coverage of sustainable urban development A new chapter on globalization and its impact on cities brings the history of urban development up to date and a focus on the politics of local economic development underscores how questions of economic development have come to dominate the local arena The eighth edition is significantly shorter than previous editions and the entire text has been thoroughly rewritten to engage students Boxed case studies of prominent recent and current urban development efforts provide material for class discussion and concluding material demonstrates the tradeoff between more ideal and more pragmatic urban politics

Power Moves Kyle Shelton, 2018-01-10 Since World War II Houston has become a burgeoning internationally connected metropolis and a sprawling car dependent city In 1950 it possessed only one highway

the Gulf Freeway which ran between Houston and Galveston Today Houston and Harris County have more than 1 200 miles of highways and a third major loop is under construction nearly thirty miles out from the historic core Highways have driven every aspect of Houston's postwar development from the physical layout of the city to the political process that has transformed both the transportation network and the balance of power between governing elites and ordinary citizens *Power Moves* examines debates around the planning construction and use of highway and public transportation systems in Houston Kyle Shelton shows how Houstonians helped shape the city's growth by attending city council meetings writing letters to the highway commission and protesting the destruction of homes to make way for freeways which happened in both affluent and low income neighborhoods He demonstrates that these assertions of what he terms infrastructural citizenship opened up the transportation decision making process to meaningful input from the public and gave many previously marginalized citizens a more powerful voice in civic affairs *Power Moves* also reveals the long lasting results of choosing highway and auto based infrastructure over other transit options and the resulting challenges that Houstonians currently face as they grapple with how best to move forward from the consequences and opportunities created by past choices *The City Reader* Richard T. LeGates, Frederic Stout, 2003 This third edition juxtaposes the very best publications on the city It reflects the latest thinking on globalization information technology and urban theory It is a comprehensive mapping of the terrain of urban studies old and new

Bird versus Bulldozer Audrey Mayer, 2021-03-09 An examination of the struggle to conserve biodiversity in urban regions told through the story of the threatened coastal California gnatcatcher The story of the rare coastal California gnatcatcher is a parable for understanding the larger ongoing struggle to conserve biodiversity in regions confronted with intensifying urban development Because this gnatcatcher depends on vanishing coastal sage scrub in Southern California it has been regarded as a flagship species for biodiversity protection since the early 1990s But the uncertainty of the gnatcatcher's taxonomic classification and whether it can be counted as a listable unit under the Endangered Species Act has provoked contentious debate among activists scientists urban developers and policy makers Synthesizing insights from ecology environmental history public policy analysis and urban planning as she tracks these debates over the course of the past twenty five years Audrey L Mayer presents an ultimately optimistic take on the importance of much neglected regional conservation planning strategies to create sustainable urban landscapes that benefit humans and wildlife alike *A People's Guide to Los Angeles* Laura Pulido, Laura Barraclough, Wendy Cheng, 2012-04-23 This book documents 115 little known sites in Los Angeles where struggles related to race class gender sexuality and the environment have occurred They introduce us to people and events usually ignored by mainstream media and in the process create a fresh history of Los Angeles

Shaping the City Rodolphe El-Khoury, Edwards Robbins, 2015-06-23 Taking on the key issues in urban design *Shaping the City* examines the critical ideas that have driven these themes and debates through a study of particular cities at important periods in their development As well as retaining crucial discussions about cities such as Los Angeles Atlanta

Chicago Detroit Philadelphia and Brasilia at particular moments in their history that exemplified the problems and themes at hand like the mega city the post colonial city and New Urbanism in this new edition the editors have introduced new case studies critical to any study of contemporary urbanism China Dubai Tijuana and the wider issues of informal cities in the Global South The book serves as both a textbook for classes in urban design planning and theory and is also attractive to the increasing interest in urbanism by scholars in other fields Shaping the City provides an essential overview of the range and variety of urbanisms and urban issues that are critical to an understanding of contemporary urbanism The City Joel Kotkin, 2007-12-18 If humankind can be said to have a single greatest creation it would be those places that represent the most eloquent expression of our species's ingenuity beliefs and ideals the city In this authoritative and engagingly written account the acclaimed urbanist and bestselling author examines the evolution of urban life over the millennia and in doing so attempts to answer the age old question What makes a city great Despite their infinite variety all cities essentially serve three purposes spiritual political and economic Kotkin follows the progression of the city from the early religious centers of Mesopotamia the Indus Valley and China to the imperial centers of the Classical era through the rise of the Islamic city and the European commercial capitals ending with today's post industrial suburban metropolis Despite widespread optimistic claims that cities are back in style Kotkin warns that whatever their form cities can thrive only if they remain sacred safe and busy and this is true for both the increasingly urbanized developing world and the often self possessed global cities of the West and East Asia Looking at cities in the twenty first century Kotkin discusses the effects of developments such as shifting demographics and emerging technologies He also considers the effects of terrorism how the religious and cultural struggles of the present pose the greatest challenge to the urban future Truly global in scope The City is a timely narrative that will place Kotkin in the company of Lewis Mumford Jane Jacobs and other preeminent urban scholars **Future City** Stephen Read, Jürgen Rosemann, Job van Eldijk, 2012-10-02 This text focuses on cities as the dominant form of human settlement for the future examining the transformation that is happening in urban conurbations worldwide today The last few decades have seen a rate of change and growth in cities that has never been seen before resulting in giant metropolises with over twenty million inhabitants This book tackles the causes of these changes and looks at how the planning and design of cities can shape the urban future Ed Ruscha's Streets of Los Angeles Andrew Perchuk, Emily Pugh, Zanna Gilbert, 2025-07-01 Through analysis of Ed Ruscha's visionary Streets of Los Angeles Archive this volume provides new understandings of his artistic practice the history of L A and the innovative role of technology in the archive In 1966 Ed Ruscha drove a car rigged with a motorized camera to capture Los Angeles most iconic street Sunset Boulevard He created a time capsule of its famed facades beginning a sixty year long commitment to documenting the changing urban landscape of postwar Los Angeles The Streets of Los Angeles project that comprises these photographs is likely the most comprehensive artistic record of any city with over 900 000 images of major thoroughfares Ruscha's photographs constitute an unparalleled visual chronicle of both

iconic and everyday sites in L A including popular music venues neighborhood restaurants and billboards promoting Hollywood s latest blockbusters In this volume scholars from disciplines such as urban planning cultural geography architecture art history and musicology explore the Streets of Los Angeles Archive as a rich repository for analyzing Ruscha s practice and the city s visual culture Using his photographs and new data visualizations the authors consider what it means to interpret an archive mostly accessible through digital technologies and they demonstrate how histories of art have been indelibly reshaped since the advent of the information age in the 1960s This publication was created using QuireTM a multiformat publishing tool from Getty The free online edition of this open access publication is available at www.getty.edu/publications/ruscha and includes video data visualizations and zoomable illustrations Free PDF and EPUB downloads of the book are also available

Beyond Chinatown Steven P. Erie, Harold David Brackman, 2006 Examines the history of the Metropolitan Water District of Southern California from its obscure 1920s era origins through the Colorado River Aqueduct and State Water Projects to today s daunting mission of drought management water quality environmental stewardship and post 9 11 supply security Simultaneous

Sand Rush Elsa Devienne, 2024 An original approach to the iconic landscape of California the beaches of Los Angeles this book recovers untold stories of presidential jaunts wild spring break celebrations underground gay beaches and engineering feats that enlarged the shores overnight From the creation of a mini Venice on the LA sands in 1905 to Baywatch s David Hasselhoff and Pamela Anderson captivating billions of television viewers worldwide in the 1990s the book offers a comprehensive look at a landscape that is at once natural and artificial but now under threat from climate change and rising sea levels

The Frontier of Leisure Lawrence Culver, 2012-06-07 Tracing the history of Southern California from the late 19th century through the late 20th century this book reveals how this region did much more than just create lavish resorts like Santa Catalina Island and Palm Springs it literally remade American attitudes towards leisure

Straphanger Taras Grescoe, 2012-04-24 Profiles public transportation in New York Moscow Paris Copenhagen Tokyo Bogota Phoenix Portland Vancouver and Philadelphia and highlights the people and ideas that may help undo car centric planning

L.A.'s Titans of Temple Street Tom Sitton, 2023-03-29 This book studies Los Angeles County and its government since World War II A special focus is given to the Titans of Temple Street the five member Board of Supervisors that determines policies and actions for many issues throughout the county especially for residents who do not live in the county s 88 cities It is the largest of all U S counties with a population of more than 10 million more residents than 41 states and an annual budget of more than 44 billion more than all but 19 states It has served as an innovative example of county government since the early 1900s

Charros Laura R. Barraclough, 2019-06-04 In the American imagination no figure is more central to national identity and the nation s origin story than the cowboy Yet the Americans and Europeans who settled the U S West learned virtually everything they knew about ranching from the indigenous and Mexican horsemen who already inhabited the region The charro a skilled elite and landowning horseman was an especially powerful symbol of

Mexican masculinity and nationalism After the 1930s Mexican Americans in cities across the U S West embraced the figure as a way to challenge their segregation exploitation and marginalization from core narratives of American identity In this definitive history Laura R Barraclough shows how Mexican Americans have used the charro in the service of civil rights cultural citizenship and place making Focusing on a range of U S cities Charros traces the evolution of the original cowboy through mixed triumphs and hostile backlashes revealing him to be a crucial agent in the production of U S Mexican and border cultures as well as a guiding force for Mexican American identity and social movements **Newcomer's**

Not So Golden After All Larry N. Gerston,2017-09-25 Quality public education modern highway systems and reasonably priced housing these are just some of the qualities that once made California one of the most desirable places to live Just a few decades later the state finds itself with an education system that is failing its citizens one of the highest unemployment rates in the nation and a quickly evaporating dream of home ownership Illustrating each step of the breakdown that led to its current state of dysfunction Not So Golden After All The Rise and Fall of California provides insight into a system gone amuck It addresses complicated topics in an engaging manner to help the public and leaders alike understand how to make policies that balance expectations with outcomes Key political themes covered include disconnected institutions perpetually unbalanced budgets immigration voter ignorance interest group influence and dysfunctional institutions Investigating the gridlock that has become all too common within the state s legislature the book Demonstrates the impact of the state s inability to generate sufficient revenue particularly for public education and an under trained workforce Highlights the problems created by poor land use planning from suburban sprawl and government waste to inefficient use of agricultural land Examines how interest groups have been able to wrest control of the processes that were

created to keep them in line Identifies the duplication of efforts and other inefficiencies at the state and local levels Author Larry Gerston leaves no stone unturned in his discussion of California s economy position on the Pacific Rim cultural diversity land and water issues and its relationship with the federal government He examines the state s infrastructure natural resources immigration issues education finance healthcare civil rights planning and development security laws political parties and power structures to provide civic leaders and policy makers with the understanding required to restore the sheen to this once glistening paradise The Contra Costa Times discussed Larry Gerston s recent Commonwealth Club lecture in a May 17 2012 article Read an interview with Larry Gerston in The Mercury News
