Remains of Old Latin, Vol. 1 of 3: Ennius and Caecilius (Classic Reprint) E. H. Warmington, 2017-10-20 Excerpt from Remains of Old Latin Vol 1 of 3 Ennius and Caecilius In a good many places the Greek model or source of an old Latin argument is known or deduced in such cases the Greek original has been quoted or referred to at the beginning of the relevant item on the Latin page but not translated Again in some cases the source which quotes a substantial fragment shows how the old Latin poet not only drew upon some older Greek source but also inspired some later Latin poet thus we have fragments of Ennius which imitated Homer and were imitated by Virgil In such cases the passages from the original Greek author from the old Latin poet and from the later Latin poet have been given in full both in text and in translation About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

Remains of Old Latin, Vol. 3 of 4 Eric Herbert Warmington, 2017-11-27 Excerpt from Remains of Old Latin Vol 3 of 4 Newly Edited and Translated Lucilius the Twelve Tables IN the introduction to the first volume of this series of Remains of Old Latin it was stated pp Vii viii that there would be three volumes that of literary remains fragments of poets only would be included and that the third volume would contain Lucilius and old Latin inscriptions But a change in plan has now been made so as to include the Twelve Tables of Roman Law without excluding inscriptions of a readable length down to 80 b c The series therefore contains four volumes instead of three Lucilius and the Twelve Tables being assigned to this volume the third the inscriptions to the fourth Pages vii viii of the introduction to volume I and the title pages of volumes I and II no longer describe the scope of the series accurately This is to be regretted but the change is for the better About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
