house I knew I had to do something That s when I started to read everything I could on the subject of cat training What I discovered completely changed my life For example did you know that when starting to train a cat a couple of things you will want to take in consideration Learn more about your cat have the proper tools to do the training and have lots of patience Setting goals to high for you and your cat at training can get very stressful Make it simple and fun for your cat training then both you and your cat will enjoy the bonding from the training The right tools are also essential when training your cat I show you everything you need to know to train both older cats and kittens including which tools and equipment you need
