Remembering The Phallic Mother Psychoanalysis Modernism And The Fetish:

Remembering the Phallic Mother Marcia Ian, 1993 In a reinterpretation of the history of fetishism as a concept Ian traces the significance of the trope of the phallic mother from early psychoanalytic discourse through Klein Kristeva and Lacan across key works of modernist literature by Wilde Eliot Joyce Lawrence Genet and others and in recent feminist theory gender theory and postmodern critical theory Annotation copyright by Book News Inc Portland OR *Women, Writing, and Fetishism, 1890-1950* Clare L. Taylor, 2003 Clare L Taylor investigates the problematic question of female fetishism within modernist women s writing 1890 1950 Drawing on gender and psychoanalytic theory she re examines the works of Sarah Grand Radclyffe Hall H D Djuna Barnes and Ana s Nin in the context of clinical discourses of sexology and psychoanalysis to present an alternative theory of female fetishism challenging the perspective that denies the existence of the perversion in women *Joyce, Derrida, Lacan and the Trauma of History* Christine van Boheemen, 1999-09-18 In Joyce Derrida Lacan and the Trauma of History Christine van Boheemen Saaf examines the relationship between Joyce s postmodern textuality and the traumatic history of colonialism in Ireland Joyce s influence on Lacanian psychoanalysis and Derrida s philosophy Van Boheemen Saaf suggests ought to be viewed from a postcolonial perspective She situates Joyce s writing as a practice of indirect witnessing to a history that remains unspeakable The loss of a natural relationship to language in Joyce calls for a new ethical dimension in the process of reading The practice of reading becomes an act of empathy to what the text cannot express in words In this way she argues Joyce s work functions as a material location for the inner voice of Irish cultural memory This book engages with a wide range of contemporary critical theory and brings Joyce s work into dialogue with thinkers such as Zizek Adorno Lyotard as well as feminism and postcolonial theory **The Fetish of Theology** Colby Dickinson, 2020-03-26 By delving into the history of the fetish object among both modern and contemporary commentators this book highlights the fetish object s role as a philosophical and religious concept of the highest significance Historically fetishes are implicated in specific struggles for sovereign political and or religious hierarchical power with their interwoven symbols defined as the primary location for transcendence in our world This book defines the political consequences of fetish objects within a western cultural and primarily theological context through a comparative approach of various literatures on fetish objects anthropological to the psychological Marxist to the theological It reconceives of fetishes as a form of resistance to oppressive structures something which motivated Christians themselves historically and shaped our western understanding of the sacraments far more than has been acknowledged Taking up this conversation likewise holds forth the possibility of reconceptualizing how fetish objects and sacramental presences both speak profoundly to our late modern selves High Anxiety Kathleen Perry Long, 2002-03-01 This collection explores the evolution of notions about masculinity during the intense crisis of Renaissance and early modern France Authors of the period reflect the anxieties about masculinity that became more pronounced against the backdrop of major events and innovations of the period the religious

conflict in France the repeated questioning of religious and royal authority the revival of Greek skepticism the discovery of the New World and the rise of clinical medicine These events in turn fueled growing doubt concerning the fixed and hierarchical nature of gender distinction a distinction upon which many felt French culture was dependent for its very survival

Postcolonial Film Rebecca Weaver-Hightower, Peter Hulme, 2014-02-24 Postcolonial Film History Empire Resistance examines films of the later twentieth and early twenty first centuries from postcolonial countries around the globe In the mid twentieth century the political reality of resistance and decolonization lead to the creation of dozens of new states forming a backdrop to films of that period Towards the century s end and at the dawn of the new millennium film continues to form a site for interrogating colonization and decolonization though against a backdrop that is now more neo colonial than colonial and more culturally imperial than imperial This volume explores how individual films emerged from and commented on postcolonial spaces and the building and breaking down of the European empire Each chapter is a case study examining how a particular film from a postcolonial nation emerges from and reflects that nation s unique postcolonial situation This analysis of one nation s struggle with its coloniality allows each essay to investigate just what it means to be postcolonial

Film and Sexual Politics Kylo-Patrick R. Hart, 2009-01-14 Film and Sexual Politics A Critical Reader features a variety of noteworthy critical essays that explore the evolution representation and social construction of sex gender and sexual orientation from the early days of cinema to the early twenty first century This collection investigates the complex relations between film form style and sexual politics past and present as well as the ideological and social ramifications of those relations for the lived realities of individuals in the United States over the course of the twentieth century and beyond Contrary to popular perceptions of films as relatively simplistic forms of entertainment the essays in this collection demonstrate clearly how the act of producing meaning through the use of cinematic verbal and visual signs is far from a simple process with negligible historical consequences This book offers insightful and satisfying reading to established and emerging scholars who explore film history theory and criticism as well as to all readers with a general interest in film history and the effects of cinema on individuals and popular culture The range of films analyzed includes Being John Malkovich Citizen Kane Elizabeth Female Perversions From Here to Eternity Gidget The Incredible Shrinking Man Jackass the Movie The Matrix Maurice My Own Private Idaho Porcile The Road to Ruin and Wilde

Gender Protest and Same-Sex Desire in Antebellum

American Literature David Greven, 2016-04-22 Expanding our understanding of the possibilities and challenges inherent in the expression of same sex desire before the Civil War David Greven identifies a pattern of what he calls gender protest and sexual possibility recurring in antebellum works He suggests that major authors such as Margaret Fuller Edgar Allan Poe

Herman Melville and Nathaniel Hawthorne consciously sought to represent same sex desire in their writings Focusing especially on conceptions of the melancholia of gender identification and shame Greven argues that same sex desire was inextricably enmeshed in scenes of gender role strain as exemplified in the extent to which The Narrative of Arthur Gordon Pym depicts masculine identity adrift and in disarray Greven finds similarly compelling representations of gender protest in Fuller s exploration of the crisis of gendered identity in Summer on the Lakes in Melville s representation of Redburn s experience of gender nonconformity and in Hawthorne s complicated delineation of desire in The Scarlet Letter As Greven shows antebellum authors not only took up the taboo subjects of same sex desire and female sexuality but were adept in their use of a variety of rhetorical means for expressing the inexpressible Queering The Terminator David Greven,2017-06-15

Queering the Terminator Sexuality and Cyborg Cinema considers the sexual politics and queer implications of the Terminator films from the first 1984 film to the 2015 reboot Affecting Fictions Jane F. Thrailkill,2007 Thrailkill offers a new understanding of late nineteenth century American literary realism that draws on neuroscience and cognitive psychology positioning her argument against the emotionless interpretations of the New Critics Beyond Fetishism and Other Excursions in Psychopragmatics NA NA,2022-09-24 Do the meanings of the innumerable fetish signs appearing in recent artworks depend on the senders intentions Is the meaning of postfeminist glamour the celebration of femininity that its practitioners tout to counter ersatz macho posturing To fully examine and clarify these and other issues involving gender postcolonial and artistic otherness this book argues for a more adequate view of performativity than presently available from speech act theory and certain strains of linguistic pragmatics In drawing simultaneously on Charles Sander Peirce s pragmatic analysis of signs Freudian and post Freudian psychoanalytic inquiry and radical feminist thought the concern of Beyond Fetishism is with the ethical and aesthetic import of the psychopragmatics resulting from this intermingling

Monstrous Beings and Media Cultures Jessica Balanzategui,Allison Craven,2025-10-01 Monstrous Beings and Media Cultures examines the monsters and sinister creatures that spawn from folk horror Gothic fiction and from various sectors of media cultures The collection illuminates how folk monsters form across different art and media traditions and interrogates the 21C revitalization of folk as both a cultural formation and aesthetic mode The essays explore how combinations of vernacular and institutional creative processes shape the folkloric and or folkloresque attributes of monstrous beings their popularity and the contexts in which they are received While it focuses on 21C permutations of folk monstrosity the collection is transhistorical in approach featuring chapters that focus on contemporary folk monsters historical antecedents and the pre C21st art and media traditions that shaped enduring monstrous beings The collection also illuminates how folk monsters and folk horror travel across cultures media and time periods and how iconic monsters are tethered to yet repeatedly become unanchored from material and regional contexts **Gender and Sexuality in Star Trek** David Greven,2014-01-10 Studying the Star Trek myth from the original 1960s series to the 2009 franchise reboot film this book challenges frequent

accusations that the Star Trek saga refuses to represent queer sexuality Arguing that Star Trek speaks to queer audiences through subtle yet provocative allegorical narratives the analysis pays close attention to representations of gender race and sexuality to develop an understanding of the franchise's queer sensibility Topics include the 1960s original's deconstruction of the male gaze and the traditional assumptions of male visual mastery constructions of femininity in Star Trek Voyager particularly in the relationship between Captain Janeway and Seven of Nine and the ways in which Star Trek Enterprise's adoption of neoconservative politics may have led to its commercial and aesthetic failure **Picturing Children** Marilyn R. Brown, 2017-07-05

The representation of children in modern European visual culture has often been marginalized by Art History as sentimental and trivial For this reason the subject of childhood in relation to art and its production has largely been ignored Confronting this dismissal this unique collection of essays raises new and unexpected issues about the formation of childhood identity in the nineteenth century and makes a significant contribution to the development of interdisciplinary studies within this area Through a range of stimulating and insightful case studies the book charts the development of the Romantic ideal of childhood starting with Rousseau's Emile and attends to its visual social and psychological transformations during the historical period from which Freud's psychoanalytic theories eventually emerged Foremost scholars such as Anne Higonnet Carol Mavor Susan Casteras and Linda A Pollock uncover the means by which children became an important conduit for prevailing social anxieties and demonstrate that the apparently timeless images of them that proliferated at the time should be understood as complex cultural documents Over 50 illustrations enhance this rich and fascinating volume The Rhetoric of Violence and Sacrifice in Fascist Italy Chiara Ferrari, 2014-01-31

The Italian fascists under Benito Mussolini appropriated many aspects of the country's Catholic religious heritage to exploit the mystique and power of the sacred One concept that the regime deployed as a core strategy was that of sacrifice In this book Chiara Ferrari interrogates how the rhetoric of sacrifice was used by the Italian fascist regime throughout the interwar years to support its totalitarian project and its vision of an all encompassing bond between the people and the state The Rhetoric of Violence and Sacrifice in Fascist Italy focuses on speeches by Benito Mussolini and key literary works by prominent writers Carlo Emilio Gadda and Elio Vittorini Through this investigation Ferrari demonstrates how sacrifice functioned in relation to other elements of fascist rhetoric such as the frequent reiterations of an impending national crisis the need for collaboration among social classes and the forging of social contact between the leader and the people **Encyclopedia of Feminist**
