Aspects of Book Culture in Early Modern

England T.A. Birrell, edited by Jos Blom, 2024-08-01 Thomas Anthony Birrell 1924 2011 was a man of many parts For most of his working life he was Professor of English Literature in the University of Nijmegen The Netherlands where he was famous for his lively humoristic and thought provoking lectures He was the author of some very popular literary surveys in Dutch one of which a history of English literature has had seven editions so far However first and foremost he was a bibliographer and a book historian The present collection contains fifteen of his book historical articles two reviews and one published version of a lecture for the illustrious Association Internationale de Bibliophilie The lecture with a wealth of illustrations about the British Library as the Custodian of the Unique gives one a sense of Birrell's ability to present an audience with a complicated topic in comprehensible but not simplified terms The reviews serve as a statement of principle of how to tackle the subject of English readers and books and the standards that ought to apply The articles demonstrate Tom Birrell's in depth knowledge dedication and scholarship He once said that he felt that he could have talked to the 17th century London booksellers on an equal footing and his work convinces one that they would have enjoyed these conversations **Aspects of Book Culture** was edited by Birrell's former pupil colleague friend and fellow bibliographer Jos Blom

Riewald, 1953 It is thirty two years now since Bohun Lynch wrote his little book entitled Max Beerbohm in Perspective As its
subject was not quite fifty then and at the height of his creative power the book naturally lacked the air of finality that one
usually associates with studies of this kind But even apart from the inevitable limitation imposed by the time of writing
Bohun Lynch's book leaves much to be desired It is an informal sympathetic and well written appreciation of certain selected
aspects of Beerbohm's art rather than a careful and systematic analysis of all the then available facts This is especially
evident from the author's virtual neglect of such topics as Beerbohm's literary ancestry his technique and his place as a critic
and from the scant treatment accorded to his personality and to some of his works Bibliographical documentation about the
writings and caricatures of Sir Max Beerbohm is equally inadequate The first important contribution in this field was made
