Remembering Your Story Leaders Guide:

The Rewritten Life Leader Guide Jessica LaGrone, 2017-04-04 The *Rewritten Life* based on author Jessica LaGrone's popular *Namesake* Bible study is perfect for any small group looking for a powerful and practical biblical study designed for today's busy groups. Six readable chapters explore the transformational power of God through the stories of people in the Bible whose lives and names were changed forever by God. As you meet Abraham and Sarah, Jacob, Naomi, Daniel, Peter, and an unnamed woman, you will discover how God rewrote their stories, giving them new names and identities that were in line with God's call on their lives. In her own dynamic and engaging teaching, LaGrone connects the biblical stories to our own lives, showing us that God wants us to be just as intimately involved in rewriting our stories so that we may become and do all that God has planned for us all for God's glory. The *Leader Guide* contains everything needed to guide a group through the six-week study, including session plans with discussion questions and multiple format options, as well as other leader helps.

The Leader's Guide to Storytelling Stephen Denning, 2005-05-20 In his best-selling book *Squirrel Inc.*, former World Bank executive and master storyteller Stephen Denning used a tale to show why storytelling is a critical skill for leaders. Now in this hands-on guide, Denning explains how you can learn to tell the right story at the right time. Whoever you are in the organization—CEO, middle management, or someone on the front lines—you can lead by using stories to effect change. Filled with myriad examples, *A Leader's Guide to Storytelling* shows how storytelling is one of the few available ways to handle the principal and most difficult challenges of leadership: sparking action, getting people to work together, and leading people into the future. The right kind of story at the right time can make an organization stunningly vulnerable to a new idea.

Ministering to Older Adults Donald Koepke, 2013-10-18 Learn how to focus your ministry's programs and services on the elderly. By 2030, 20% of the people living in the United States will be age 65 or older, with unique spiritual needs that can affect their physical and mental well-being. *Ministering to Older Adults* answers the critical need for a ministry that doesn't center primarily on youth and families in its outreach; instead, it presents a step-by-step guide to developing a ministry for the aged that is focused on the needs and resources of each congregation. This program has been used effectively with nearly 50 congregations, both large and small, to create a focused older adult ministry. No two congregations are alike; the resources, perspectives, and skills of each congregation are different, as are the needs of its members. *Ministering to Older Adults* provides a framework for use by planning groups within communities of any religious tradition. The book presents a process that includes essential questions that allow planning groups to develop answers that fit the needs, cultural history, and structure of their individual congregations. *Ministering to Older Adults* is divided into three sections: The Fundamentals (defining your audience, your mission, and the skills and existing programs that can be brought to the planning process), Programming Possibilities (spiritual needs based on the aging process, continued learning for older adults, opportunities to serve and be served, providing quality pastoral care, and community building), and Putting it All Together (deciding
