Reminiscences Cuban Revolutionary War The Authorized Edition:

Reminiscences of the Cuban Revolutionary War Che Guevara, 2006 Guevara's classic account of the 1956-58 guerilla movement against the Batista dictatorship in Cuba authorised by the Guevara estate and with corrections by Che himself Includes among lively daily history of the war itself feature chapters on Che's first meeting with Fidel in Mexico the mythical moment when a young Ernesto had to choose between a knapsack of medicine and another of ammunition and the heartrending story of the murdered puppy

Reporting the Cuban Revolution Leonard Ray Teel, 2015-12-16 Reporting the Cuban Revolution reveals the untold story of thirteen American journalists in Cuba whose stories about Fidel Castro's revolution changed the way Americans viewed the conflict and altered U.S. foreign policy in Castro's favor Between 1956 and 1959 the thirteen correspondents worked underground in Cuba evading the repressive censorship of Fulgencio Batista's dictatorship in order to report on the rebellion led by Fidel Castro The journalists' stories appeared in major newspapers magazines and national television and radio influencing Congress to abruptly cut off shipments of arms to Batista in 1958 Castro was so appreciative of the journalists' efforts to publicize his rebellion that on his first visit to the United States as premier of Cuba he invited the reporters to a private reception at the Cuban Embassy in Washington where he presented them with engraved gold medals While the medals revealed Castro's perception of the correspondents as like-minded partisans the journalists themselves had no such intentions Some had journeyed to Cuba in pursuit of scoops that could rejuvenate or jump start their careers others sought to promote press freedom in Latin America still others were simply carrying out assignments from their editors Bringing to light the disparate motives and experiences of the thirteen journalists who reported on this crucial period in Cuba's history Reporting the Cuban Revolution is both a masterwork of narrative nonfiction and a deft analysis of the tension between propaganda and objectivity in the work of American foreign correspondents

The Bolivian Diary Ernesto Che Guevara, 2022-06-14 The last diary of revolutionary Che Guevara with entries up until two days before his murder This new edition of Che Guevara's diary of the last year of his life describes Che's efforts to launch a guerrilla insurrection against the military government of Bolivia It was found in his backpack when he was captured by the Bolivian Army in October 1967 This edition includes Fidel Castro's A Necessary Introduction exposing the lies of an earlier pre-emptive edition prepared by the CIA to discredit Che and the Bolivian expedition as well as the Cuban Revolution itself The Bolivian Diary reveals an older more time-tested and health-compromised Che than either the exuberant The Motorcycle Diaries or the mature and implacable Congo Diary There is rich irony here as he recounts the daily challenges faced by his small guerrilla band the pronouncements of the military government and the actions of the large military force attacking them The last entry describes the day before Che's capture two days before his murder

Henken,Miriam Celaya,Dimas Castellanos,2013-10-29 Written by some of the best known independent scholars citizen journalists cyber activists and bloggers living in Cuba today this book presents a critical complete and unbiased overview of contemporary Cuba In this era of ever increasing globalization and communication across national borders Cuba remains an isolated island oddly out of step with the rest of the world And yet Cuba is beginning to evolve via the important if still insufficient changes instituted by Raul Castro who became president in 2008 This book supplies a uniquely independent accurate and critical perspective in order to evaluate these changes in the context of the island s rich and complex history and culture Organized into seven topical chapters that address geography history politics and government economics society culture and contemporary issues readers will gain a broad insightful understanding of one of the most unusual fascinating and often misunderstood nations in the Western Hemisphere *Critical Companion to Toni Morrison* Carmen Gillespie,2007 Toni Morrison winner of the Nobel Prize in Literature in 1993 is perhaps the most important living American author This work examines Morrison s life and writing featuring critical analyses of her work and themes as well as entries on related topics and relevant people places and influences Che Fidel Castro,2006 Castro s own description of the historic political partnership that changed the face of Cuba and Latin America He vividly portrays Che the man the revolutionary and the thinker recounting in detail his last days with Che in Cuba and giving a frank assessment of the Bolivian mission

Contemporary Literature from Northeast India Amit Baishya,2018-10-03 The Northeast Indian borderlands a

cultural crossroads between South Southeast and East Asia constitute an important post colonial exception to the narratives of nation troubling the common perception of India as an ostensibly liberal regime This book is the first to consider the representations of the effects of political terror and survival in contemporary literature from Northeast India Fictions from this polyglot region offer alternative representations that show the post colonial nation state to engage in acts of aggression that parallel colonial regimes The militarization of everyday life and the subsequent growth of cultures of impunity has left a lasting impact on ordinary existence in this border zone Like in the much more widely discussed case of Kashmir the governance of the Northeast region is not characterized so much by the management of life the domain of what Michel Foucault calls biopolitics but rather around the preponderance and distribution of death what the postcolonial critic Achille Mbembe calls necropolitics Not surprisingly along with Mbembe's theorizations the influential works of the Italian philosopher Giorgio Agamben on bare life have provided fruitful pathways to a study of the sovereign politics of death and political terror in this region The author draws upon the conceptual literature on political terror and sovereign power through a reading of Anglophone fictions alongside Assamese fictional narratives all published after 1990 but shifts the onus from the why of violence to the how of lived experience An original study of contemporary survivalist fictions that explores survival under conditions of civil and military threat this book is a valuable contribution to the field of contemporary global literature focusing on cartographies of death and sovereign terror and postcolonial literature
