Communities of Saint Martin Sharon Farmer, 2019-03-15 Sharon Farmer here investigates the ways in which three medieval communities the town of Tours the basilica of Saint Martin there and the abbey of Marmoutier nearby all defined themselves through the cult of Saint Martin She demonstrates how in the early Middle Ages the bishops of Tours used the cult of Martin their fourth-century predecessor to shape an idealized image of Tours as Martin s town As the heirs to Martin s see the bishops projected themselves as the rightful leaders of the community However in the late eleventh century she shows the canons of Saint Martin where the saint s relics resided and the monks of Marmoutier which Martin had founded took control of the cult and produced new legends and rituals to strengthen their corporate interests Since the basilica and the abbey differed in their spiritualities structures and external ties the canons and monks elaborated and manipulated Martin s cult in quite different ways Farmer shows how one saint s cult lent itself to these varying uses and analyzes the strikingly dissimilar Martins that emerged Her skillful inquiry into the relationship between group identity and cultural expression illuminates the degree to which culture is contested territory Farmer s rich blend of social history and hagiography will appeal to a wide range of medievalists cultural anthropologists religious historians and urban historians

A Life of the Great Lord Fairfax, Commander-in-chief of the Army of the Parliament of England Clements R. Markham,1870 *A Life of the Great Lord Fairfax, Commander-in-chief of the Army of the Parliament of England* Sir Clements Robert Markham,1870 Authority, Gender and Emotions in Late Medieval and Early Modern England Susan Broomhall,2015-07-21 This collection explores how situations of authority governance and influence were practised through both gender ideologies and affective performances in medieval and early modern England Authority is inherently relational it must be asserted over someone who allows or is forced to accept this dominance The capacity to exercise authority is therefore a social and cultural act one that is shaped by social identities such as gender and by social practices that include emotions The contributions in this volume exploring case studies of women and men s letter writing political and ecclesiastical governance household rule exercise of law and order and creative agency investigate how gender and emotions shaped the ways different individuals could assert or maintain authority or indeed disrupt or provide alternatives to conventional practices of authority The Life of the Great Lord Fairfax ... With Portrait, Maps, Plans, and Illustrations Sir Clements Robert Markham,1870 The Meadow Mike O'Hare,Elfreda

Pretorius,2009-07-30 Get ready for a consciousness shift The Meadow is the most intriguing mysterious beautiful love story Ive ever had the pleasure of reading I am still amazed that the authors could have brought this masterpiece to life while living an ocean apart The gamut of emotions they dare the reader to experience makes for a wild but thrilling ride The Meadow touched the very core of my being and gave me a whole new perspective on all those who have come and gone in my life the ones that shared beauty with me as well as the ones who caused me pain Susan Nicholas Reiki Master The Meadow is a sensational and captivating account of two peoples lives as they meet again and again over many centuries It weaves a path of wisdom through the ages and awakens our curiosity enriching our lives as we become involved with its wonderful characters Judy Suke Motivational Humorist President Triangle Seminars Professor Sheridan College There is a saying known by those on their path of enlightenment Everything comes at the perfect time in the perfect way The Meadow is exactly the sort of work where if it somehow comes your way it is a timely message and gift from the Universe to assist you in advancing your own spiritual evolution The Meadow is a magical journey for the characters in the story and the reader alike The lessons learned by the protagonists will shine a light on whatever issues a reader may be experiencing The work is serendipity synchronicity and spirituality Veronica Gray Philanthropist Actress Novelist Founder of Eternal Youth Empire *Pan* ,1920 *Heretics and Scholars in the High Middle Ages, 1000-1200* Heinrich Fichtenau,2010-11-01 The struggle over fundamental issues erupted with great fury in the eleventh and twelfth centuries In this book preeminent medievalist Heinrich Fichtenau turns his attention to a new attitude that emerged in Western Europe around the year 1000 This new

attitude was exhibited both in the rise of heresy in the general population and in the self confident rationality of the nascent schools With his characteristic learning and insight Fichtenau shows how these two separate intellectual phenomena contributed to a medieval world that was never quite as uniform as might appear from our modern perspective **The German Gothic Novel in Anglo-German Perspective** Patrick Bridgwater,2013-10-10 The first full length study of the main German contributors to the Gothic canon to each of whom a chapter is devoted The German Gothic Novel in Anglo German Perspective is an original historical and comparative study that goes well beyond the necessary review of the evidence to include much new material many new insights and pieces of analysis and some fundamental changes of perspective The book aims to put the record straight in bibliographical and literary historical terms and to act as a reference guide to facilitate future research so that anyone working on the German Gothic novel or on Anglo German interactions in the field of Gothic will find there references to all the relevant secondary literature The German Gothic Novel in Anglo German Perspective is addressed to Germanists but also to teachers and students of English American and comparative literature for there is at present hardly a hotter subject than Gothic The book s emphasis on the Gothic work of canonical writers should prompt even conservative German Departments to reconsider their attitude to Gothic Being addressed to scholars and students of German German quotations are given in German but English translations are added for the convenience of English and American scholars and students of Gothic who represent another important section of the books target audience Desiree Ntolo,2008-07 **Buddhist Legends** Buddhaghosa,1921 Rabelais Anatole France,1929

A History of Horrors Denis Meikle,2009 This revised and updated edition of A History of Horrors traces the life and spirit of Hammer from its fledgling days in the late 1940s through its successes of the 1950s and 60s to its decline and eventual liquidation in the late 1970s With the exclusive participation of all of the personnel who were key to Hammer s success Denis Meikle paints a vivid and fascinating picture of the rise and fall of a film empire offering new and revealing insights into the truth behind the legend Much has been written about Hammer s films but this is the only book to tell the story of the company itself from the perspective of those who ran it in its heyday and who helped to turn it into a universal byword for terror on the screen **Jewish, Christian, and Muslim Travel Experiences** Susanne Luther,Pieter B. Hartog,Clare E. Wilde,2023-10-04 Travel and pilgrimage have become central research topics in recent years Some archaeologists and historians have applied globalization theories to ancient intercultural connections Classicists have rediscovered travel as a literary topic in Greek and Roman writing Scholars of early Judaism Christianity and Islam have been rethinking long familiar pilgrimage practices in new interdisciplinary contexts This volume contributes to this flourishing field of study in two ways First the focus of its contributions is on experiences of travel Our main question is How did travelers in the ancient world experience and make sense of their journeys real or imaginary and of the places they visited Second by treating Jewish Christian and Islamic experiences together this volume develops a longue dur e perspective on the ways in which travel

experiences across these three traditions resembled each other By focusing on experiences of travel we hope to foster interaction between the study of ancient travel in the humanities and that of broader human experience in the social sciences
