Russia Imagined Art Culture And National Identity 1840 1995:

Russia Imagined Robert Chadwell Williams, 1997 A collection of 18 essays most reprinted covering 30 years of research and writing Williams main focus has been the relationship between the Russians and the west both Europe and the US Some of his topics are western thought and non western nationalism in the Russian soul Bolshevism in the west from Leninist totalitarians to cultural revolutionaries changing directions in Russian Berlin 1922 24 America s lost Russian paintings and the 1904 St Louis Exposition and the Russian Revolution and the end of time No index Annotation copyrighted by Book News Inc Portland OR The Cambridge Companion to Modern Russian Culture Nicholas Rzhevsky, 2012-04-05 A fully updated new edition of this overview of contemporary Russia and the influence of its Soviet past History and Myth in Pictorial Narratives of the Russian 'Patriotic War', 1812-1914 Andrew M. Nedd, 2024-07-08 This book reveals that the visual narrative of the events of the Russian campaign of 1812 was inextricably linked to Russia s search for national identity and helped to form competing definitions of Russianness No pre revolutionary military event was more celebrated in Russian literature and art than the Patriotic War of 1812 during which Napoleon advanced his Grand Arm e into Russia only to retreat months later in defeat as his army faced starvation and capture during the brutal winter The works of art that retold the story of 1812 extolled virtues that were represented as inherently Russian courage resourcefulness and unity Furthermore these values were increasingly contrasted with those of the foreign invader from the west While the emphasis is largely on academic painting this book also explores popular media and memorialization in order to reveal the role that images played in the process of constructing identities in nineteenth century Russia **Russian and East European Books and Manuscripts in the United States** Tanya Chebotarev, Jared S. Ingersoll, 2014-06-03 Gain a better understanding of the past and cultures of Slavic and East European peoples with American archival collections Russian and East European Books and Manuscripts in the United States the first collection of its kind offers perspectives from leading Slavic librarians archivists and historians on the cultural history of Russian and East European exiles and immigrants to North America in the twentieth century Editor Tanya Chebotarev curator of the Bakhmeteff Archive at Columbia University and a group of leading authorities document the concerted effort to preserve Russian and East European written culture outside the bounds of Communist power This book is a vital addition to the collections of archivists librarians historians and graduate students in Russian studies and American immigrations Russian and East European Books and Manuscripts in the United States explores the role of Russian migr s librarians and scholars in the United States in providing a haven for archival collections of Russian literature art and historical manuscripts at the height of panic during the Cold War This essential resource celebrates the efforts made by archivists and librarians in collecting migr materials This book addresses many important related topics such as an introduction to the life and work of Boris Aleksandrovich Bakhmeteff financial contributor to the Archive and the last Russian ambassador to the United States before the Bolsheviks seizure of power the Eurasianist movement its roles and views on

science culture and empire reflections of Russian migr s on Soviet nationality policies during the 1920s and 1930s American collections on immigrants from the Russian Empire the New York Public Library its role in collecting and describing vernacular Slavic and East European language and history materials to a diverse readership Columbia University Libraries Slavic and East European Collections a historical overview of these extraordinarily rich collections of materials from or about the Russian Empire the Soviet Union and the countries and people of Eastern Europe the Hoover Institution s Polish migr collections and the Polish state archives Russian archives online present status and future prospects This book also details recent efforts to repatriate archival collections and libraries abroad and return them to their countries of origin

Disagreements between countries are already emerging and Russian and East European Books and Manuscripts in the United States discusses their implications and the future of America s Slavic archives **Performing Tsarist Russia in**

New York Natalie K. Zelensky, 2019-04-24 An examination of the popular music culture of the post Bolshevik Russian emigration and the impact made by this group on American culture and politics *Performing Tsarist Russia in New York* begins with a rich account of the musical evenings that took place in the Russian migr enclave of Harlem in the 1920s and weaves through the world of Manhattan s Russian restaurants Tin Pan Alley industry Broadway productions 1939 World s Fair Soviet music distributors postwar Russian parish musical life and Cold War radio programming to close with today s Russian ball scene exploring how the idea of Russia Abroad has taken shape through various spheres of music production in New York over the course of a century Engaging in an analysis of musical styles performance practice sheet music cover art the discourses surrounding this music and the sonic somatic and social realms of dance author Natalie K Zelensky demonstrates the central role played by music in shaping and maintaining the Russian migr diaspora over multiple generations as well as the fundamental paradox underlying this process that music s sustaining power in this case rests on its proclivity to foster collective narratives of an idealized prerevolutionary Russia while often evolving stylistically to remain relevant to its makers listeners and dancers By combining archival research with fieldwork and interviews with Russian migr s of various generations and emigration waves Zelensky presents a close historical and ethnographic examination of music s potential as an aesthetic discursive and social space through which diasporans can engage with an idea of a mythologized homeland and in turn the vital role played by music in the organization development and reception of Russia Abroad **A**

History Of Russia Volume 2 Walter G. Moss, 2004-10-01 Moss has significantly revised his text and bibliography in this second edition to reflect new research findings and controversies on numerous subjects He has also brought the history up to date by revising the post Soviet material which now covers events from the end of 1991 up to the present day This new edition retains the features of the successful first edition that have made it a popular choice in universities and colleges throughout the US Canada and around the world *Virginia Woolf s Portraits of Russian Writers* Darya

Protopopova, 2019-02-05 Virginia Woolf always stayed ahead of her time Championing gender equality when women could

not vote publishing authors from Pakistan France Austria and other parts of the world while nationalism in Britain was on the rise and befriending outcasts and social pariahs As such what could have possibly interested her in the works of nineteenth century Russian writers austere and at times misogynistic thinkers preoccupied with peasants priests and paroxysms of the soul This study explains the chronological and cultural paradox of how classic Russian fiction became crucial to Woolf's vision of British modernism We follow Woolf as she begins to learn Russian invents a character for a story by Dostoevsky ponders over Sophia Tolstoy's suicide note and proclaims Chekhov a truly modern writer The book also examines British modernists' fascination with Russian art looking at parallels between Roger Fry's articles on Russian Post Impressionists and Woolf's essays on Chekhov Dostoevsky Tolstoy and Turgenev

Film Architecture and the Transnational Imagination Tim Bergfelder, Sue Harris, Sarah Street, 2007 Summary Film Architecture and the Transnational Imagination presents for the first time a comparative study of European film set design in the late 1920s and 1930s based on a wealth of designers' drawings film stills and archival documents the book offers a new insight into the development and significance of transnational artistic collaboration during this period European cinema from the late 1920s to the late 1930s is famous for its attention to detail in terms of set design and visual effect Focusing on developments in Britain France and Germany Film Architecture and the Transnational Imagination Set Design in 1930s European Cinema provides a comprehensive analysis of the practices styles and function of cinematic production design during this period and its influence on subsequent filmmaking patterns

Publisher description **Food Culture in Russia and Central Asia** Glenn R. McNamara, Asele Surina, 2005-06-30 Russia and the newly independent states of Central Asia are struggling to reassert or create national identities and are receiving fresh attention from the West After decades of oblivion the vast Eurasian continent is once again divulging its intense cultural heritage and foodways to the international community The diversity of food cultures within the former Soviet Union with more than 100 distinct nationalities is overwhelming but this book brilliantly distills the main elements of contemporary cuisine and food related customs for students and foodies Vibrant descriptions of the legacy of the Silk Road the classic foods such as kasha pirogi non flatbread pickles and shashlyk shish kebab the over the top Moscow theme restaurants and meals at the dacha and tea time are just some of the highlights Russia and the newly independent states of Central Asia are struggling to reassert or create national identities and are receiving fresh attention from the West After decades of oblivion the vast Eurasian continent is once again divulging its intense cultural heritage and foodways to the international community The diversity of food cultures within the former Soviet Union with more than 100 distinct nationalities is overwhelming but Food Culture in Russia and Central Asia brilliantly distills the main elements of contemporary cuisine and food related customs for students and foodies Vibrant descriptions of the legacy of the Silk Road the classic foods such as kasha pirogi non flatbread pickles and shashlyk shish kebab the over the top Moscow theme restaurants and meals at the dacha and tea time are just some of the highlights After centuries of contact and conflict among peoples of Eurasia Russian and Central Asian cuisines

and culinary cultures have much in common To understand one the other must be considered as well Russia and Central Asia cuisines share many ingredients dishes and customs This volume strives to emphasize the evolving and multifaceted nature of the food cultures Readers will be able to appreciate the ingredients cooking methods and traditions that make up the Eurasian foodways *Film Architecture and the Transnational Imagination* Tim Bergfelder, Sue Harris, Sarah Street, 2007 Summary *Film Architecture and the Transnational Imagination* presents for the first time a comparative study of European film set design in the late 1920s and 1930s based on a wealth of designers drawings film stills and archival documents the book offers a new insight into the development and significance of trans national artistic collaboration during this period European cinema from the late 1920s to the late 1930s is famous for its attention to detail in terms of set design and visual effect Focusing on developments in Britain France and Germany *Film Architecture and the Transnational Imagination* Set Design in 1930s European Cinema provides a comprehensive analysis of the practices styles and function of cinematic production design during this period and its influence on subsequent filmmaking patterns Publisher description *Russian Society and the Orthodox Church* Zoe Knox, 2004-06-02 *Russian Society and the Orthodox Church* examines the Russian Orthodox Church s social and political role and its relationship to civil society in post Communist Russia It shows how Orthodox prelates clergy and laity have shaped Russians attitudes towards religious and ideological pluralism which in turn have influenced the ways in which Russians understand civil society including those of its features pluralism and freedom of conscience that are essential for a functioning democracy It shows how the official church including the Moscow Patriarchate has impeded the development of civil society while on the other hand the non official church including nonconformist clergy and lay activists has promoted concepts central to civil society **The Ballets Russes and Beyond** Davinia Caddy, 2012-04-26 A fresh perspective on the Ballets Russes focusing on relations between music dance and the cultural politics of belle poque Paris *Imagology* Manfred Beller, Joseph Theodoor Leerssen, 2007 How do national stereotypes emerge To which extent are they determined by historical or ideological circumstances or else by cultural literary or discursive conventions This first inclusive critical compendium on national characterizations and national cultural or ethnic stereotypes contains 120 articles by 73 contributors Its three parts offer 1 a number of in depth survey articles on ethnic and national images in European literatures and cultures over many centuries 2 an encyclopedic survey of the stereotypes and characterizations traditionally ascribed to various ethnicities and nationalities and 3 a conspectus of relevant concepts in various cultural fields and scholarly disciplines The volume as a whole as well as each of the articles has extensive bibliographies for further critical reading *Imagology* is intended both for students and for senior scholars facilitating not only a first acquaintance with the historical development typology and poetics of national stereotypes but also a deepening of our understanding and analytical perspective by interdisciplinary and comparative contextualization and extensive cross referencing **Multicultural Writers from Antiquity to 1945** Alba Amoia, Bettina L. Knapp, 2001-10-30 The final decades

of the 20th century have seen an explosion of interest in multiculturalism But multiculturalism is more than an awareness of the different cultures comprising contemporary societies For centuries people from around the world have come in contact with cultures other than their own and their exposure to multiple cultures has fostered their creativity and ability to make lasting contributions to civilization The effects of multiculturalism are especially apparent in literature since writers tend to be particularly aware of their environments and record their experiences This reference includes alphabetically arranged entries for more than 100 world writers from antiquity to 1945 who were significantly influenced by cultures other than their own Included are entries for major canonical Ancient and Modern writers of the Western and Eastern worlds Each entry is written by an expert contributor and includes a brief biography a discussion of multicultural themes and contexts a summary of the writer's critical reception and primary and secondary bibliographies By illuminating the shaping influence of multiculturalism on these writers the volume points to the lasting value of multiculturalism in the contemporary world

The Origins of the First World War James Joll, Gordon Martel, 2013-11-05 James Joll's study is not simply another narrative retracing the powder trail that was finally ignited at Sarajevo It is an ambitious and wide ranging analysis of the historical forces at work in the Europe of 1914 and the very different ways in which historians have subsequently attempted to understand them The importance of the theme the breadth and sympathy of James Joll's scholarship and the clarity of his exposition have all contributed to the spectacular success of the book since its first appearance in 1984 Revised by Gordon Martel this new 3rd edition accommodates recent research and an expanded further reading section

Into the Cosmos James T. Andrews, Asif A. Siddiqi, 2011-09-25 The launch of the Sputnik satellite in October 1957 changed the course of human history In the span of a few years Soviets sent the first animal into space the first man and the first woman These events were a direct challenge to the United States and the capitalist model that claimed ownership of scientific aspiration and achievement The success of the space program captured the hopes and dreams of nearly every Soviet citizen and became a critical cultural vehicle in the country's emergence from Stalinism and the devastation of World War II It also proved to be an invaluable tool in a worldwide propaganda campaign for socialism a political system that could now seemingly accomplish anything it set its mind to Into the Cosmos shows us the fascinating interplay of Soviet politics science and culture during the Khrushchev era and how the space program became a binding force between these elements The chapters examine the ill fitted use of cosmonauts as propaganda props the manipulation of gender politics after Valentina Tereshkova's flight and the use of public interest in cosmology as a tool for promoting atheism Other chapters explore the dichotomy of promoting the space program while maintaining extreme secrecy over its operations space animals as media darlings the history of Russian space culture and the popularity of space themed memorabilia that celebrated Soviet achievement and planted the seeds of consumerism

The Struggle for the West Christopher Browning, Marko Lehti, 2009-09-29 This book problematises the idea of and debates about a divided West that have emerged since 9 11 and the

controversy over the Iraq War **Communism and Culture** Radu Stern,Vladimir Tismaneanu,2022-05-03 This book is a comprehensive introduction to the relationship between communism understood as an ideological political and social project and culture broadly defined as the field of aesthetic production Communism was a global phenomenon and the global civil war of the 20th century was in more than one respect a cultural war which involved some of the most influential figures of the last century The book highlights and explains the impact of political mythologies in the efforts to transcend the bourgeois legacies and engage in a social cultural and anthropological revolution The authors examine the interplay between utopian goals and cultural practices in fields such as literature visual arts film and humanities in general The Paradox of Musical Vernaculars Marina Ritzarev,2023-10-13 Musical vernaculars are a rare and challenging object of study Their sound can include everything from local folk and popular songs to random foreign hits and fragments of classic repertoire It is an everchanging element eclectic whimsical and resistant to regularity Based on the author s multicultural experience proficiency in Russian and Jewish music history and interest in anthropology this book explores the essential features of vernaculars They can have varying degrees of changeability some are quite stable and exist in closed rural or immigrant communities phylo vernacular while others are dynamic like those of an urbanized population onto vernacular These types of vernacular can turn into one another when communities migrate that is agricultural people move to cities and the townspeople settle on the land Understanding the changes in the vernacular repertoires as something natural this book defends the value of urbanized folk music disputing the traditional view of art music composers of rural folk songs as only authentic and suitable for expressing nationalistic sentiments The book also examines unexpected interconnections between Russian and Jewish music both in their vernacular manifestations and the creative work of Sergei Slonimsky and Dmitry Shostakovich **History of Humanity** UNESCO,2005-12-31 Volume V of the History of Humanity is concerned with the early modern period the sixteenth seventeenth and eighteenth centuries It gives an extensive overview of this crucial stage in the rise of the West as well as examining the development of cultures and societies elsewhere Structure The volume is divided into two main parts The first is thematic discussing the geography chronology and sociology of cultural change in this period The second is regional less theoretical and more empirical it stresses cultural diversity the links between different activities in a given region and the importance of social contexts and local circumstances Each chapter has a bibliography which directs the reader to sources of further information The volume is extensively illustrated with line drawings and plates and is comprehensively indexed
