*Russia in the Age of the Enlightenment* Roger Bartlett, Janet M Hartley, 1990-08-01      **Russia in the Age of Enlightenment** Erich Donnert, 1987-03      **Russia in the Age of the Enlightenment** Roger P. Bartlett, 1990      *War and Enlightenment in Russia* Eugene Miakinkov, 2020-07-09

*War and Enlightenment in Russia* explores how members of the military during the reign of Catherine II reconciled Enlightenment ideas about the equality and moral worth of all humans with the Russian reality based on serfdom a world governed by autocracy absolute respect for authority and subordination to seniority While there is a sizable literature about the impact of the Enlightenment on government economy manners and literature in Russia no analytical framework that outlines its impact on the military exists Eugene Miakinkov's research addresses this gap and challenges the assumption that the military was an unadaptable and vertical institution Using archival sources military manuals essays memoirs and letters the author demonstrates how the Russian militaires philosophes operationalized the Enlightenment by turning thought into reality

**Russia's Turkish Wars** Victor Taki, 2024-03-01

*Russia's Turkish Wars* examines the changing place of the Balkan population in Russian military thought strategic planning and occupation policies It reveals choices made by the tsarist strategists and commanders during the Russian Ottoman wars reflecting a general reconceptualization of the role of the people in modern warfare that took place during the nineteenth century The book explores the tsarist military's engagement with the population of the Balkans in the wake of the French Revolution and the Napoleonic Wars It draws on previously unpublished materials from Russian archives as well as a broad range of published primary sources Victor Taki recounts the discussions among Russian military men and the international relations of the nineteenth century *Russia's Turkish Wars* ultimately provides a new perspective on both military change and Imperial Russia's Balkan entanglements

*Russia's Path toward Enlightenment* Gary M. Hamburg, 2016-06-28 This book focusing on the history of religious and political thinking in early modern Russia demonstrates that Russia s path toward enlightenment began long before Peter the Great s opening to the West Examining a broad range of writings G M Hamburg shows why Russia s enlightenment constituted a precondition for the explosive emergence of nineteenth century writers such as Fedor Dostoyevsky and Vladimir Soloviev

**The Russian Empire 1450-1801** Nancy Shields Kollmann, 2017 Modern Russian identity and historical experience has been largely shaped by Russia s imperial past an empire that was founded in the early modern era and endures in large part today The Russian Empire 1450 1801 surveys how the areas that made up the empire were conquered and how they were governed It considers the Russian empire a Eurasian empire characterized by a politics of difference the rulers and their elites at the center defined the state s needs minimally with control over defense criminal law taxation and mobilization of resources and otherwise tolerated local religions languages cultures elites and institutions The center related to communities and religions vertically according each a modicum of rights and autonomies but didn t allow horizontal connections across nobilities townsmen or other groups potentially with common interests to coalesce Thus the Russian empire was multi ethnic and multi religious Nancy Kollmann gives detailed attention to the major ethnic and religious groups and surveys the government s strategies of governance centralized bureaucracy military reform and a changed judicial system The volume pays particular attention to the dissemination of a supranational ideology of political legitimacy in a variety of media written sources and primarily public ritual painting and particularly architecture Beginning with foundational features such as geography climate demography and geopolitical situation The Russian Empire 1450 1801 explores the empire s primarily agrarian economy serfdom towns and trade as well as the many religious groups primarily Orthodoxy Islam and Buddhism It tracks the emergence of an Imperial nobility and a national self consciousness that was by the end of the eighteenth century distinctly imperial embracing the diversity of the empire s many peoples and cultures

**Language and Metaphors of the Russian Revolution** Lonny Harrison, 2020-12-16 Language and Metaphors of the Russian Revolution Sow the Wind Reap the Storm is a panoramic history of the Russian intelligentsia and an analysis of the language and ideals of the Russian Revolution from its inception over the long nineteenth century through fruition in early

**Soviet society** This volume examines metaphors for revolution in the storm flood and harvest imagery ubiquitous in Russian literary works At the same time it considers the struggle to own the narrative of modernity including Bolshevik weaponization of language and cultural policy that supported the use of terror and social purging This uniquely cross disciplinary study conducts a close reading of texts that use storm flood and agricultural metaphors in diverse ways to represent revolution whether in anticipation and celebration of its ideals or in resistance to the same A spotlight is given to the lives and works of authors who responded to Soviet authoritarianism by reclaiming the narrative of revolution in the name of personal freedom and restoration of humanist values Hinging on the clashes of culture wars and class wars and residing at the intersection of ideas at the very core of the fight for modernity this book provides a critical reading of authoritarian discourse and investigates rare examples of the counter narratives that thrived in spite of their suppression

**Religion and Enlightenment in Catherinian Russia** Elise Kimerling Wirtschafter, 2013-03-15 This valuable study explores the Russian Enlightenment with reference to the religious Enlightenment of the mid to late eighteenth century Grounded in close reading of the sermons and devotional writings of Platon Levshin Court preacher and Metropolitan of Moscow the book examines the blending of European ideas into the teachings of Russian Orthodoxy Highlighting the interplay between Enlightenment thought and Orthodox enlightenment Elise Wirtschafter addresses key questions of concern to religious Enlighteners across Europe humanity's relationship to God and creation the distinction between learning and enlightenment the role of Christian love in authority relationships the meaning of free will in a universe governed by Divine Providence and the unity of church monarchy and civil society Countering scholarship that depicts an Orthodox religious culture under assault from European modernity and Petrine absolutism Wirtschafter emphasizes the ability of Russia's educated churchmen to assimilate and transform Enlightenment ideas The intellectual and spiritual vitality of eighteenth century Orthodoxy helps to explain how Russian policymakers and intellectuals met the challenge of European power while simultaneously coming to terms with the broad cultural appeal of the Enlightenment's universalistic human rights agenda Religion and Enlightenment in Catherinian Russia defines the Russian Enlightenment as a response to the allure of European modernity as an instrument of social control and as the moral voice of an emergent independent society Because Russia's enlightened intellectuals focused on the moral perfectibility of the individual human being rather than social and political change the originality of the Russian Enlightenment has gone unrecognized This study corrects images of a superficial Enlightenment and crisis ridden religious culture arguing that in order to understand the humanistic sensibility and emphasis on individual dignity that permeate Russian intellectual history and the history of the educated classes more broadly it is necessary to bring Orthodox teachings into the discussion of Enlightenment thought The result is a book that explains the distinctive origins of modern Russian culture while also allowing scholars to situate the Russian Enlightenment in European and global history

*The Bentham Brothers and Russia* Roger Bartlett,2022-09-29 The jurist and philosopher Jeremy Bentham and his lesser known brother Samuel equally talented but as a naval architect engineer and inventor had a long love affair with Russia Jeremy hoped to assist Empress Catherine II with her legislative projects Samuel went to St Petersburg to seek his fortune in 1780 and came back with the rank of Brigadier General and the idea famously publicised by Jeremy of the Inspection House or Panopticon The Bentham Brothers and Russia chronicles the brothers later involvement with the Russian Empire when Jeremy focused his legislative hopes on Catherine s grandson Emperor Alexander I ruled 1801 25 and Samuel found a unique opportunity in 1806 to build a Panopticon in St Petersburg the only panoptical building ever built by the Benthams themselves Setting the Benthams projects within an in depth portrayal of the Russian context Roger Bartlett illuminates an important facet of their later careers and offers insight into their world view and way of thought He also contributes towards the history of legal codification in Russia which reached a significant peak in 1830 and towards the demythologising of the Panopticon made notorious by Michel Foucault the St Petersburg building still relatively unknown is described here in detail on the basis of archival sources The Benthams interactions with Russia under Alexander I constituted a remarkable episode in Anglo Russian relations this book fills a significant gap in their history

Strange Parallels: Volume 2, Mainland Mirrors: Europe, Japan, China, South Asia, and the Islands Victor Lieberman,2003 Blending fine grained case studies with overarching theory this book seeks to rethink 1 000 years of Eurasian history

*A History of Russian Thought* William Leatherbarrow,Derek Offord,2010-04-01 The history of ideas has played a central role in Russia s political and social history Understanding its intellectual tradition and the way the intelligentsia have shaped the nation is crucial to understanding the Russia of today This history examines important intellectual and cultural currents the Enlightenment nationalism nihilism and religious revival and key themes conceptions of the West and East the common people and attitudes to capitalism and natural science in Russian intellectual history Concentrating on the Golden Age of Russian thought in the mid nineteenth century the contributors also look back to its

eighteenth century origins in the flowering of culture following the reign of Peter the Great and forward to the continuing vitality of Russia's classical intellectual tradition in the Soviet and post Soviet eras. With brief biographical details of over fifty key thinkers and an extensive bibliography, this book provides a fresh comprehensive overview of Russian intellectual history.

**Catherine the Great and the French Philosophers of the Enlightenment** Inna Gorbato, 2006. This research monograph is the result of many years of archival investigation in Russia, France, and elsewhere into the nature of Catherine the Great's involvement with the French Enlightenment. Professor Gorbato's conclusions go far beyond the consensus of philosophic and cultural interests, masking an authoritarian and at times barbarous emerging European power and delves instead into Catherine's fascination with French political and social ideals. Catherine's thirty-four year reign was marked by a furious wholesale consumption of French arts and objects as well as a lavish patronage of French artists and philosophers. Even Rousseau, the self-proclaimed enemy of monarchs, was seriously studied though detested and debated by Catherine and her circle as the Czarina attempted to reform the educational system. It is this theme of reform and renewal along with Europeanization that provides the great impetus of interest and patronage towards the philosophes and their ideas. Professor Gorbato also shows the effect of Catherine's interest on the higher aristocracy, writers, and emergent professional classes that was to reach an intellectual and political crisis upon the outbreak of the French Revolution, the rise of Napoleon, and her grandson's battles with the Decembrists.

Writing History in Late Imperial Russia Frances Nethercott, 2019-12-26. It is commonly held that a strict divide between literature and history emerged in the 19th century with the latter evolving into a more serious discipline of rigorous science. Yet in turning to works of historical writing during late Imperial Russia, Frances Nethercott reveals how this was not so; rather, she argues, fiction, lyric poetry, and sometimes even the lives of artists consistently and significantly shaped historical enquiry. Grounding its analysis in the works of historians Timofei Granovskii, Vasilii Klyuchevskii, and Ivan Grevs, Writing History in Late Imperial Russia explores how Russian thinkers, being sensitive to the social, cultural, and psychological resonances of creative writing, drew on the literary canon as a valuable resource for understanding the past. The result is a novel and nuanced discussion of the influences of literature on the development of Russian historiography, which shines new light on late Imperial attitudes to historical investigation and considers the legacy of such historical practice on Russia today.
