most coherent overview of woman's role and place in western Europe spanning the era from the beginning of the eighteenth century until the twentieth century. In this collection of essays leading women's historians counter the notion of national histories and provide the insight and perspective of a European approach. Important intellectual, political and economic developments have not respected national boundaries nor has the story of women's past or the interplay of gender and culture. The interaction between women's ideology and female agency, the way women engaged with patriarchal and gendered structures and systems and the way women carved out their identities and spaces within these informs the writing in this book. For any student of women's studies or European history, *The Routledge History of Women in Europe since 1700* will prove an informative addition to their studies.

The Palgrave Handbook of Women and Gender in Twentieth-Century Russia and the Soviet Union Melanie Ilic, 2017-11-30. This handbook brings together recent and emerging research in the broad areas of women and gender studies focusing on pre-revolutionary Russia, the Soviet Union and the post-Soviet Russian Federation. For the Soviet period, in particular, individual chapters extend the geographic coverage of the book beyond Russia itself to examine women and gender relations in the Soviet East, Tatarstan, Central Asia, Kazakhstan, Tajikistan and Uzbekistan and the Baltic States, Estonia, Latvia and Lithuania. Within the boundaries of the Russian Federation, the scope moves beyond the typically studied urban centres of Moscow and St. Petersburg to examine the regions, Krasnodar, Novosibirsk, rural societies and village life. Its chapters examine the construction of gender identities and shifts in gender roles during the twentieth century as well as the changing status and roles of women vis-à-vis men in Soviet political institutions, the workplace and society more generally. This volume draws on a broad range of disciplinary and methodological approaches currently being employed in the academic field of Russian studies. The origins of the individual contributions can be identified in a range of conventional subject disciplines: history, literature, sociology, political science, cultural studies, but the chapters also adopt a cross and inter-disciplinary approach to the topic of study. This handbook therefore builds on and extends the foundations of Russian women's and gender studies as it has emerged and developed in recent decades and demonstrates the international, indeed global, reach of such research.

Teffi Edythe Haber, 2018-10-18. Teffi was one of twentieth-century Russia's most celebrated authors. Born Nadezhda Lokhvitskaya in 1872, she came to be admired by an impressive range of people from Tsar Nicholas II to Lenin, and her popularity was such that sweets and perfume were named after her. She visited Tolstoy when she was 13 to haggle with him about the ending of *War and Peace*, and Rasputin tried and utterly failed to seduce her. After the Bolshevik Revolution of 1917, she was exiled and lived out her days in the lively Russian migrant community of Paris, where she continued writing and enjoying comparable fame until her death in 1952. Teffi's best stories effortlessly shift from light humour and satire to pathos and even tragedy, ever more so when depicting the daunting hardships she and her fellow migrants suffered in exile. While best known for her stories and feuilletons, she also moved over to other genres from serious poetry to theatrical miniatures and even music, and inhabited an extraordinary range of spheres connected to both

high and popular culture In the first biography of her in any language Edythe Haber here brings Teffi who has recently been rediscovered in the West to resounding acclaim to life Teffi's life and works afford a unique panoramic view of the cultural world of early twentieth century Russia from the debauchery of the Silver Age to the terror and euphoria of revolution and of interwar Russian emigration But they also offer fresh insights into the seismic events from the 1905 Russian Revolution and World War II to life as a refugee that she experienced first hand and recreated in her vivid penetrating moving and witty writing

Modernisation in Russia since 1900 Markku Kangaspuro, Jeremy Smith, 2006-12-27 Modernisation has been a constant theme in Russian history at least since Peter the Great launched a series of initiatives aimed at closing the economic technical and cultural gap between Russia and the more advanced countries of Europe All of the leaders of the Soviet Union and post Soviet Russia have been intensely aware of this gap and have pursued a number of strategies some more successful than others in order to modernise the country But it would be wrong to view modernisation as a unilinear process which was the exclusive preserve of the state Modernisation has had profound effects on Russian society and the attitudes of different social groups have been crucial to the success and failure of modernisation This volume examines the broad theme of modernisation in late imperial Soviet and post Soviet Russia both through general overviews of particular topics and specific case studies of modernisation projects and their impact Modernisation is seen not just as an economic policy but as a cultural and social phenomenon reflected through such

diverse themes as ideology welfare education gender relations transport political reform and the Internet The result is the most up to date and comprehensive survey of modernisation in Russia available which highlights both one of the perennial problems and the challenges and prospects for contemporary Russia **Mobilizing Zanzibari Women C.**

Acceleration of History Alexios Alecou, 2016-09-30 We willingly imagine that the speed of development of events has always remained constant here on earth This is reflected in the fact that it is generally believed that the rate of natural phenomena is the same today as it has always been in the past and will remain this way more or less in the future It is now a fact that the speed of progression of events is not constant over time It was ascertained that since around the beginning of the 20th century the rate has accelerated in various fields hence the term acceleration of history came to describe this phenomenon This acceleration continues its course today and will even intensify Examples meeting these historical vaults in short time periods are many either local or international that contributed to the change of the direction of history Under any circumstances though the mature conditions for change are not enough without the human interference This phenomenon has been referred to as the acceleration of history in order to emphasize the fact that if in the past a certain lapse of time was necessary for history to unfold for the events to take place today and starting around the beginning of the 20th century this time lapse was becoming increasingly shorter The events today therefore have intensified much more than in the past So which are considered as the main acceleration periods in history Which events or developments de normalized or deeply reformed the then acceptable norms either national or international Which events or developments changed the hard bits of history These are the questions that we will try to answer in this edited volume
