## **Russian Helmets:**

*Visualizing Russia* Cynthia Hyla Whittaker, 2010-07-14 The Romantic search for a national past was a European preoccupation in the first half of the nineteenth century In Russia this process led to the formation of the Russian style that has to today so captivated the world s imagination While the manifestations of this style are easily recognizable in gleaming gilt vibrant colors onion domes peasant costume and tsarist regalia hardly anyone has realized the pioneering and defining role that Fedor Solntsev 1801 1892 played in the development of a Russian national aesthetic This book rescues Solntsev from obscurity and celebrates his major contributions to the arts archaeology architecture ethnography icon painting restoration work and Russian nationalist ideology as well as place his work in a general European context Contributors include Marc Raeff Wendy Salmond Richard Wortman Anne Odom Irina Bogatskaia Marina Evtushenko Olenka Pevny Irina Reyfman Nathaniel Knight Lauren M O Connell and J Robert Wright *Russian Helmets* Robert W. Clawson, 2002 **The Rise of the Russian Empire** Saki, H. H. Munro, 2023-11-17 In *The Rise of the Russian Empire* readers are presented with an intricate tapestry of historical narratives and literary craftsmanship that echoes the complexities of Russian history Through the compilation of works by Saki H H Munro the anthology traverses a vast landscape of themes from the political intrigue that shaped the empire s foundation to the nuanced cultures that flourished within its borders The collection stands out not only for its historical depth but also for its stylistic diversity offering a blend of satire drama and poignant storytelling that captures the essence of Russian ethos and evolution The contributing voice H H Munro better known by his pen name Saki brings a unique perspective to the anthology His literary prowess and sharp wit inject a dynamic understanding of European geopolitics and cultural shifts reflecting the tumultuous era that saw the rise and expansion of the Russian Empire Munros work is positioned within the broader historical and cultural movements of the early 20th century providing readers with a mosaic of insights into the forces that molded a nation *The Rise of the Russian Empire* promises an immersive journey for readers keen on exploring the interplay of history culture and literature The collection serves as a testament to the power of narrative in shaping our comprehension of the past inviting readers to delve into a multifaceted exploration of Russian heritage It s an essential read for those looking to broaden their perspective on empire dynamics cultural identity and the literary artistry of Saki offering a unique lens through which to appreciate the intricacies of Russian and European intersections *Helmets and Body Armor in Modern Warfare* Bashford Dean, 1920 **Soviet Life** , 1966 *The History of the Russian Empire* Saki, H. H. Munro, 2018-11-02 This eBook edition of *The History of the Russian Empire* has been formatted to the highest digital standards and adjusted for readability on all devices *The Rise of the Russian Empire* is a historical study on Russian history written by Hector H Munro The Book covers the period from the 9th century and the dawn of Russian empire to 17th century and the rise of the Romanov dynasty **Moscow's War in Syria** Seth G. Jones, 2020-08-05 This report examines Russia s military and diplomatic campaign in Syria the largest and most significant

Russian out of area operation since the end of the Cold War Russia's experience in Syria will shape its military thinking influence promotion and personnel decisions impact research and development for its arms industry and expand its influence in the Middle East and beyond for the foreseeable future Yet despite the importance of Russia's involvement in Syria especially as the United States competes with countries such as Russia and China there has been little systematic analysis of Russia's campaign in Syria This research aims to help fill the gap and provides some new analysis and data It conducts a broad assessment of the Russian campaign including political objectives diplomatic initiatives and civilian targeting which places the military campaign in a wider context In addition it compiles a data set of Russia's civilian targeting and analyzes satellite imagery of Russian activity Overall this report concludes that Russia was relatively successful in achieving its main near term political and military objectives in Syria including preventing the collapse of the Assad regime an important regional partner and thwarting a possible U S attempt to overthrow Assad Still Russia used a systematic punishment campaign that involved attacks against civilian and humanitarian infrastructure in an attempt to deny resources including food fuel and medical aid to the opposition while simultaneously eroding the will of civilians to support opposition groups

**The Late Byzantine Army** Mark C. Bartusis, 2015-12-22 The late Byzantine period was a time characterized by both civil strife and foreign invasion framed by two cataclysmic events the fall of Constantinople to the western Europeans in 1204 and again to the Ottoman Turks in 1453 Mark C Bartusis here opens an extraordinary window on the Byzantine Empire during its last centuries by providing the first comprehensive treatment of the dying empire's military Although the Byzantine army was highly visible it was increasingly ineffective in preventing the incursion of western European crusaders into the Aegean the advance of the Ottoman Turks into Europe and the slow decline and eventual fall of the thousand year Byzantine Empire Using all the available Greek western European Slavic and Turkish sources Bartusis describes the evolution of the army both as an institution and as an instrument of imperial policy He considers the army's size organization administration and the varieties of soldiers and he examines Byzantine feudalism and the army's impact on society and the economy In its extensive use of soldier companies composed of foreign mercenaries the Byzantine army had many parallels with those of western Europe in the final analysis Bartusis contends the death of Byzantium was attributable more to a shrinking fiscal base than to any lack of creative military thinking on the part of its leaders

**Composite Solutions for Ballistics** Yasir Nawab, S.M. Sapuan, Khubab Shaker, 2021-08-05 Academic researchers who are working on the development of composite materials for ballistic protection need a deeper understanding on the theory of material behavior during ballistic impact Those working in industry also need to select proper composite constituents to achieve their desired characteristics to make functional products Composite Solutions for Ballistics covers the different aspects of ballistic protection its different levels and the materials and structures used for this purpose The emphasis in the book is on the application and use of composite materials for ballistic protection The chapters provide detailed information on the various types of impact events and the complexity of

materials to respond to those events The characteristics of ballistic composites and modelling and simulation results will enable the reader to better understand impact mechanisms according to the theory of dynamic material behavior A complete description of testing conditions is also given that includes sensors and high speed devices to monitor ballistic events The book includes detailed approaches and schemes that can be implemented in academic research into solutions for ballistic protection in both theoretical and experimental fields to find solutions for existing and next generation threats The book will be an essential reference resource for materials scientists and engineers and academic and industrial researchers working in composite materials and textiles for ballistic protection as well as postgraduate students on materials science textiles and mechanical engineering courses Discusses the fundamentals of impact response mechanisms and related solutions covering advantages and disadvantages for both existing and next generation applications Includes various methods for evaluation of ballistic constituents according to economic and environmental criteria types of green ballistics are considered to enhance sustainable production of applications as well as hybrid composites from natural wastes Discusses selection methodologies for ballistic applications and detailed information on the use of textiles for reinforcement fabrication

**Medieval Russia's Epics, Chronicles, and Tales** Serge A. Zenkovsky,1974-05-01 First published in 1963 this unique and pioneering anthology has

been continuously used as an invaluable text in Russian studies. Containing over sixty selections from the finest of Russia's medieval authors, much of the material published in this anthology has never before been available in English. Medieval Russian Epics, Chronicles and Tales is a vital resource for readers interested in learning more about the writings that influenced Pushkin, Gogol, Dostoevsky, Tolstoy and Chekhov. Editor Serge A. Zenkovsky completely revised the text and enlarged the book, adding almost one hundred pages of new material, including Sviatoslav's Early Campaigns, The Siege of Kiev, and Olga's Death. Vladimir Monomakh, Instruction to His Children, Tale of the Life and Courage of the Pious and Great Prince Alexander, Narrative of the Pious Prince Dovmont and His Courage, The Writing of Daniil the Prisoner, Orison on the Life and Death of Grand Prince Dmitry Ivanovich Afanasy Nikitin's Journey Across Three Seas, Ivan Funikov, Message of a Nobleman to a Nobleman, Epic of Sukhan, Simeon Polotsky, Excerpt from Ode on the Birth of Peter I, Simeon Polotsky, The Law, Simeon Polotsky, The Merchant Class, Tsar Alexis Mikhailovich, The Rules of Falconry. In addition to a comprehensive introduction, the editor has prefaced each selection with detailed information about its literary and historical background and has included a glossary and brief chronology of Russian history and culture.

**Every Monument Will Fall** Dan Hicks, 2025-05-01. An extraordinary intervention. If you want to understand the stakes and the limitations of contemporary conflict over culture and colonial history, this bold, provocative book is an indispensable resource. Paul Gilroy, founding Director of the Sarah Parker Remond Centre for the Study of Race and Racism at UCL, Hicks must read. Book describes how it was possible for a human skull to be made into a drinking cup and used in a genteel Oxford college well into the 21st century, as if empire were an eternal state of nature. Read it to learn new ways to be anti-racist, abolitionist, and to tell other stories than those commemorated by the monuments that surround us, from statues to museums and the police. Nicholas Mirzoeff, author of *White Sight*, Brave and clear sighted. Hicks opens up an extraordinary conversation between the past and the present. This is a book about falling statues, but so much more. It's about how we've been lied to and how we can approach the past with honesty. Hicks asks whether history and archaeology should be used to justify actions we know impinge on the rights of others, or to understand ourselves better. Alice Roberts, bestselling author of *Crypt*. Dan Hicks writes with grace and fierce focus about what we choose to remember and why, in our patterns of thought, our institutions, and the built environment in which we live. Eyal Weizman, director of Forensic Architecture. The culture war is over. If you want it to be. It wasn't even a culture war; it was a war on culture. A sustained attack, Dan Hicks argues, in the form of the weaponisation of civic museums, public art, and even universities, and one that has a deeper history than you might think. Tracing the origins of contemporary conflicts over art, heritage, memory, and colonialism, *Every Monument Will Fall* joins the dots between the building of statues, the founding of academic disciplines like archaeology and anthropology, and the warehousing of stolen art and human skulls in museums, including the one in which he is a curator. Part history, part biography, part excavation, the story runs from the Yorkshire wolds to the Crimean War, from southern Ireland to the frontline of the American Civil War, from the City of London

to the University of Oxford revealing enduring legacies of militarism slavery racism and white supremacy hardwired into the heart of our cultural institutions Every Monument Will Fall offers an urgent reappraisal of how we think about culture and how to find hope remembrance and reconciliation in the fragments of an unfinished violent past Refusing to choose between pulling down every statue or living in a past that we can never change the book makes the case for allowing monuments to fall once in a while even those that are hard to see as monuments rebuilding a memory culture that is in step with our times

**Lightweight Ballistic Composites** Ashok Bhatnagar, 2016-04-19 Lightweight Ballistic Composites Military and Law Enforcement Applications Second Edition is a fully revised and updated version of this informative book that explores the many changes in composite materials technology that have occurred since the book's first release in 2008 especially the type of commercial products used by armed forces around the world Some changes can be attributed to the wars in Iraq and Afghanistan whereas others are due to massive investment by private companies to neutralize the ever increasing global threats and fulfill the military's appetite for lighter materials Soldiers are now better protected against new ballistic threats and the overall weight of body protection has been reduced while comfort has increased New military vehicles are no longer purely armored with steel and are instead lined with lightweight ballistic materials that increase the distance military vehicles can travel without refueling and also improve maneuverability The book considers all aspects of lightweight ballistic composites from fiber manufacturing to commercial products and testing Chapters also cover the many uses of lightweight ballistic composites in the military and law enforcement industries It will be an invaluable reference for ballistic composite design engineers product development engineers and all those involved in promoting new products for both defense and the law enforcement industry Gives comprehensive coverage on all aspects of lightweight ballistic composites from fiber manufacturing to commercial products and testing Discusses the wider applications of lightweight ballistic composites in military and law enforcement industries Edited by a highly respected industry expert with over thirty years experience developing lightweight composite ballistic materials and products

**Putin's Russia** Darryl Cunningham, 2022-02-15 Darryl Cunningham Billionaires returns with the riveting life story of Vladimir Putin Russia's infamous autocrat He traces Putin's development from schoolyard thug in Soviet era Leningrad to KGB officer to corrupt commodities dealer all the way to his presidency and beyond In this educational and frank biography Putin's journey is characterized by shifting loyalties brutal treatment of detractors and lawless financial dealings Despite all of this Putin has retained public support and tremendous importance in Russian society due to his ever tightening control over the media and harsh muzzling of critics Born in 1952 Putin grew up idealizing the KGB and he became a member of its ranks by early adulthood Cunningham posits that the speed with which Putin advanced politically was a reflection of the KGB

s need to cement their control of the Russian political system after the dissolution of the Soviet Union in 1991 Since Boris Yeltsin appointed him to the presidency in 2000 Putin has annexed Crimea rolled back democratic reforms and led a life of luxury all the while fostering a cult of personality In Putin s Russia Cunningham situates the contentious leader in an analytical framework that is at times hilarious and always compelling Weapons of war, tr. by C.C. Black Auguste Demmin,1870 *Weapons of War* Auguste Demmin,1870 *An Illustrated History of Arms and Armour* Auguste Demmin,1894
