**Universities Under Dictatorship** John Connelly,Michael Grüttner,2010-11-01

**Modernizing Europe's Imperial Monarchies** Heidi Hein-Kircher,Frederik Frank Sterkenburgh,2025-05-28 Up until recently Europe s three imperial monarchies the German Austrian and Russian Empires were seen as moribund political entities unable to accommodate the forces of political social economic and cultural modernization and as a result collapsed collectively during or shortly after the First World War More recently scholars have underlined the viability of these polities including as frameworks for democratic experiments and fixed points for supra national identification notwithstanding the suppression of minorities and colonial undertakings of these empires This book takes a different approach it demonstrates that these three imperial monarchies were capable of and willing to initiate and steer the modernization of their institutions and polities Rather than understanding modernization as a linear and teleological process this contributed volume draws instead on Samuel Eisenstadt s notion of multiple modernities to demonstrate how these empires sought to modernize on their own terms By drawing on this concept it becomes possible to challenge notions of inevitable decline and instead demonstrate how these imperial monarchies sought to forge modernization on their own terms in the nineteenth and early twentieth century
