

RUSSIA'S PLATO

Plato and the Platonic tradition in
Russian education, science and
ideology (1840–1930)

FRANCES NETHERCOTT

Russias Plato Plato The Platonic Tradi

Arthur James Wells

Russias Plato Plato The Platonic Tradi:

Russia's Plato Frances Nethercott, 2019-07-31 This title was first published in 2000 This work identifies the differences between the Russian intellectual approach to reading Plato and that of other European countries This study offers a complex perspective on Russian philosophical learnings up to 1930 The book contains five chapters with the first aiming to provide the general institutional context in which Russian 19th century Plato scholarship developed caught as it were between the rise of the historical sciences and the heavy hand of state interference in standardizing the educational system in the name of nation building and modernization The second chapter attempts to illustrate how Plato served as a reference in Russian philosophical culture and the third deals with aspects of Russian philosophy of law In the fourth chapter the author shifts his approach to compare and contrast a number of reactions to a single dialogue the Republic and in the final concluding chapter addresses the question of whether it is legitimate to speak of a Russian Platonism **Goncharov in the Twenty-First**

Century Ingrid Kleespies, Lyudmila Parts, 2021-11-23 Goncharov in the Twenty First Century brings together a range of international scholars for a reexamination of Ivan Goncharov s life and work through a twenty first century critical lens Contributions to the volume highlight Goncharov s service career the complex and understudied manifestation of Realism in his work the diverse philosophical threads that shape his novels and the often colliding contexts of writer and imperial bureaucrat in the 1858 travel text *Frigate Pallada* Chapters engage with approaches from post colonial and queer studies theories of genre and the novel desire laughter technology and mobility and travel *The Later Solov'ev* Thomas Nemeth, 2019-07-24 This volume offers a critical examination of the later philosophical views of Vladimir Solov v arguably Russia s most famous and most systematic philosopher It offers a philosophically informed approach to this pivotal figure and to his era Inside readers will discover a detailed portrait of the often overlooked evolution of the philosopher s views during the final two decades of his life The author explores Solov v s still evolving aesthetic philosophy and his entry into the lively Russian discussion of free will The work then turns to the philosopher s mature statements on many figures from within the history of philosophy This includes Kant and Hegel Next readers will learn about his disagreements with several contemporaries as well as contemporaneous movements These include positivism and materialism In addition the coverage includes an elucidation and examination of Solov v s final expression of his ethical philosophy as set forth in his major ethical treatise *Justification of the Moral Good* The overall picture that emerges is of a much more vibrant and heated philosophical community than typically portrayed in Western secondary literature The book ends with a reflection on the rise of Solov v as a religious mystic at the expense of a critical evaluation of his thought *Socrates in Russia* , 2022-10-04 This volume explores the influence of the Socratic legacy in the Russian East European and Soviet contexts For writers philosophers and artists Socrates has served as a potent symbol of the human capacity for philosophical reflection as well as the tumultuous and often dangerous reality in which Russian speaking and Soviet intellectuals found themselves The thirteen chapters

include surveys of historical periods and movements the 18th century Nietzscheanism and the Greek Renaissance of Russian culture studies of individual writers and philosophers Skovoroda Herzen Dostoevsky Rozanov Bely Narbut and many others and investigations of Socratic subtexts e g in Bulgakov's Master and Margarita and Nosov's Neznaika series for children The volume concludes with a Socratic Texts section of new translations The plurality of these topics demonstrates the continued relevance of the Socratic myth not only for Russian speaking culture but for the world **In Marx's Shadow** Costica

Bradatan, Serguei Oushakine, 2010-03-19 Despite its key role in the intellectual shaping of state socialism Communist ideas are often dismissed as mere propaganda or as a rhetorical exercise aimed at advancing socialist intellectuals on their way to power By drawing attention to unknown and unexplored areas trends and ways of thinking under socialism the volume examines Eastern Europe and Russian histories of intellectual movements inspired negatively as well as positively by Communist arguments and dogmas Through an interdisciplinary dialogue the collection demonstrates how various bodies of theoretical knowledge philosophical social political aesthetic even theological were used not only to justify dominant political views but also to frame oppositional and nonofficial discourses and practices The examination of the underlying structures of Communism as an intellectual project provides convincing evidence for questioning a dominant approach that routinely frames the post Communist intellectual development as a revival or at least as a return of the repressed intellectual traditions As the book shows the logic of a radical break suggested by this approach is in contradiction with historical evidence a significant number of philosophical theoretical and ideological debates in post Communist world are in fact the logical continuation of intellectual conversations and confrontations initiated long before 1989 **Vladimir Solov'ev**

William Peter van den Bercken, Manon de Courten, Evert van der Zweerde, 2000 Vladimir Solov'ev 1853-1900 is regarded as the most original and systematic of the Russian philosophers in the 19th century He has once again become the subject of international scholarly attention both in Slavic countries and the West This volume contains selected papers presented at the international conference on Vladimir Solov'ev held at Nijmegen University the Netherlands in September 1998 The scope of this conference was wide ranging dealing with theological metaphysical philosophical and historical themes Though Solov'ev's broad intellectual activity defies any strict attempt at categorisation the editors have classified its major themes under the dual characteristic of reconciliation and polemics Solov'ev was passionately committed to the reconciliation of all beings under the idea of all unity which he attempted to achieve by engaging in uncompromising polemics with his contemporaries The thirty contributors to this volume are specialists from Russia Ukraine Bulgaria Western Europe and the United States The volume makes a significant contribution to the intellectual reassessment of Vladimir Solov'ev since the rediscovery of his philosophical heritage in his own homeland in the 1980s *A History of Russian Philosophy 1830-1930* G. M.

Hamburg, Randall A. Poole, 2010-04-22 The great age of Russian philosophy spans the century between 1830 and 1930 from the famous Slavophile Westernizer controversy of the 1830s and 1840s through the Silver Age of Russian culture at the

beginning of the twentieth century to the formation of a Russian philosophical emigration in the wake of the Russian Revolution This volume is a major history and interpretation of Russian philosophy in this period Eighteen chapters plus a substantial introduction and afterword discuss Russian philosophy's main figures schools and controversies while simultaneously pursuing a common central theme the development of a distinctive Russian tradition of philosophical humanism focused on the defence of human dignity As this volume shows the century long debate over the meaning and grounds of human dignity freedom and the just society involved thinkers of all backgrounds and positions transcending easy classification as religious or secular The debate still resonates strongly today *Philosophical Thought in Russia in the Second Half of the Twentieth Century* Vladislav Lektorsky, Marina F. Bykova, 2019-01-10 Philosophical Thought in Russia in the Second Half of the 20th Century is the first book of its kind that offers a systematic overview of an often misrepresented period in Russia's philosophy Focusing on philosophical ideas produced during the late 1950s early 1990s it reconstructs the development of genuine philosophical thought in the Soviet period and introduces those non dogmatic Russian thinkers who saw in philosophy a means of reforming social and intellectual life Covering such areas of philosophical inquiry as philosophy of science philosophical anthropology the history of philosophy activity approach as well as communication and dialogue studies the volume presents and thoroughly discusses central topics and concepts developed by Soviet thinkers in that particular fields Written by a team of internationally recognized scholars from Russia and abroad it examines the work of well known Soviet philosophers such as Mikhail Bakhtin Evald Ilyenkov and Merab Mamardashvili as well as those important figures such as Vladimir Bibler Alexander Zinoviev Yury Lotman Georgy Shchedrovitsky Genrich Batishchev Sergey Rubinstein and others who have often been overlooked By introducing and examining original philosophical ideas that evolved in the Soviet period the book confirms that not all Soviet philosophy was dogmatic and tied to orthodox Marxism and the ideology of Marxism Leninism It shows Russian philosophical development of the Soviet period in a new light as a philosophy defined by a genuine discourse of exploration and intellectual progress rather than stagnation and dogmatism In addition to providing the historical and cultural background that explains the development of the 20th century Russian philosophy the book also puts the discussed ideas and theories in the context of contemporary philosophical discussions showing their relevance to nowadays debates in Western philosophy With short biographies of key thinkers an extensive current bibliography and a detailed chronology of Soviet philosophy this research resource provides a new understanding of the Soviet period and its intellectual legacy 100 years after the Russian Revolution *Russian Legal Culture Before and After Communism* Frances Nethercott, 2007-12-03 Following the emancipation of the serfs in 1861 and again during the 1990s individual legal rights occupied a central place in the drive to modernize criminal justice This book explores these debates focusing particularly on the work of Vladimir Solov'ev a leading philosopher of law writing in the 1890s **Kant in Imperial Russia** Thomas Nemeth, 2017-02-15 This book presents a comprehensive study of the influence of Immanuel Kant's

Critical Philosophy in the Russian Empire spanning the period from the late 19th century to the Bolshevik Revolution It systematically details the reception bestowed on Kant's ideas during his lifetime and up to and through the era of the First World War The book traces the tensions arising in the early 19th century between the imported German scholars who were often bristling with the latest philosophical developments in their homeland and the more conservative Russian professors and administrators The book goes on to examine the frequently neglected criticism of Kant in the theological institutions throughout the Russian Empire as well as the last remaining though virtually unknown embers of Kantianism during the reign of Nicholas I With the political activities of many young radicals during the subsequent decades having been amply studied this book focuses on their largely ignored attempts to grapple with Kant's transcendental idealism It also presents a complete account of the resurgence of interest in Kant in the last two decades of that century and the growing attempts to graft a transcendental idealism onto popular social and political movements The book draws attention to the young and budding Russian neo Kantian movement that mirrored developments in Germany before being overtaken by political events

Political Thought From Machiavelli to Stalin E. A. Rees, 2004-03-12 This is the first book in English to explore the relationship between Stalin's ideas and methods and the practices advocated by Machiavelli and those associated with Machiavellian politics It advances the concept of revolutionary Machiavellism as a way of understanding a particular strand of revolutionary thought from the Jacobins through to Leninism and Stalinism By providing a wide ranging survey of European political thought in the Nineteenth and early Twentieth century E A Rees locates the Bolshevik tradition within the wider European tradition **Slavic Review**, 2002 American quarterly of Soviet and East European studies varies **The Handbook of Global Interventions in Communication Theory** Yoshitaka Miike, Jing Yin, 2022-03-11 Moving beyond the US Eurocentric paradigm of communication theory this handbook broadens the intellectual horizons of the discipline by highlighting underrepresented especially non Western theorists and theories and identifies key issues and challenges for future scholarship Showcasing diverse perspectives the handbook facilitates active engagement in different cultural traditions and theoretical orientations that are global in scope but local in effect It begins by exploring past efforts to diversify the field continuing on to examine theoretical concepts models and principles rooted in local cumulative wisdom It does not limit itself to the mass interpersonal communication divide but rather seeks to frame theory as global and inclusive in scope The book is intended for communication researchers and advanced students with relevance to scholars with an interest in theory within information science library science social and cross cultural psychology multicultural education social justice and social ethics international relations development studies and political science *Heidegger in Russia and Eastern Europe* Jeff Love, 2017-07-17 Heidegger's influence in the twentieth century probably outstrips that of any other philosopher at least in the so called Continental tradition The revolution Heidegger brought about with his compelling readings of the broader philosophical tradition transformed German philosophy and spread quickly to most of Europe the

United States and Japan This volume examines Heidegger's influence in a region where his reception has had a remarkable and largely hidden history Eastern Europe and Russia The book begins by addressing two important literary influences on Heidegger Dostoevsky and Tolstoy It goes on to examine Heidegger's philosophical influence and features three crucial figures in the reception of Heidegger's thought in Eastern Europe and Russia Vladimir Bibikhin Krzysztof Michalski and Jan Patočka Finally the volume deals with an often vexed issue in current treatments of Heidegger the importance of Heidegger's philosophy for politics The book includes essays by an international team of contributors including leading representatives of Heideggerian thought in Russia today Heidegger's thought plays a key role in debates over Russian identity and the geopolitical role Russia has to play in the world The volume surveys the complicated landscape of post-Soviet philosophy and how the rise of widely differing appropriations of Heidegger exploit familiar fault lines in the Russian reception of Western thinkers that date back to the first stirrings of a distinctively Russian philosophical tradition

Divine Sophia Vladimir Sergeyevich Solovyov, 2009 This personification of wisdom with golden hair and a radiant aura echoes both the eternal feminine and the world soul Rooted in Christian and Jewish mysticism Eastern Orthodox iconography Greek philosophy and European romanticism the Sophiology that suffuses Solovyov's philosophical and artistic works is both intellectually sophisticated and profoundly inspiring Judith Deutsch Kornblatt brings together key texts from Solovyov's writings about Sophia poetry fiction drama and philosophy all extensively annotated and some available in English for the first time with assistance from the translators Boris Jakim and Laury Magnus Amazon website

Essays on Ayn Rand's "We the Living" Robert Mayhew, 2012-02-16 Ayn Rand remains a truly significant figure of modern philosophy Her unique vision of a world in which man relying on reason acts wholly for his own good is skillfully developed and illustrated in her most famous novels Atlas Shrugged and The Fountainhead But Rand's first novel We the Living a lesser known but no less important book offers an early form of the author's nascent philosophy the philosophy Rand later called Objectivism In the second edition Robert Mayhew once again brings together pre-eminent scholars of Rand's writing The edition includes three new chapters as well as an epilogue by renowned Rand scholar Leonard Peikoff In part a history of We the Living from its earliest drafts to the Italian film later based upon it Mayhew's collection goes on to explore the enduring significance of Rand's first novel as a work both of philosophy and of literature For Ayn Rand scholars and fans alike this enhanced second edition is a compelling examination of a novel that set the tone for some of the most influential philosophical literature to follow

The British National Bibliography Arthur James Wells, 2001 Civil Society, Religion, and the Nation, 2022-05-20 Japan Russia and Turkey are major examples of countries with different ethnic religious and cultural background that embarked on the path of modernization without having been colonized by a Western country In all three cases national consciousness has played a significant role in this context The project of Modernity is obviously of European origin but is it essentially European Does modernization imply loss of a country's cultural or national identity If so what is the fate of the modernization process in

these cases The presence of the idea and reality of civil society can be considered a real marker of Modernity in this respect because it presupposes the development of liberalism individualism and human rights But are these compatible with nationalism and with the idea of a national religion These questions are the more pressing as Japan is considered part of the Western world in many respects and Russia and Turkey are defining their relation to the European Union in different ways An investigation of these three countries set off against more general reflections sheds light on the possibilities or limitations of modernization in a non European context Canadian-American Slavic Studies ,2001 A quarterly journal devoted to Russia and East Europe Russische Sophiologie zwischen orthodoxer Tradition und moderner Philosophie Georgios D. Panagopoulos,2021 Die vorliegende Arbeit stellt zum einen das Ergebnis eines Forschungsprojekts zur russischen sophiologischen Theologie im Zusammenhang mit ihrem philosophischen Milieu zum anderen Erkenntnisse aus meiner Lehrtätigkeit als Lehrbeauftragter Professor an der Universität München während des Sommersemesters 2020 dar im Rahmen derer das Denken Solovievs Florenskys und Bulgakovs im Vergleich zur Theologie Florovskys dargelegt werden sollte und deren Ziel es war die Hauptunterschiede beider von einander abweichenden Paradigmen zutage zu bringen

Adopting the Beat of Expression: An Emotional Symphony within **Russias Plato Plato The Platonic Tradi**

In a global consumed by displays and the ceaseless chatter of quick communication, the melodic elegance and emotional symphony created by the prepared term usually diminish into the background, eclipsed by the persistent noise and interruptions that permeate our lives. But, set within the pages of **Russias Plato Plato The Platonic Tradi** a charming fictional treasure overflowing with fresh feelings, lies an immersive symphony waiting to be embraced. Constructed by an elegant musician of language, that charming masterpiece conducts readers on an emotional journey, well unraveling the concealed tunes and profound affect resonating within each cautiously constructed phrase. Within the depths with this touching examination, we shall investigate the book is main harmonies, analyze its enthralling writing fashion, and submit ourselves to the profound resonance that echoes in the depths of readers souls.

Russias Plato Plato The Platonic Tradi Introduction

In todays digital age, the availability of Russias Plato Plato The Platonic Tradi books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Russias Plato Plato The Platonic Tradi books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Russias Plato Plato The Platonic Tradi books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Russias Plato Plato The Platonic Tradi versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Russias Plato Plato The Platonic Tradi books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether youre a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Russias Plato Plato The Platonic Tradi books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for

literature enthusiasts. Another popular platform for Russias Plato Plato The Platonic Tradi books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Russias Plato Plato The Platonic Tradi books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Russias Plato Plato The Platonic Tradi books and manuals for download and embark on your journey of knowledge?

FAQs About Russias Plato Plato The Platonic Tradi Books

1. Where can I buy Russias Plato Plato The Platonic Tradi books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
