Rust and Bone: Stories Craig Davidson,2006-11-17 Enough incident shock and suspense for a dozen books Filled with stories you haven t heard before Bret Easton Ellis In steel tipped prose Craig Davidson conjures a savage world populated by fighting dogs prizefighters sex addicts and gamblers In his title story Davidson introduces an afflicted boxer whose hand never properly heals after a bone is broken The fighter s career descends to bouts that have less to do with sport than with survival no referee no rules not even gloves In A Mean Utility we enter an even more desperate arena dogfights where Rottweilers pit bulls and Dobermans fight each other to the death Davidson s stories are small monuments to the telling detail The hostility of his fictional universe is tempered by the humanity he invests in his characters and by his subtle and very moving observations of their motivations He shares with Chuck Palahniuk the uncanny ability to compel our attention time and time again to the most difficult subject matter **Rust and Bone** Craig Davidson,2006-08-22 In steel tipped prose Craig Davidson conjures up a bleak world populated by hardscrabble pugilists fighting dogs sex addicts and others held captive by their own bad luck and bad decisions Visceral and with a dark urgency Rust and Bone is a strikingly original debut

Pettersen,2023-03-07 In the impoverished outskirts of French cities known as the banlieues minority communities are turning to American culture history and theory to make their own voices cultures and histories visible Filmmakers have followed suit turning to Hollywood genre conventions to challenge notions of

identity belonging and marginalization in mainstream French film French B Movies proposes that French banlieue films far from being a fringe genre offer a privileged site from which to understand the current state of the French film industry in an age of globalization This gritty style appears in popular arthouse films such as Mathieu Kassovitz's *La Haine* and *Bande de filles* *Girlhood* along with the major Netflix hit series *Lupin* David Pettersen traces how in these works and others directors fuse features of banlieue cinema with genre formulas associated with both Hollywood and Black cultural models as well as how transnational genre hybridizations such as B movies have become part of the ecosystem of the French film industry By combining film analysis cultural history critical theory and industry studies French B Movies reveals how featuring banlieues is as much about trying to imagine new identities and production models for French cinema as it is about representation
