Devil in the Kitchen Frails Frolics Island Boy and Northern Banjo The Beat Cop Michael O'Malley, 2022-05-18 The remarkable story of how modern Irish music was shaped and spread through the brash efforts of a Chicago police chief Irish music as we know it today was invented not just in the cobbled lanes of Dublin or the green fields of County Kerry but also in the burgeoning metropolis of early twentieth century Chicago The genre s history combines a long folk tradition with the curatorial quirks of a single person Francis O'Neill a larger than life Chicago police chief and an Irish immigrant with a fervent interest in his home country s music Michael O'Malley s *The Beat Cop* tells the story of this singular figure from his birth in Ireland in 1865 to his rough and tumble early life in the United States By 1901 O'Neill had worked his way up to become Chicago s chief of police where he developed new methods of tracking criminals and recording their identities At the same time he also obsessively tracked and recorded the music he heard from local Irish immigrants enforcing a strict view of what he felt was and wasn't authentic Chief O'Neill s police work and his musical work were flip sides of the same coin and O'Malley delves deep into how this brash immigrant harnessed his connections and policing skills to become the foremost shaper of how Americans see and hear the music of Ireland *The Companion to Irish Traditional Music* Fintan Vallely, 1999-09 The *Companion to Irish Traditional Music* is not just the ideal reference for the interested enthusiast and session player it also provides a unique resource for every library school and home with an interest in the distinctive rituals qualities and history of Irish traditional music and song

Irish and Scottish Encounters with Indigenous Peoples Graeme Morton, David A. Wilson, 2013-05-01 The expansion of the British Empire during the eighteenth and nineteenth centuries created the greatest mass migration in human history in which the Irish and Scots played a central complex and controversial role The essays in this volume explore the diverse

encounters Irish and Scottish migrants had with Indigenous peoples in North America and Australasia The Irish and Scots were among the most active and enthusiastic participants in what one contributor describes as the greatest single period of land theft cultural pillage and casual genocide in world history At the same time some settlers attempted to understand Indigenous society rather than destroy it while others incorporated a romanticized view of Natives into a radical critique of European society and others still empathized with Natives as fellow victims of imperialism These essays investigate the extent to which the condition of being Irish and Scottish affected settlers attitudes to Indigenous peoples and examine the political social religious cultural and economic dimensions of their interactions Presenting a variety of viewpoints the editors reach the provocative conclusion that the Scottish and Irish origins of settlers were less important in determining attitudes and behaviour than were the specific circumstances in which those settlers found themselves at different times and places in North America Australia and New Zealand Contributors include Donald Harman Akenson Queen s John Eastlake College Cork Marjory Harper Aberdeen Andrew Hinson Toronto Michele Holmgren Mount Royal Kevin Hutchings Northern British Columbia Anne Lederman Royal Conservatory of Music Patricia A McCormack Alberta Mark G McGowan Toronto Ann McGrath Australian National Cian T McMahon Nevada Graeme Morton Guelph Michael Newton Xavier P draig Siadhail Saint Mary s Brad Patterson Victoria University of Wellington Beverly Soloway Lakehead and David A Wilson Toronto
