Toronto s first alternative theatre and for thirty years from 1959 until its closure in 1989 it introduced audiences to a  
radically new form of theatre Neil Carson s in depth history of TWP traces the fortunes of many of its actors writers  
designers and technicians but the troupe s colourful artistic director George Luscombe is its central character George  
Luscombe brought Toronto a new form of theatre based on the techniques and theories he developed during the four years  
he worked with Joan Littlewood s Theatre Workshop in London Toronto Workshop Productions began its activities in a small  
theatre in the basement of a factory in 1959 with Luscombe as artistic director He presided over a program of collective play  
creation that fostered cooperative collaboration among all the contributing artists A series of original works and plays from  
the European repertoire in innovative productions won the company increasing critical acclaim The company acquired its  
own building in 1967 establishing its reputation as the most exciting theatre in the city By the early 1970s however a  
growing atmosphere of Canadian nationalism caused TWP to be overshadowed by a number of new alternative theatres  
Luscombe s and TWP s vision of an ideologically committed technically experimental theatre remained strong for a number of  
years but in the end a combination of internal and external problems overwhelmed the company TWP s productions provoked  
radically different responses among audiences and Luscombe s particular style of drama a combination of documentary  
stylized movement and music remains controversial As a pioneer and as a stimulating teacher however George Luscombe has  
provided inspiration for countless actors and directors Carson s book is an invaluable addition to the history of Canadian
