In the two centuries after Martin Luther's affirmation that music stood second only to theology Lutheran theologians and musicians formulated a theological defense of music that validated this exalted status Against Calvinist rivals and Pietist critics the orthodox Lutheran position further claimed that both instrumental and vocal music were commanded by God Joyce Irwin's earlier work *Neither Voice nor Heart Alone* German Lutheran Theology of Music in the Age of the Baroque traced this development in Lutheran theological thought In this current work *Foretastes of Heavenly Music* Johann Mattheson and Christoph Raupach on Music in Time and Eternity Irwin provides translations and commentary for two eighteenth century texts that illuminate the musico theological foundation underlying the work of Lutheran composers such as Bach and Telemann A Truth Lover's Clear Reasonings on Which the Correct Use of Music Rests 1717 by Christoph Raupach with an introduction by Johann Mattheson serves as a cumulative statement of Lutheran advocacy of music Mattheson's Affirmation of Heavenly Music 1747 goes a step further in defending the reality of music in heaven and even the ultimate superiority of music over theology and sermons Irwin's introduction traces the centrality of Mattheson's belief in heavenly music throughout the course of his life even while he was writing works of music theory that earned him a reputation as an Enlightenment thinker Though influenced by Enlightenment philosophy specifically British empiricism he rejected the rationalist philosophies of his German contemporaries and expressed no sympathy for the emerging school of biblical criticism This work is ideal for music historians Bach scholars theologians and researchers in the field of sacred music

Melting the Venusberg Heidi Epstein,2004-10-15 This book begins with a pointed critique of the foundations of the understanding of Western music that music from Pythagoras to the Renaissance has been viewed as the source and model of order in the universe and in society Unfortunately that order was rigidly hierarchical so that over the centuries music reinforced established social prejudices particularly those against women Nowhere was this more evident than in religious music that was regarded by male ecclesiastics and scholars as the instrument of choice for taming hysterical female eruptions Through her mordant commentary on a rich selection of texts by major thinkers from two millennia of Christian theology Heidi Epstein shows in the first part of *Melting the Venusberg* that music as the erotic embodiment of human engenderment has been ignored or suppressed while music as the expression of transcendent harmony order and restraint has been extolled The second re constructive part of *Melting the Venusberg* draws on ignored sources and lost tropes from the Christian tradition as well as on insights from the music and thought of historical and contemporary woman composers and performers from Hildegard of Bingen and Lucrezia Vizzana to Rosetta Tharpe and Diamanda Galas Through this recuperative synthesis music s theological significance changes keys as it moves beyond its symbolic function as divinely ordained harmonious microcosm into more dissonant metaphorical registers Those who have ears to hear will be delighted

The Garland Encyclopedia of World Music Robert C. Provine,Yosihiko Tokumaru,J. Lawrence Witzleben,2017-11-22 This volume explores not only the close ties that link the cultures and musics of East and Northeast Asia but also the distinctive features that separate them **Creativity and Captivity** Uday Balasundaram,2021-12-02 Ultimately what really does it mean to be creative How can we see ourselves as participating in the creativity of God for mission All people are creative Sadly however for many creativity is stifled and remains stunted due to several reasons social economic political cultural and even spiritual This study explores how ICMs indigenous cosmopolitan musicians negotiate their creativity amid the liminal

spaces they occupy as they share in the creativity of God for mission through their music But what exactly does it mean to share in the creativity of God for mission Contrary to popular notion ICMs evidence that creativity is not merely innovation it is not a psychological metric for measuring human potential it is certainly not the icing on the cake reserved for a few so called creatives or artists Rather theological creativity is participation in the creatio Dei it is theologically prior to mission As a missiological framework creatio Dei is understood here in terms of creative being creative construction design and creative performance Hopefully this book can help clarify and expand our understanding of what it means to be truly creative and thereby with the help of the Creator put into practice principles of theological creativity as we share in the creativity of God in the world with others
