Sacred Spaces Historic Houses Of Worship In The City Of Angels:

Sacred Spaces Robert Berger, 2003 *An Architecture of Immanence* Mark A. Torgerson, 2007-01-22 Torgerson begins by discussing God's transcendence and immanence and showing how church architecture has traditionally interpreted these key concepts. He then traces the theological roots of immanence's priority from liberal theology and liturgical innovation to modern architecture. Next, Torgerson illustrates this new architecture of immanence through particular practitioners, focusing especially on the work of theologically savvy architect Edward Anders Svik. Finally, he addresses the future of church architecture as congregations are buffeted by the twin forces of liturgical change and postmodernism. **Los Angeles Magazine**, 2005-08 Los Angeles magazine is a regional magazine of national stature. Our combination of award-winning feature writing, investigative reporting, service journalism, and design covers the people, lifestyle, culture, entertainment, fashion, art, and architecture and news that define Southern California. Started in the spring of 1961, Los Angeles magazine has been addressing the needs and interests of our region for 48 years. The magazine continues to be the definitive resource for an affluent population that is intensely interested in a lifestyle that is uniquely Southern Californian. [Golden Dreams](#) Kevin Starr, 2011-09-09 A narrative tour de force that combines wide-ranging scholarship with captivating prose, Kevin Starr's acclaimed multi-volume *Americans and the California Dream* is an unparalleled work of cultural history. In this new volume, Starr covers the crucial postwar period 1950 to 1963 when the California we know today first burst into prominence. In a powerful blend of telling events, colorful personalities, and insightful analyses, he brilliantly illuminates the dominant economic, social, and cultural forces in California in these pivotal years. *Redemptive Dreams* Jason S. Sexton, 2023-11-10 An essential piece in California Studies, *Redemptive Dreams* Engaging Kevin Starr's California offers the first critical engagement with the vision of California's most ambitious interpreter. While Starr's multifaceted and polymathic vision of California offered a unique gaze synthesizing central features, big themes, and incredible problems with the propitious golden dream, his eight-volume California Dream series, along with several other books and thousands of published articles and essays, often puzzled historians and other scholars. Historians in the contemporary school of critical historiography often found Starr's narrative approach seeking to tell the internal drama of the California story to be less attuned to the most important work happening in the field. Such a perspective fails to acknowledge key developments in historical subfields like Black and African American Studies, Chicana/o Studies, Asian Studies, Native Studies, and others that draw from the narrative in their critical work and how this relates to Starr's contribution. But it also neglects Starr as a theological interpreter. Along with being a major figure in California institutional life with literary output spanning genres from journalism to critical cultural and political commentary to history and memoir, Starr's unique contribution to California Studies as a distinctly Catholic historian has yet to be adequately understood. Through his lived experience as a devout Catholic to the particular theological features of this faith tradition that animated his views, this critical sociological perspective sheds new light on his project. With contributions

from sociology history and theology akin to investigations appearing in *Theology and California Theological Refractions* on California's Culture Routledge *Redemptive Dreams* offers interdisciplinary perspectives that highlight key features inherent in interdisciplinary theological reflection on place and illuminates these diverse disciplinary discourses as they appear in Starr's articulation of the California Dream Such a vision remains important for reckoning with California's place in the world

McAlpine, 2011-02-14 Sacred Space for the Missional Church examines the strong link between the theology and mission of the Church and the spaces in which and from which that theology and mission are lived out The author demonstrates that the built environment is not incidental or even subservient to mission Rather it is a key player in the fulfillment and the communication of that mission The book begins with a working definition of the missional church underscoring the connection between God's mission *missio Dei* and the Church's mission The reader is presented with historical and theological frameworks for sacred space and reminded of the pivotal role of the built environment in the fulfillment of the mission of the Church The design and construction of sacred spaces are shown to be fundamentally a theological exercise and not solely a matter of function pragmatics and fiscal astuteness The author questions the uncritical application of blanket statements such as form must follow function and challenges the conviction that it does not matter where worship occurs only that it occurs The book addresses genuine concerns such as legitimizing the cost of church buildings and concludes with practical suggestions and essential questions that must be considered in posturing the built environment within the missional praxis of the Church **Sacred Space, Beloved City** Cheryl Bove, Anne Rowe, 2020-11-09 Sacred Space Beloved City Iris Murdoch's London is a celebration of Iris Murdoch's love for London and establishes her amongst distinguished London writers such as William Blake Charles Dickens and Virginia Woolf Individual chapters focus on the City London art galleries and museums the Post Office Tower now the BT Tower the statue of Peter Pan in Kensington Gardens Whitehall and the River Thames Each chapter identifies intricate links between the environment and human consciousness and is accompanied by a corresponding walk that links Murdoch's plots to landmarks and routes All essays and walks are illustrated with sketches by Paul Laseau These drawings not only illustrate locations for identification but also conjure their atmosphere so that readers engage with how Murdoch's characters experience their surroundings The final London Glossary is an annotated index of the London place names mentioned in all of Murdoch's 26 novels *Holy Places in the Israeli-Palestinian Conflict* Marshall J. Breger, Yitzhak Reiter, Leonard Hammer, 2009-12-16 This book addresses the major generators of conflict and toleration at shared holy places in Palestine and Israel Examining the religious political and legal issues the authors show how the holy sites have been a focus of both conflict and cooperation between different communities Bringing together the views of a diverse group of experts on the region Holy Places in the Israeli Palestinian Conflict provides a new and multifaceted approach to holy places giving an in depth analysis of relevant issues Themes covered include legal regulation of holy places nationalization and reproduction of holy space sharing and

contesting holy places identity politics and popular legends of holy sites Chapters cover in detail how recognition and authorization of a new site come about the influence of religious belief versus political ideology on the designation of holy places the centrality of such areas to the surrounding political developments and how historical background and culture affect the perception of a holy site and relations between conflicting groups This new approach to the study of holy places and the Israeli Palestinian conflict has great significance for a variety of disciplines and will be of great interest in the fields of law politics religious studies anthropology and sociology

City of Gods R. Scott Hanson, 2021-05-20 This study of a New York neighborhood s remarkable religious diversity deserves a place alongside Robert Orsi s The Madonna of 115th Street Publishers Weekly starred review Known locally as the birthplace of American religious freedom Flushing Queens in New York City is now so diverse and densely populated that it s become a microcosm of world religions City of Gods explores the history of Flushing from the colonial period to the aftermath of September 11 2001 spanning the origins of the settlement called Vlissingen and early struggles between Quakers Dutch authorities Anglicans African Americans Catholics and Jews to the consolidation of New York City in 1898 two World s Fairs and finally the Immigration Act of 1965 and the arrival of Hindus Sikhs Muslims Buddhists and Asian and Latino Christians A synthesis of archival sources oral history and ethnography City of Gods is a thought provoking study of religious pluralism Using Flushing as the backdrop to examine America s contemporary religious diversity and what it means for the future of the United States R Scott Hanson explores both the possibilities and limits of pluralism Hanson argues that the absence of widespread religious violence in a neighborhood with such densely concentrated diversity suggests that there is no limit to how much pluralism a pluralist society can stand The book is set against two interrelated questions how and where have the different religious and ethnic groups in Flushing associated with others across boundaries over time and when has conflict or cooperation arisen Perhaps the most extreme example of religious and ethnic pluralism in the world Flushing is an ideal place to explore how America s long experiment with religious freedom and pluralism began and continues City of Gods reaches far beyond Flushing to all

communities coming to terms with immigration religion and ethnic relations raising the question of whether Flushing will come together in new and lasting ways to build bridges of dialogue or further fragment into a Tower of Babel A delightful journey through American religious history and into the future as witnessed in the streets of what the author says is the most religiously diverse community anywhere America
