1773 to 1780 Eric Robson, **Women and Enlightenment in Eighteenth-Century Britain** Karen O'Brien,Karen Elisabeth O'Brien,2009-03-05 An original study of how Enlightenment ideas shaped the lives of women and the work of eighteenth century women writers **Scots and the Union** Christopher A Whatley,2014-04-14 Public opinion in Scotland in 1707 was sharply divided between advocates of Union opponents and a large body of don t knows In 1706 7 it was party and dynastic advantage that was the main reason for opposition to the proposed union at elite level Whatever the reasons now for maintaining the Union they are in some important respects different from those which took Scotland into the Union such as French aggression securing the Revolution of 1688 89 and the defence of Protestantism This new edition assesses the impact of the Union on Scottish society including the bitter struggle with the Jacobites for acceptance of the union in the two decades that followed its inauguration The book offers a radical new interpretation of the causes of union Now as in 1706 7 some kind of harmonious relationship with England has to be settled upon There exists on both sides of the border mutual antipathy but also powerful bonds of language kin and economics In the case of Scotland there is a strong sense of being different from England a separate nation But arguably this was even more powerful in the mid 19th century when demand grew not for independence but Home Rule As in 1707 economic considerations are central even if the nature of these now

are different the Union was forged in an era of muscular mercantilism Perceptions of economic gain and loss affected behaviour in 1706 7 and continue to affect attitudes to the Union today This new edition lends historical weight to the present day arguments for and against Union The Geographies of Enlightenment Edinburgh Phil Dodds,2022 Edinburgh was an Enlightenment city of regional national and global influence But how did the people of Enlightenment Edinburgh understand and order their world How did they encounter compare and produce different kinds of spaces from the urban to the world scale And how did this city set the universal standards by which other places should be judged and transformed The Geographies of Enlightenment Edinburgh answers these questions by exploring the thousands of urban plans county surveys travel accounts and encyclopaedias that passed through a busy Edinburgh bookshop over four decades It reveals how these geographical publications were produced and shared and sheds light on the people who bought and used them including moral philosophers silk merchants school teachers ship s surgeons and slave owners This is the story of how specific methods of mapping space came ultimately to predict and organize it creating a new world in Edinburgh s image By connecting global processes of knowledge production to intimate accounts of its reception in the city this book deepens our understanding of the Scottish Enlightenment and the world it made **Within an Hour of London Town Among Wild Birds and Their Haunts** Denham Jordan,1892 **Lord Wastwater** Sidney Bolton,1892 **Impressions of Dante and of the New World** John Walter Cross,1893 **Scottish Literature Since 1707** Marshall Walker,2017-07-12 Marshall Walker s lively and readable account of the highs and lows of Scottish literature from this important date to the present addresses the important themes of democracy power and nationhood Disposing of stereotypical ideas about Scotland and the Scots this fresh approach to Scottish literature provides a critical interpretation of its distinctive style and presents the reader with an informative introduction to Scottish culture Coverage includes the Scottish enlightenment and the world of Boswell and David Hulme to the Scottish Renaissance associated with Hugh MacDiarmid Developments in the contemporary literary scene include John McGrath s theatre Company and the fiction and poetry of Alastair Gray and Ian Crichton Smith Particular attention is given to the work of Scottish women writers such as Lady Grizel Baillie and Liz Lochhead who have been much neglected in previous literature Theism Robert Flint,1891 Mona Maclean, medical student, by Graham Travers Margaret Georgina Todd,1892 The Zambesi Basin and Nyassaland Daniel J.
