Second Best Sister:

His Convenient Wife Ruth Ann Nordin, 2015-01-03 Harriett Larson has been in love with Stan Craftsman for years but he s never paid any attention to her Instead his focus has always been on her twin sister So when Stan proposes to Harriett she knows it s only because he needs a mother for the little girl he recently adopted And while her first reaction is to turn him down she can t bring herself to turn her back on an innocent child who needs her So it is with reluctance she agrees to marry him But only on one condition Theirs will never be anything more than a marriage of convenience She will not be vulnerable to him ever again But as soon as Stan marries her he regrets the deal he made She s not the wallflower he thought her to be In fact she s much more appealing than her sister The problem is how can he convince her of that so they can turn their marriage of convenience into something much more

Working with Adult Survivors of Child Sexual Abuse Elsa Jones, 2018-03-26 The author working from the Family Institute in Cardiff has been treating adult survivors of child sexual and physical abuse for several years and she has clearly and frankly described her work in this book She begins by describing the context for working with her clients then describes the way she has welded systemic thinking and a feminist perspective into a theoretical model she uses to understand the problem and to guide her own work with the survivors The descriptions of the therapeutic process are at the same time profound and simply conveyed Her work is further clarified by the inclusion of twenty case examples She shares her own dilemmas about working with adult survivors and in this way the book offers the reader support for the emotional impact of this work as well as a theoretical framework and suggestions about therapeutic technique

Disorderly Sisters Leila Silvana May, 2001 Historians and literary critics have long understood the crucial significance of the family to the nineteenth century middle class sensibility but almost all critical analyses to date have concentrated on the vertical pole of the familial axis the parent child relationship and very little on the horizontal pole the sibling bond This book looks beyond these analyses to show that at the core of nineteenth century domestic ideology is the figure of the sister

BOOK JACKET The Imposition of Form Claudia J. Brodsky, 2014-07-14 Claudia Brodsky skillfully combines close readings of narrative works by Goethe Austen Balzac Stendhal Melville and Proust with a detailed analysis of the relation between Kant s critical epistemology and narrative theory Originally published in 1987 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905
