Second Conquest Reflections II:

There Was a Country Chinua Achebe, 2012-10-11 From the legendary author of *Things Fall Apart* a long awaited memoir of coming of age in a fragile new nation and its destruction in a tragic civil war For more than forty years Chinua Achebe maintained a considered silence on the events of the Nigerian civil war also known as the Biafran War of 1967-1970 addressing them only obliquely through his poetry *Decades in the Making* *There Was a Country* is a towering account of one of modern Africa's most disastrous events from a writer whose words and courage left an enduring stamp on world literature A marriage of history and memoir vivid firsthand observation and decades of research and reflection *There Was a Country* is a work whose wisdom and compassion remind us of Chinua Achebe's place as one of the great literary and moral voices of our age *The Second Conquest* Solange Chaput-Rolland, 1970 **The Dalhousie Review** Herbert Leslie Stewart, 1970

Contemporary Federalist Thought in Quebec Antoine Brousseau Desautels, Stéphane Savard, 2023-06-15 Quebec's most recent attempts to assert its distinctiveness within Canada have relied on unilateral constitutional means to strengthen its French and secular character suggesting that an important change of political culture has taken place in Quebec With its diverse team of researchers *Contemporary Federalist Thought in Quebec* considers the recent history of the debate that once threatened Canada with disjunction exploring the federalist thought that continues to shape constitutional debate in Quebec Examining historical perspectives from 1950 to the present day the volume draws portraits of the key actors in the federalist movement including political leaders intellectuals academics activists and spokespersons for pressure groups comparing their various outlooks interventions and values and examining the ties that bind these actors to the sense of nationalism that emerged during Quebec's Quiet Revolution Taking a multidisciplinary approach *Contemporary Federalist Thought in Quebec* casts new light on the continuing debate surrounding Quebec's place in Canada and gives nuance to what is traditionally conceived as a rigid opposition between sovereigntists and federalists in the province **Theological Reflection:**

Methods, 2nd Edition Elaine Graham, Heather Walton, Frances Ward, 2019-02-27 *Theological Reflections Methods* offers a comprehensive collection of models of theological reflection By bringing this diverse collection together in one place the editors create a unique reference work that allows a clear and visible contrast and comparison as each model is treated formally and in a standard format Throughout each chapter the distinguishing features of the model are examined the genealogy and origins are discussed worked examples of the model applied to contemporary theology are provided and critical commentary future trends and exercises and questions are provided Now firmly established as an essential text on theological reflection this new edition has been revised and updated with a new introduction updated examples and refreshed bibliographies *The Murder of William of Norwich* E. M. Rose, 2015 In 1144 the mutilated body of William of Norwich a young apprentice leatherworker was found abandoned outside the city's walls The boy bore disturbing signs of torture and a story spread that it was a ritual murder performed by Jews in imitation of the Crucifixion as a mockery of

Christianity The outline of William's tale eventually gained currency far beyond Norwich and the idea that Jews engaged in ritual murder became firmly rooted in the European imagination E M Rose's engaging book delves into the story of William's murder and the notorious trial that followed to uncover the origin of the ritual murder accusation known as the blood libel in western Europe in the Middle Ages Focusing on the specific historical context 12th century ecclesiastical politics the position of Jews in England the Second Crusade and the cult of saints and suspensefully unraveling the facts of the case Rose makes a powerful argument for why the Norwich Jews and particularly one Jewish banker were accused of killing the youth and how the malevolent blood libel accusation managed to take hold She also considers four copycat cases in which Jews were similarly blamed for the death of young Christians and traces the adaptations of the story over time In the centuries after its appearance the ritual murder accusation provoked instances of torture death and expulsion of thousands of Jews and the extermination of hundreds of communities Although no charge of ritual murder has withstood historical scrutiny the concept of the blood libel is so emotionally charged and deeply rooted in cultural memory that it endures even today Rose's groundbreaking work driven by fascinating characters a gripping narrative and impressive scholarship provides clear answers as to why the blood libel emerged when it did and how it was able to gain such widespread acceptance laying the foundations for enduring antisemitic myths that continue to present

Reflection Sean Moore Ireton, Caroline Schaumann, 2012 Examines the lure of mountains in German literature philosophy film music and culture from the Middle Ages to the twenty first century Mountains have always stirred the human imagination playing a crucial role in the cultural evolution of peoples around the globe and becoming infused with meaning in the process Beyond their geographical geological significance mountains affect the topography of the mind whether as objects of peril or attraction of spiritual enlightenment or existential fulfillment of philosophical contemplation or aesthetic inspiration This volume challenges the oversimplified assumption that human interaction with mountains is a distinctly modern development one that began with the empowerment of the individual in the wake of Enlightenment rationalism and Romantic subjectivity These essays by European and North American scholars examine the lure of mountains in German literature philosophy film music and culture from the Middle Ages to the present with a focus on the interaction between humans and the alpine environment The contributors consider mountains not as mere symbolic tropes or literary metaphors but as
