Decker,Mitzi Kirkland-Ives,2021-09-09 Early modern audiences readerships and viewerships were not homogenous Differences in status education language wealth and experience to name only a few variables could influence how a group of people or a particular person received and made sense of sermons public proclamations dramatic and musical performances images objects and spaces The ways in which each of these were framed and executed could have a serious impact on their relevance and effectiveness The chapters in this volume explore the ways in which authors poets artists preachers theologians playwrights and performers took account of and encoded pluriform potential audiences readers and viewers in their works and how these varied parties encountered and responded to these works The contributors here investigate these complex interactions through a variety of critical and methodological lenses *An Elizabethan journal (A second Elizabethan journal, A last Elizabethan journal). Being a record of those things most talked of during the years 1591-1594 (1595-1598, 1599-1603.).* George Bagshawe Harrison,1928 *A Second Elizabethan Journal* George Bagshawe Harrison,1974 **Investigating Gunpowder Plot** Mark Nicholls,1991 This book takes a fresh look at the most famous treason case in English history a complex tale of treachery suspicion rebellion and retribution The author shows how starting

with the most slender of leads the Jacobean government built up a full picture of the conspiracy and tracked down the guilty men and brought them to justice The story does not end with the bloody executions of Guy Fawkes and his fellow conspirators in 1606 For the first time in a book on the Gunpowder treason the author investigates in depth the role in the plot played by the ninth earl of Northumberland seen by many as the plotters logical choice for a protector of the realm after blast who was imprisoned in the Tower for sixteen years on suspicion of complicity By examining the earl s political career in the years around 1605 the author shows how the government investigations though shedding much light on the plot never revealed the whole truth The author cuts through the distortions of centuries of political and religious propaganda to explain the real motives of the Gunpowder plotters The author disposes of the conspiracy theory which holds that the king s chief minister Robert Cecil Earl of Salisbury framed the conspirators for his own political purposes and sheds considerable light on the workings of early Jacobean government particularly the privy council This book should appeal to anyone interested in English history as well as historians and students of seventeenth century England *Islam in Britain, 1558-1685* Nabil I. Matar,1998-10-13 This book examines the impact of Islam on Britain between 1558 and 1685 Professor Matar provides a perspective on the transformation of British thought and society by demonstrating how influential Islam was in the formation of early modern British culture Christian Muslim interaction was not as is often thought primarily adversarial rather there was extensive cultural intellectual and missionary engagement with Islam in Britain The author documents conversion both to and from Islam and surveys reactions to these conversions He examines the impact of the Qur an and Sufism not to mention coffee on British culture and cites extensive interaction of Britons with Islam through travel in London coffee houses in church among converts to and from Islam in sermons and in plays Finally he focuses on the theological portrait of Muslims in conversionist and eschatological writings *Bookseller's catalogues* Thornton J. and son,1883 **Shakespeare: The Evidence** Ian Wilson,1999-01-15 This book takes on all of the famous Shakespearean debates from whether or not Shakespeare actually wrote his plays to speculation regarding his sexuality to the mysterious curse he set upon his own grave Publisher *The Swords of Shakespeare* J.D. Martinez,2013-03-27 Romeo and Juliet Macbeth Richard III and many other Shakespeare plays have at least one thing in common fight scenes usually with swords This book is a step by step guide to choreographing stage combat scenes particularly the principal duels both comic and tragic in Henry IV Henry VI Richard III Romeo and Juliet Hamlet Troilus and Cressida Othello King Lear Macbeth Coriolanus Cymbeline and The Two Noble Kinsmen The safety and training of actors is also covered as well as a brief history of Elizabethan swordplay The work includes 473 illustrations **Sir Anthony Sherley and His Persian Adventure** , *Speaking of the Moor* Emily C. Bartels,2010-08-03 Selected by Choice magazine as an Outstanding Academic Title Speak of me as I am Othello the Moor of Venice bids in the play that bears his name Yet many have found it impossible to speak of his ethnicity with any certainty What did it mean to be a Moor in the early modern period In the late sixteenth and early seventeenth centuries when

England was expanding its reach across the globe the Moor became a central character on the English stage In *The Battle of Alcazar* Titus Andronicus *Lust's Dominion* and *Othello* the figure of the Moor took definition from multiple geographies histories religions and skin colors Rather than casting these variables as obstacles to our and England's understanding of the Moor's racial and cultural identity Emily C Bartels argues that they are what make the Moor so interesting and important in the face of growing globalization both in the early modern period and in our own In *Speaking of the Moor* Bartels sets the early modern Moor plays beside contemporaneous texts that embed Moorish figures within England's historical record Richard Hakluyt's *Principal Navigations* Queen Elizabeth's letters proposing the deportation of England's blackamoors and John Pory's translation of *The History and Description of Africa* Her book uncovers the surprising complexity of England's negotiation and accommodation of difference at the end of the Elizabethan era

Catalogues Bernard Quaritch (Firm),1929 Shakespeare Reproduced Jean E Howard,Marion F O'Connor,2013-09-13 First published in 1987 The essays in *Shakespeare Reproduced* offer a political critique of Shakespeare's writings and the uses to which those writings are put Some of the essays focus on Shakespeare in his own time and consider how his plays can be seen to reproduce or subvert the cultural orthodoxies and the power relations of the late Renaissance Others examine the forces which have produced an overtly political criticism of Shakespeare and of his use in culture Contributors include Jean E Howard and Marion O Connor Walter Cohen Don E Wayne Thomas Cartelli Peter Erickson Karen Newman Thomas Moisan Michael D Bristol Thomas Sorge Jonathan Goldberg Robert Weimann Margaret Ferguson
