

Second Island Out

William C. Middlebrooks Jr.

Second Island Out:

50 WESTERNS (Vol. 2) Karl May, James Fenimore Cooper, Max Brand, B. M. Bower, Zane Grey, Jackson Gregory, Edgar Rice Burroughs, Emerson Hough, Andy Adams, Bret Harte, Owen Wister, Willa Cather, O. Henry, Grace Livingston Hill, Charles Alden Seltzer, Andre Norton, Dane Coolidge, Frederic Homer Balch, Frederic Remington, Robert W. Chambers, Frank H. Spearman, J. Allan Dunn, Robert E. Howard, Charles Siringo, 2023-11-22 *50 WESTERNS Vol 2* serves as an expansive tapestry of the American frontier weaving together a collection that spans a vibrant range of literary styles from the gritty realism of pioneer life to the mystifying allure of the untamed West This anthology encapsulates the diverse narratives and complex characters that have come to define the Western genre showcasing notable works that reflect the period's fluctuating social attitudes and evolving cultural identity Each story while unique in voice and perspective contributes to a larger dialogue on themes of adventure lawlessness morality and survival offering readers a comprehensive insight into the multifaceted landscape of American literature The contributing authors a conglomerate of seminal figures and unsung heroes of the Western literary canon bring together a rich historical and cultural background Figures like Karl May Zane Grey and Willa Cather among others represent the backbone of the genre their works acting as pivotal explorations of frontier life and its overarching mythos This collection in its assembly of authors aligns with and contributes to the understanding of various literary movements from romanticism to realism reflecting the transformative nature of American society and the indelible imprint of the West on the nation's collective imagination For enthusiasts and scholars alike *50 WESTERNS Vol 2* presents an unparalleled opportunity to delve into the heart of American literary tradition Through its curated selection readers are invited to traverse the rugged landscapes of the West engage with its dynamic characters and contemplate its enduring themes This anthology not only serves as an educational resource but also as a testament to the genre's evolution its ability to foster a dialogue among diverse narratives and its power to captivate imaginations across generations

Islands and Oceans Sasha Davis, 2020 Sovereignty is a term used by stateless people seeking decolonization as well as by dominant social groups struggling to reassert their socially privileged positions All sorts of political actors it seems are interested in sovereignty It is less clear however just what the term means and whether calls for sovereignty promote a politically progressive or conservative agenda Examining how sovereignty functions allows us to better understand the dangers promise and limitations of relying on it as a political strategy *Islands and Oceans* explores how struggles for decolonization self determination and political rights permeate conceptualizations of how sovereignty operates To support his theoretical claims Sasha Davis works through a series of case studies drawing on research that he conducted between 2013 and 2017 in Korea Guam Yap Palau the Northern Marianas Hawai'i and Honshu and Okinawa in Japan Because of the hybridized and contested arrangements of sovereignty in these territories these places are excellent sites to tease out some of the differences between official regimes of sovereignty and the actual control of social processes on the ground In addition analysis of the tensions

and acute debates over sovereignty in these regions lays bare how sovereignty works as a process Davis's study of these political cases within the Asia Pacific region advances our understanding the nature of sovereignty more generally

Beyond Pacifism William C. Middlebrooks Jr.,2008-06-30 The so called pacifist clause of the Japanese Constitution Article 9 binds the Japanese people forever to renounce war as a sovereign right of the nation and the threat or use of force as a means of settling international disputes Beyond Pacifism argues that Japan must either repeal Article 9 or face a future in which Japan might be compelled to surrender sovereign authority in order to appease one or more of its immediate neighbors If Japan cannot free itself of the constraints of its constitutional pacifism and choose to become a normal nation willing and able to defend itself and its interests it must endure what former Prime Minister Koizumi describes as the peace of slaves Since 1952 Japan has followed the path of reinterpreting Article 9 in order to work around its pacifist strictures Many Japanese party leaders including prime ministers Abe and Koizumi have called for Article 9 to be revised by the addition of a clause authorizing the use of force for the purpose of self defense against aggression directed against the Japanese nation Most foreign commentators and scholars urge Tokyo to continue to work around Article 9 without amendment By contrast the author argues that neither reinterpretation nor revision will allow Japan to counter the growing military threats from North Korea and China Japan's health as a democratic state contends Middlebrooks requires an honest re alignment of its law with its modern national identity which is normal and no longer poses a militaristic threat to regional stability

The Dragon Extends its Reach Larry M. Wortzel,2013-06-15 China has evolved from a nation with local and regional security interests to a major economic and political power with global interests investments and political commitments It now requires a military that can project itself around the globe albeit on a limited scale to secure its interests Therefore as Larry M Wortzel explains the Chinese Communist Party leadership has charged the People's Liberation Army PLA with new and challenging missions that require global capabilities Advances in technology and the development of indigenous weapons platforms in China combined with reactions to modern conflicts have produced a military force very different from that which China has fielded in the past Wortzel presents a clear and sobering picture of the PLA's modernization effort as it expands into space and cyberspace and as it integrates operations in the traditional domains of war This book will appeal to the specialist in security and foreign policy issues in Asia as well as to the person interested in arms control future warfare and global military strategies The book puts China's military growth into historical context for readers of recent military and diplomatic history

The Catholic Crusoe William Henry Anderdon,1867

Militarisation in East Asia. Considerations from the Works of Thucydides and Alfred Thayer Mahan Steve Micallef,2017-03 I believe China seeks hegemony in East Asia Simple as that Such were the words Admiral Harry Harris Commander U S Pacific Command PACOM used to describe Chinese actions in East Asia After two decades of effort towards modernization it seems that the People's Liberation Army Navy PLAN is in a position to challenge US primacy in East Asia The PLAN has developed

both in terms of capability and strategy through its emphasis on Anti Access Area Denial A2 AD and blue water forces embracing Alfred Thayer Mahan's ideas on access and sea control What we are witnessing in China is a shift in thinking from a continental viewpoint to a maritime one After a decade of wars in the Middle East the US has been taken by surprise Today it looks at China's naval build up as threatening The US has taken steps to refocus its attention on East Asia and meet the challenge of a contested sea The dynamics of the Sino American relation will also be examined through the lens of Thucydides and his ideas of great power This study discusses Mahan's and Thucydides influence on Chinese and American ways of thinking and whether it will impact the future trajectory of the Sino American relationship The main developments in capability and strategy on both sides will also be examined

60 WESTERNS: Cowboy Adventures, Yukon & Oregon Trail Tales, Famous Outlaws, Gold Rush Adventures Mark Twain, James Fenimore Cooper, Max Brand, James Oliver Curwood, B. M. Bower, Zane Grey, Jackson Gregory, Jack London, Emerson Hough, Will Lillibridge, Andy Adams, Bret Harte, Owen Wister, Washington Irving, Willa Cather, O. Henry, Grace Livingston Hill, Charles Alden Seltzer, Stephen Crane, Dane Coolidge, Marah Ellis Ryan, Frederic Homer Balch, Frederic Remington, Robert W. Chambers, Forrestine C. Hooker, Frank H. Spearman, J. Allan Dunn, Robert E. Howard, R.M. Ballantyne, Charles Siringo, 2024-01-17 Embark on an epic journey through the rugged terrains and untamed landscapes of North America with 60 WESTERNS Cowboy Adventures Yukon Oregon Trail Tales Famous Outlaws Gold Rush Adventures This anthology brings together an extraordinary tapestry of tales each capturing the spirit of adventure and survival that defined the American frontier From gripping encounters with notorious outlaws to the treacherous journeys of the Oregon Trail this collection immerses readers in a vivid array of literary styles ranging from realistic portrayals to romanticized depictions crafted by masters of the genre Each story stands out for its narrative prowess transcending regional and temporal boundaries to encapsulate the mythos of the Wild West The anthology features an illustrious roster of authors including literary giants like Jack London O Henry and Mark Twain whose works reflect diverse perspectives on the historical and cultural dynamics of the 19th and early 20th centuries These authors alongside cowboy poets and dime novelists have contributed to the rich tapestry of Western literature aligning with cultural movements such as Realism Naturalism and Romanticism Their collective voices skillfully capture the ethos of exploration and resilience that defined the frontier offering a nuanced exploration of ambition conflict and the quest for freedom For readers seeking a comprehensive dive into Western literature this anthology is an invaluable resource 60 WESTERNS not only showcases the multiplicity of styles and themes that have shaped the genre but also provides a unique glimpse into the cultural and historical contexts that continue to resonate today The volume serves as an educational treasure trove fostering a dialogue between past and present while ensuring the legacy of these adventurous tales endures Immerse yourself in these stories for an enriching exploration into America's rugged past where each piece offers a distinct window into the heart of western lore and legend

Asian Maritime Strategies Bernard D Cole, 2013-10-15 This book is concerned with both the

national security concerns of Asian maritime nations and the security of the Asian maritime commons These are defined as the Pacific and Indian Oceans and associated seas bays and gulfs with their included sea lines of communication SLOCs The most useful geographical designation for maritime Asia is the Indo Pacific Bernard Cole provides both a survey of the maritime strategies of the primary nations of the Indo Pacific region and an evaluation of the domestic and international politics that drive those strategies The United States Canada Russia Japan North Korea South Korea China the Philippines Brunei Indonesia Vietnam Singapore Malaysia Myanmar India Pakistan Iran the smaller Indian Ocean and Persian Gulf states are all surveyed and analyzed The United States Japan China and India not surprisingly draw the most attention given their large modern navies and distant strategic reach The author concludes that the United States remains the dominant maritime power in this huge region stretching from Canada to the Persian Gulf despite its lack of a traditionally strong merchant marine U S maritime power remains paramount due primarily to its dominant navy The Chinese naval modernization program deservedly receives a good deal of public attention but Cole argues that on a day to day basis the Japanese Maritime Self Defense Force as its navy is named is the most powerful maritime force in Far Eastern waters while the modernizing Indian Navy potentially dominates the Indian Ocean In fact a focus of this work is the exemplary description of all the region s navies with the author noting the naval arms race that is underway particularly in the area of submarine acquisition Cole is careful to couch this phenomenon in the regional concerns about Chinese naval expansion and the desire to ensure a continued massive U S naval presence The current naval developments in the region evince elements of a naval arms race but lack the coherent maritime strategies to make naval developments dangerous to regional peace and security Most telling will be whether United States power and focus remain on the region while adjusting to continued Chinese maritime power in a way acceptable to both nations No other current or recent work provides such a complete description of the Indo Pacific region s navies and maritime strategies while analyzing the current and future impact of those forces Eliza Cook's Journal

Eliza Cook,1850 **Eliza Cook's Journal** ,1850 **Tillamook Passage** Brian Ratty,2013-02 Tillamook Passage is a novel for young adults The story is historical fiction about the maritime trade of sea otter pelts and the Northwest coastal Indians In 1788 the sloop Lady Washington commanded by Captain Robert Gray discovers native villages on a large pristine bay which Gray names after the Indians Tillamook Barter with the natives initially friendly gives way to a surprise attack During the ensuing battle two young sailors become separated from the ship and must hide from the marauding Indians When their sloop vanishes into a foggy sea they are marooned in a remote and primitive land Their struggle playing out against endless forests rugged mountains and bountiful waters is an epic tale of clashing cultures fate trust and love Tillamook Passage is a thrilling testament to the iron wills brave hearts and sharp wits of the gritty jack tars who came before us Two worlds one destiny **The Nautical Magazine and Naval Chronicle... a Journal of Papers on Subjects Connected with Maritime Affairs** , **The Nautical Magazine** ,1838 *Alexander* Guy Maclean Rogers,2004-11-02 For nearly two and a

half millennia Alexander the Great has loomed over history as a legend and an enigma Wounded repeatedly but always triumphant in battle he conquered most of the known world only to die mysteriously at the age of thirty two In his day he was revered as a god in our day he has been reviled as a mass murderer a tyrant as brutal as Stalin or Hitler Who was the man behind the mask of power Why did Alexander embark on an unprecedented program of global domination What accounted for his astonishing success on the battlefield In this luminous new biography the esteemed classical scholar and historian Guy MacLean Rogers sifts through thousands of years of history and myth to uncover the truth about this complex ambiguous genius Ascending to the throne of Macedonia after the assassination of his father King Philip II Alexander discovered while barely out of his teens that he had an extraordinary talent and a boundless appetite for military conquest A virtuoso of violence he was gifted with an uncanny ability to visualize how a battle would unfold coupled with devastating decisiveness in the field Granicus Issos Gaugamela Hydaspes as the victories mounted Alexander's passion for conquest expanded from cities to countries to continents When Persia the greatest empire of his day fell before him he marched at once on India intending to add it to his holdings As Rogers shows Alexander's military prowess only heightened his exuberant sexuality Though his taste for multiple partners both male and female was tolerated Alexander's relatively enlightened treatment of women was nothing short of revolutionary He outlawed rape he placed intelligent women in positions of authority and he chose his wives from among the peoples he conquered Indeed as Rogers argues Alexander's fascination with Persian culture customs and sexual practices may have led to his downfall perhaps even to his death Alexander emerges as a charismatic and surprisingly modern figure neither a messiah nor a genocidal butcher but one of the most imaginative and daring military tacticians of all time Balanced and authoritative this brilliant portrait brings Alexander to life as a man without diminishing the power of the legend *A Scientific and Popular Treasury of Useful Knowledge* Alvin J. Johnson & Son,1880 **Parameters** ,2001

Asia Looks Seaward Toshi Yoshihara,James R. Holmes,2007-11-30 Asia is headed toward an uncertain and potentially volatile future in the maritime arena The two rising Asian powers China and India dependent as they are on seaborne commerce for their economic well being have clearly set their eyes on the high seas Yoshihara and Holmes offer a stark warning that many strategists in Beijing and New Delhi appear spellbound by the more militant visions of sea power Indeed both powers appear poised to develop the capacity to control the sea lanes through which the bulk of their commerce flows If they enter the nautical environment with such a martial mindset Asia could very well fall victim to regional rivalries that give rise to a vicious cycle of competition Yoshihara and Holmes provide the first examination of the simultaneous rise of two naval powers and the potential impact that such an oceanic reconfiguration of power in Asia could have on long term regional stability Their study analyzes the maritime interests and strategies of the littoral states in Asia as they prepare for the expected reordering of nautical affairs This long overdue assessment revisits underlying assumptions that have prevailed among strategy makers and provides a concrete policy framework for reducing the risk of confrontation in Asian waters

Taiwan Straits Bruce A. Elleman, 2014-12-16 In *Taiwan Straits Crisis in Asia and the Role of the U S Navy* historian Bruce Elleman surveys the situation that has led to the current tensions between China and Taiwan Starting in 1949 the final phase of the civil war in China which ended with Communist rule of the mainland and nationalist control of Taiwan this work explores how the 100 mile wide passage of water known as the Taiwan Strait has served as the geographic flashpoint between the two nations Even though U S Navy destroyers have patrolled this body of water from 1950 to 1979 it has seen four crises 1954 55 1958 1962 and after the withdrawal of the U S Navy 1995 96 that threatened to push Taiwan and China to the brink of war Notwithstanding the role of the United States in defusing cross strait tensions for some three decades and the cold peace that has settled in since then the Taiwan Strait continues to be a major source of anxiety for the region and the world *Taiwan Straits Crisis in Asia and the Role of the U S Navy* traces the evolution of this tension between the two nations details the history of the crises between them and brings this story forward into the present by considering continuing sources of conflict present diplomatic efforts by the aggrieved nations and other key interests from the United States and Europe to other regional powers and future possible outcomes in the ongoing struggle between China and Taiwan relations Simply written and cogently argued it is the ideal source for military personnel diplomats and scholars and student of the modern Far East
