Rylands Library,1899 **A Medievalist in the Eighteenth Century** Geoffrey Wilson,2012-12-06 It is a common belief that

in France the study of medieval literature as literature only began to gain recognition as a valid occupation for the scholar during the nineteenth century It is well known that historians of the sixteenth seventeenth and eighteenth centuries looked to

the literary productions of the Middle Ages for materials useful to their researches but it is only recently that the remarkable frequency of this reference has been appreciated and that scholars have become aware of an unbroken tradition of what

might best be described as historically oriented medievalism stretching from the sixteenth century to our own The

eighteenth century has drawn the greatest number of curious to this field for it is evident that the surprisingly extensive

researches undertaken then do much to explain the progress made a century later by the most celebrated generation of

medievalistst Very slowly we are coming to see the value of the contribution made by little known schol ars like La Curne de
