Second Gates Of Paradise:

The Second Gates of Paradise Alberto Manguel, 1994 In this volume of the eagerly awaited sequel to Alberto Manguel's bestselling erotic anthology a new selection of internationally distinguished authors including Tennessee Williams and Dorothy Allison offer more unforgettable tales of ecstasy and desire *The Second Gates of Paradise*, 2002 *The Portrayal of Christ in the Syriac Commentary on the Diatessaron* Christian Lange, Christian M. W. Lange, 2005 For a long time the Diatessaron has drawn the interest of modern scholars Some of the problems related to the Syriac Harmony of the Gospels have been solved Others still remain in dispute The Syriac Commentary on the Diatessaron attributed to Ephraem 306-373 is one of the most important witnesses to the wording of the Harmony Unfortunately most of the surviving Syriac folios of the text have been discovered only recently Consequently no detailed study on the Commentary has been undertaken yet It is the aim of this study to present this scholarly demand This Oxford dissertation deals with the questions of the difficult process of the Commentary's transmission and analyses both the Trinitarian and Christological understanding of its author By way of a comparison with the genuine Ephraem this study argues that the Commentary in its present form is a compilation from the hand of one of his disciples However it serves as an important source on the theological discussions in the Edessa of the late fourth and early fifth centuries [Naked Through the Gate: A Spiritual Autobiography, second edition](#) Joel Morwood, 2019-05-29 In this dramatic and engaging spiritual autobiography Joel Morwood candidly shares the struggles and insights of his remarkable journey to spiritual Awakening Joel Morwood is also the author of *The Way of Selflessness A Practical Guide to Enlightenment Based on the Teachings of the World's Great Mystics* and *Through Death's Gate A Guide to Selfless Dying* Since 1987 Joel has served as spiritual director of the Center for Sacred Sciences a non profit organization based in Eugene Oregon The Center for Sacred Sciences is dedicated to helping individual seekers on their spiritual paths as well as fostering the creation of a new worldview founded on the mystical teachings of The Great Tradition but presented in terms appropriate to our present scientific age **The Roman Breviary** Catholic Church, 1908 *Reign Of Christ In His Second Coming*, *Labors of Innocence in Early Modern England* Joanna Picciotto, 2010-06-15 Joanna Picciotto's *Labors of Innocence in Early Modern England* is a splendid study of the origins development and eventual decline of the Experimentalist tradition in seventeenth and early eighteenth century English letters In tracing out the arc of this intellectual and professional trajectory Picciotto engages productively with the crucial religious socio economic philosophical and literary movements associated with the ongoing labors of the innocent eye Eileen Reeves Princeton University [A Second Classroom](#) Torin M. Finser, 2014-08-26 What does a healthy successful school look like Is it all about measurable outcomes test scores and pass fail grades set by the government Can learning be quantified in short term measurements or does real learning take years to manifest in a career or biography All seem to agree that a healthy school is also a community and that community depends on the quality of relationships chiefly the relationships among students teachers and parents This book

features a comprehensive examination of the parent teacher relationship in all its dimensions from parent evenings and conferences to communication conflict and the life cycle of parent involvement in their school In between the chapters on practical advice are sections that consider the issues from a deeper spiritual dimension This book is intended to stimulate conversation self reflection and relational practices that awaken community life in and around our schools **Spring Catholic Church,1908** *The Second Coming of Christ* Sherburne Povah Tregelles Prideaux,1916 *Putting God Second* Donniel Hartman,2017-02-14 Why have the monotheistic religions failed to produce societies that live up to their ethical ideals A prominent rabbi answers this question by looking at his own faith and offering a way for religion to heal itself In *Putting God Second* Rabbi Donniel Hartman tackles one of modern life s most urgent and vexing questions Why are the great monotheistic faiths Judaism Christianity and Islam chronically unable to fulfill their own self professed goal of creating individuals infused with moral sensitivity and societies governed by the highest ethical standards To answer this question Hartman takes a sober look at the moral peaks and valleys of his own tradition Judaism and diagnoses it with clarity creativity and erudition He rejects both the sweeping denouncements of those who view religion as an inherent impediment to moral progress and the apologetics of fundamentalists who proclaim religion s moral perfection against all evidence to the contrary Hartman identifies the primary source of religion s moral failure in what he terms its autoimmune disease or the way religions so often undermine their own deepest values While God obligates the good and calls us into its service Hartman argues God simultaneously and inadvertently makes us morally blind The nature of this self defeating condition is that the human religious desire to live in relationship with God often distracts religious believers from their traditions core moral truths The answer Hartman offers is this put God second In order to fulfill religion s true vision for humanity an uncompromising focus on the ethical treatment of others religious believers must hold their traditions accountable to the highest independent moral standards Decency toward one s neighbor must always take precedence over acts of religious devotion and ethical piety must trump ritual piety For as long as devotion to God comes first responsibility to other people will trail far far behind In this book Judaism serves as a template for how the challenge might be addressed by those of other faiths whose sacred scriptures similarly evoke both the sublime heights of human aspiration and the depths of narcissistic moral blindness In *Putting God Second* Rabbi Hartman offers a lucid analysis of religion s flaws as well as a compelling resource and vision for its repair **The Preacher in Print. Second Series. The Golden Lectures ... 1853-56** Henry Melvill,1854 **A Commentary, on the First, Second, and Third Epistles of St. John. By Thomas Hawkins. [With the Text.]** ,1808 **Art in Renaissance Italy** John T. Paoletti,Gary M. Radke,2005 *Art in Renaissance Italy* sets the art of that time in its context exploring why it was created and in particular looking at who commissioned the palaces and cathedrals the paintings and the sculptures **Text-book to the Illustrations of the History of Art** Anton Springer,1883 *the prohibition on fasting in the second half of shabaan* IslamKotob, **An Art Lover's Guide to Florence** Judith

Testa,2012-09-15 No city but Florence contains such an intense concentration of art produced in such a short span of time The sheer number and proximity of works of painting sculpture and architecture in Florence can be so overwhelming that Florentine hospitals treat hundreds of visitors each year for symptoms brought on by trying to see them all an illness famously identified with the French author Stendhal While most guidebooks offer only brief descriptions of a large number of works with little discussion of the historical background Judith Testa gives a fresh perspective on the rich and brilliant art of the Florentine Renaissance in *An Art Lover's Guide to Florence* Concentrating on a number of the greatest works by such masters as Botticelli and Michelangelo Testa explains each piece in terms of what it meant to the people who produced it and for whom they made it deftly treating the complex interplay of politics sex and religion that were involved in the creation of those works With Testa as a guide armchair travelers and tourists alike will delight in the fascinating world of Florentine art and history

Lombardy Gillian B. Elliott,2022-06-24 This book explores the issue of ecclesiastical authority in Romanesque sculpture on the portals and other sculpted gateways of churches in the north Italian region of Lombardy Gillian B Elliott examines the liturgical connection between the ciborium over the altar the most sacred threshold inside the church and the sculpted portals that appeared on church exteriors in medieval Lombardy In cities such as Milan Civate Como and Pavia the liturgy of Saint Ambrose was practiced as an alternative to the Roman liturgy and the churches were constructed to respond to the needs of Ambrosian liturgy Not only do the Romanesque churches in these places correspond stylistically and iconographically but they were also linked politically in an era of intense struggle for ultimate regional authority The book considers liturgical and artistic links between interior church furnishings and exterior church sculptural programs and also applies new spatial methodologies to the interior and exterior of churches in Lombardy The book will be of interest to scholars working in art history medieval studies architectural history and religious studies
