Second Mother Prophecy Coles,2015-02-20 The Shadow of the Second Mother explores why has there been such little
interest in psychology social history and biography in the important contribution that second mothers such as wet nurses and
nannies have had upon the emotional life of the children they have nursed For the last three thousand years and throughout
most civilisations they have nurtured the children of the privileged and kept alive the abandoned and unwanted child and yet
there has been a profound silence surrounding the influence they may have had The author explores the lives of several well
known people who have been wet nursed such as Michelangelo Rousseau Jack London Nabokov and Klein She speculates
that they all were affected emotionally by their second mother and concludes that a universal feature of such delegated
mothering seems to be that the bond between mother and child is broken and the child may be left with a life long distrust of
close relationships In The Shadow of the Second Mother Coles combines an exploration of attachment theory with neurology
making it possible to give an explanation as to why these important figures have lain unnamed and ignored in our social and
psychological consciousness This intriguing new approach to an ancient practice will be fascinating reading for
psychotherapists psychoanalysts sociologist and students of social history Two Gold Rings and the Legend of Tall Tree
Thomas D. Payne,2011-02-26 In the year 1770 twenty year old Jacob Harris was called before the king who knew of his great
desire to go to the New World across the ocean In respect for the dedicated service of Jacob s father and grandfather to the
Crown the king presented him with a land grant of ten thousand acres boat passage and enough gold coins to start a new life
in the new land Jacob fell to his knees upon seeing for the first time the magnificent virgin trees and giving the name of Tall

Tree to the vast acreage He spent twenty years carving out many acres to plant and acres for grazing and built a large brick house before marrying Ruth now thirty years old whom he first met on the boat as a shy ten year old A little girl at the time telling her mother she just met the only man she would ever consider marrying someday Several years after their marriage they had one son William Jacob even though he purchased slaves to help him and three other white men to clear the land never treated them as slaves taking time to educate them to do things and think on their own William who later inherited the land followed and improved on his father s ideas in the treatment of the black people As a young boy he forged a bond of great friendship with another young boy at the time A boy of the black race who by a quirk of nature grew to a gigantic size A sad time in the period of the Civil War fate brought with her a heavy hand full of tragedies to dump on the beautiful grounds of Tall Tree and its inhabitants The many tragedies that seemed to be unfair in its great toll on the Harris family One was to cause the disappearance of two special gold rings to finally return home from their travels in 1945 and to try once again to bring about the happiness they were forged to do eighty one years ago *The Complete Concordance to Shakespeare* Mary Cowden Clarke,1878 *The Complete Concordance to Shakespere: Being a Verbal Index to All the Passages in the Dramatic Works of the Poet* Mary Victoria Cowden CLARKE,1845
