Second Reich:

Germany's Second Reich James Retallack, 2015-07-06 Despite recent studies of imperial Germany that emphasize the empire's modern and reformist qualities the question remains to what extent could democracy have flourished in Germany's stony soil In Germany's Second Reich James Retallack continues his career long inquiry into the era of Bismarck and Kaiser Wilhelm II with a wide ranging reassessment of the period and its connections with past traditions and future possibilities In this volume Retallack reveals the complex and contradictory nature of the Second Reich presenting Imperial Germany as it was seen by outsiders and insiders as well as by historians political scientists and sociologists ever since *Bismarck and the Creation of the Second Reich* Friedrich Darmstaedter, 2017-09-29 Chancellor Otto Bismarck's greatness lay in what he created the German Reich of 1871 This Reich was the product of his genius and in it his genius took complete shape In less than a decade German chaos was brought to an end and in its place a homogeneous state began to arise The structure of this state left no room for opposing political forces but rather made ready a roof under which these forces might rally support each other and gain strength Bismarck and the Creation of the Second Reich begins as a biography but continues as a description of his political life and the ideas that led to the birth of an authoritarian political culture The community from which Bismarck formed his conception of the state was first the family and clan then the landlord caste and finally the people These communities found their unifying force in the Kaiser who as their patriarchal head enjoyed divine honors as ruler by the grace of God The existence of the state was justified as the framework within which these communities existed and it had thus a biological as well as a religious content This idea of the state as the supreme moral command of religion was too powerful a driving force to be dropped in favor of the rational view of the state as a potential war machine Bismarck reconciled the two concepts by use of the concept of a people in arms an idea which had originated in German history as a means of defense but which was changed into one of aggression In order to become a means of aggression it was changed into a moral precept commanded by religion and indeed into the supreme precept Through the unfolding of the political life of Bismarck we find the roots of the Nazi Third Reich the inability of the people to educate themselves about politics enough to effect any change or satisfy their own political needs In this loss of control the authoritarian regime grew stronger Though Bismarck's work led to the creation and implementation of the Second Reich it is in the Third Reich that we find the devilish distortion that was its fruit This volume is an essential tool for understanding twentieth century German history *My Revision Notes Edexcel AS History: From Second Reich to Third Reich: Germany, 1918-45* Barbara Warnock, 2014-01-31 Unlock your full potential with this revision guide which focuses on the key content and skills you need to know My Revision Notes Edexcel AS History From Second Reich to Third Reich Germany 1918 45 closely combines the content of this Edexcel AS unit with revision activities and advice on exam technique In addition each section has a model answer with exam tips for you to analyse and better understand what is required in the exam Makes revision of the content manageable by condensing

Democracy, Economy, and Conservatism Milan Zafirovski, 2007-01-01 This book reconsiders the relationship of modern free society in particular political democracy and a free market economy and conservatism as its formidable adversary Milan Zafirovski identifies and documents the several ways conservatism functions as the nemesis of the democracy and the free market He provides discussion on forms of conservative government and the rise of nationalism imperialism and militarism with special attention to wars of aggression and the threat of mutually assured destruction MAD Combining economic and sociological theories gives the book a solid interdisciplinary approach allowing for a thorough analysis of conservatism's overt and covert threats to modern free society Zafirovski focuses on anti democratic phenomena and uses historical and empirical evidence to support his assertions that the liberal democratic ideal of individual and political liberty that most Western societies hold so dear is put at risk by the rise in conservatism on a global scale **End**

of Days Carolyn Kinane, Michael A. Ryan, 2014-01-10 The idea of the complete annihilation of all life is a powerful and culturally universal concept As human societies around the globe have produced creation myths so too have they created narratives concerning the apocalyptic destruction of their worlds This book explores the idea of the apocalypse and its reception within culture and society bringing together 17 essays that explore both the influence and innovation of apocalyptic ideas from classical Greek and Roman writings to the foreign policies of today's United States **THE ROMAN SALUTE - Martin M. Winkler book confirms Professor Dr. Rex Curry's Discoveries ARE CORRECT** Ian Tinny, Jairely Tripleday, Daysi Caridad, Jaisely Thimblorig, Martin M Winkler's research in The Roman Salute verifies Historian Dr Rex Curry's discoveries including 1 Adolf Hitler and Benito Mussolini borrowed their infamous salutes from the USA's Francis Bellamy The socialist Bellamy from Rome New York was the origin of the Roman Salute used later by the socialist Adolf Hitler and by the long time socialist leader Benito Mussolini which Mussolini learned when he was a socialist too 2 The Roman Salute phrase was inspired by Rome New York the hometown of Francis Bellamy author of the USA's Pledge of Allegiance and a Roman from New York who attended Rome Free Academy RFA All New York Romans were proud to hear and read of his Youth's Companion success and his lengthy Pledge of Allegiance presentation in 1892 Soon RFA was doing Bellamy's Roman salute daily 3 In 1898 New York mandated Bellamy's Roman Salute with the pledge In 1899 the Broadway play Ben Hur opened and used Bellamy's Roman salute solidifying the Bellamy Salute as the Roman Salute The Ben Hur play also exported it abroad to Germany and Italy and everywhere 4 New York City became Grand Central Station for the distribution of America's Nazi salute worldwide Pride swelled for New York's Romans and all New Yorkers and the USA As the decades passed that pride evaporated It evolved into today's deranged lying to hide American Heritage 5 The socialist Bellamy's 1892 American Nazi salute caused the painting Oath of the Horatii to be referred to as a Roman Salute beginning

in 2003 and thereafter see the etymological genealogy and derivation that exposes deranged lying by modern socialists The USA s population was 134 million in 1942 when Congress changed the Roman Bellamy s Socialist Salute Almost all those millions including armed forces stationed abroad for years who helped spread Bellamy s salute were familiar with the Roman Bellamy s Socialist Salute and they knew that it was the origin of Germany s socialist salute and Italy s socialist salute adopted by the long time socialist leader Mussolini who learned the American salute when he was a socialist No Americans believed it came from a French painting The circumstances show that Congress changed the gesture because Congress knew the Roman Bellamy s Socialist Salute was the origin of Germany s socialist salute and Italy s socialist salute Many Americans ignored Congress meddling and proudly retained their salute saying That s our salute and We had it first and violent socialists abroad should stop stealing it

The Special Relationship between West Germany and Israel Lily Gardner Feldman,2025-04-30 First Published in 1984 The Special Relationship between West Germany and Israel stresses the uniqueness of the historical ties between Germans and Jews but attempts to set the implementation of post war German Israeli policy relations in the context of a general theory of bilateral ties between states Lily Gardner Feldman has articulated the concept of the special relationship and indicated its relevance for other international partnerships including those between France and Germany and the United States and Israel It is difficult to imagine a less likely bilateral relationship of friendship and mutual support after World War II than one between Germans and Jews Yet in their simultaneous efforts to establish legitimacy in the family of nations the Federal Republic of Germany and Israel turned to each other And so in one of history s greatest ironies West Germany looked to Israel for the Nazi victims to acknowledge the moral acceptability of the successor state and Israel looked to as Germany as the lone industrial state with both the means and the will to provide a measure of economic security This book reveals the intricacies of the German Israeli policy relationship in a setting of extensive and complicated ties between German and Israeli societies and individuals It is based on more than 100 interviews with key actors in erstwhile West Germany and Israel The innovative combination of theory and practice about such dramatic historical and contemporary importance should appeal not only to academics but also to the policy communities

Bismarck and the Creation of the Second Reich Friedrich Darmstaedter, 2017-09-29 Chancellor Otto Bismarck's greatness lay in what he created the German Reich of 1871 This Reich was the product of his genius and in it his genius took complete shape In less than a decade German chaos was brought to an end and in its place a homogeneous state began to arise The structure of this state left no room for opposing political forces but rather made ready a roof under which these forces might rally support each other and gain strength Bismarck and the Creation of the Second Reich begins as a biography but continues as a description of his political life and the ideas that led to the birth of an authoritarian political culture The community from which Bismarck formed his conception of the state was first the family and clan then the landlord caste and finally the people These communities found their unifying force in the Kaiser who as their patriarchal head enjoyed divine honors as ruler by the grace of God The existence of the state was justified as the framework within which these communities existed and it had thus a biological as well as a religious content This idea of the state as the supreme moral command of religion was too powerful a driving force to be dropped in favor of the rational view of the state as a potential war machine Bismarck reconciled the two concepts by use of the concept of a people in arms an idea which had originated in German history as a means of defense but which was changed into one of aggression In order to become a means of aggression it was changed into a moral precept commanded by religion and indeed into the supreme precept Through the unfolding of the political life of Bismarck we find the roots of the Nazi Third Reich the inability of the people to educate themselves about politics enough to effect any change or satisfy their own political needs In this loss of control the authoritarian regime grew stronger Though Bismarck's work led to the creation and implementation of the Second Reich it is in the Third Reich that we find the devilish distortion that was its fruit This volume is an essential tool for understanding twentieth century German history

Language, Religion and National Identity in Europe and the Middle East John Myhill, 2006-01-01 This book discusses the historical record of the idea that language is associated with national identity demonstrating that different applications of this idea have consistently produced certain types of results Nationalist movements aimed at unification based upon languages which vary greatly at the spoken level e g German Italian Pan Turkish and Arabic have been associated with aggression fascism and genocide while those based upon relatively homogeneous spoken languages e g Czech Norwegian and Ukrainian have resulted in national liberation and international stability It is also shown that religion can be more important to national identity than language but only for religious groups which were

understood in premodern times to be national rather than universal or doctrinal e g Jews Armenians Maronites Serbs Dutch and English this is demonstrated with discussions of the Holocaust the Armenian Genocide the civil war in Lebanon and the breakup of Yugoslavia the United Netherlands and the United Kingdom **After Unity** Konrad Hugo Jarausch,1997 In order to probe this new uncertainty and to explore the consequences of unification for German politics history and culture political scientists historians and literary scholars have come together in this volume to focus on the main issues of the current debate such as the shadow of the Nazi past the threat of xenophobia new regional tensions persistent problems of gender relations and the future shape of Europe **Hitler's Second Book** Adolf Hitler,2013-10-18 The unpublished followup to Hitler s autobiography never published during the dictator s lifetime includes details of his vision for a foreign policy based on continual aggression that would inevitably result in a confrontation with the United States which he saw as a major stumbling block to his plans **The Visions of Daniel** Jimmie L. Chapman,2009-08 The future is now We live in an exciting time We are seeing some of the prophecies of Daniel being fulfilled now They are in the news almost daily All of the last days prophecies are centered around Israel The Visions of Daniel Explained follows the last day s prophecies of Daniel right down to the end of their fulfillment Each prophetic scene is explained in vivid detail while using scriptural confirmation for each interpretation New author Jimmie L Chapman draws from forty four years of studies in Bible Prophecies and Theology to give us some unique and refreshing insights into the interpretation of prophecy Join us on our journey of discovery as we explore each of Daniel s prophecies and gain a deeper understanding of their meaning Rejoice with us as we discover God is fulfilling his word right before our eyes in Israel and the Middle East **My Revision Notes Edexcel A2 History: From Kaiser to Führer: Germany 1900-45** Barbara Warnock,2013-02-22 Unlock your potential with this revision guide which provides both the key content you need to know for this A2 History unit and guidance on how to apply it for better grades Written by senior examiners and experienced teachers this series closely combines the content of AS and A2 level history topics for AQA Edexcel and OCR history specifications with revision activities and advice on exam technique In addition each section has a model answer with exam tips for you to analyse and better understand what is required in the exam Makes revision of the content manageable by condensing topics into easy to revise chunks Encourages active revision by closely combining content with a variety of different activities Helps improve exam technique through tailor made activities and plenty of guidance on how to answer questions **Party Politics in Germany** C. Lees,2005-09-20 Party Politics in Germany is the only English language study of its kind and examines the phenomenon of party politics in the Federal Republic through comparison across time and space It draws upon new data from the 2002 Federal elections and recent Land elections as well as on a far more explicitly comparative literature than is generally found in single country studies The book not only sheds new light on political phenomena in Germany but also allows students of the comparative method to apply some of the key concepts models and approaches with which they are familiar to the rich context of a single country study *30-Second Politics*

Steven L. Taylor, 2012-06-01 You may be OK with standard stuff like Conservatism and Democracy but do you really know what Patrimonialism is And what about Oligarchy Anarcho syndicalism Politics is we are willing to bet the most passionately argued over subject matter and yet how many of us flounder around in confrontational debates because we have no grip on political theory just a vague notion that they are all out to get us 30 Second Politics will help dispel this fog mistrust and paranoia It challenges political theorists of all colors to come up with no frill no spin tell it like it is explanations of the 50 most important political isms archies and ocracies that have pertained since the time of Periclean Athens At no public expense the book explains each political theory in nothing more than two pages 300 words and some propaganda style imagery for we all know that a picture opportunity is worth a thousand words of dull interview **The Menace of the Herd**

John Close, 2013-10-15 Modern mergers and acquisitions or M A as it s more commonly known is a new phenomenon The buying and selling the breaking up and combining of companies the essence of M A has been a part of commerce throughout history but only in our era has M A itself become a business In 2007 before the recession hit it was a 4 4 trillion global enterprise And yet it remains largely unexplored Discrete stories have been pulled from the annals of M A both true and fictionalized that have become touchstones for wealth and excess Who can forget Gordon Gekko and his Greed is Good speech But while there have been a few iconic characters and tales to emerge no one has told the rich history of M A until now This is a look into that world and the people who created it This reads like Dallas meets Wall Street told through an intriguing narrative that not only brings to light in gritty detail all of the back room drama of such powerful players as Carl Icahn and Ronald Perelman Marty Lipton and Joe Flom Jimmy Goldsmith and Sumner Redstone but also reveals how the new generation including activist whirlwind Bill Ackman and iconoclastic new Delaware judge Leo Strine will dominate the next tsunamic and imminent M A boom
