Representatives**

Secrecy In The Bush Administration:

Secrecy in the Bush Administration Siegfried D. Barone, 2007 Open and accountable government is one of the bedrock principles of our democracy Yet virtually since inauguration day questions have been raised about the Bush Administration's commitment to this principle News articles and reports by independent groups over the last four years have identified a growing series of instances where the Administration has sought to operate without public or congressional scrutiny At the request of Rep Henry A Waxman this report is a comprehensive examination of secrecy in the Bush Administration It analyses how the Administration has implemented each of our nation's major open government laws The report finds that there has been a consistent pattern in the Administration's actions laws that are designed to promote public access to information have been undermined while laws that authorize the government to withhold information or to operate in secret have repeatedly been expanded The cumulative result is an unprecedented assault on the principle of open government

Secrecy in the Bush Administration United States House of Representatives, 2004-12-01 Open and accountable government is one of the bedrock principles of our democracy Yet virtually since inauguration day questions have been raised about the Bush Administration's commitment to this principle News articles and reports by independent groups over the last four years have identified a growing series of instances where the Administration has sought to operate without public or congressional scrutiny At the request of Rep Henry A Waxman this report is a comprehensive examination of secrecy in the Bush Administration It analyzes how the Administration has implemented each of our nation's major open government laws The report finds that there has been a consistent pattern in the Administration's actions laws that are designed to promote public access to information have been undermined while laws that authorize the government to withhold information or to operate in secret have repeatedly been expanded The cumulative result is an unprecedented assault on the principle of open government The Administration has supported amendments to open government laws to create new categories of protected information that can be withheld from the public President Bush has issued an executive order sharply restricting the public release of the papers of past presidents The Administration has expanded the authority to classify documents and dramatically increased the number of documents classified It has used the USA Patriot Act and novel legal theories to justify secret investigations detentions and trials And the Administration has engaged in litigation to contest Congress' right to information The records at issue have covered a vast array of topics ranging from simple census data and routine agency correspondence to presidential and vice presidential records Among the documents that the Administration has refused to release to the public and members of Congress are 1 the contacts between energy companies and the Vice President's energy task force 2 the communications between the Defense Department and the Vice President's office regarding contracts awarded to Halliburton 3 documents describing the prison abuses at Abu Ghraib 4 memoranda revealing what the White House knew about Iraq's weapons of mass destruction and 5 the cost estimates of the Medicare prescription

drug legislation withheld from Congress There are three main categories of federal open government laws 1 laws that provide public access to federal records 2 laws that allow the government to restrict public access to federal information and 3 laws that provide for congressional access to federal records In each area the Bush Administration has acted to restrict the amount of government information that is available **Secrecy in the Bush administration** United States. Congress. House. Committee on Government Reform. Special Investigations Division,2004 **On Restoring Open Government** Committee of Government Reform,House Of U. S. House of Representatives,2005-11-01 Open and accountable government is one of the bedrock principles of our democracy Yet virtually since Inauguration Day questions have been raised about the Bush Administration s commitment to this principle News articles and reports by independent groups over the last four years have identified a growing series of instances where the Administration has sought to operate without public or congressional scrutiny t he Bush Administration has acted to restrict the amount of government information that is available Executive Summary Secrecy in the Bush AdministrationProduced at the request of Rep Henry A Waxman D CA this report is a comprehensive examination of secrecy in the Bush Administration It analyzes how the Administration has implemented our nation s major open government laws yet have worked consistently to undermine them The information contained in ON RESTORING OPEN GOVERNMENT Secrecy in the Bush Administration covers a wide assortment of topics from restricting the public release of the papers of past presidents to expansion of the authority to classify documents to the dramatic increase in the number of documents classified Among the documents the Bush Administration have classified and refused to release to the public and members of Congress include Contact between energy companies and Vice President Dick Cheney s energy task force Communications between the Defense Department and the Vice President s office about contracts awarded to Halliburton Documents describing the prison abuses at Abu Ghraib and the military s related actions Information regarding what The White House knew about Iraq s weapons of mass destructionIncluded is a section relating to Restoring Open Government H R Bill 5073 proposed in September 2004 by Rep Henry A Waxman and referred to The Committee on Government Reform **Secrecy in the Bush Administration** United States. Congress. House. Committee on Government Reform. Special Investigations Division,2004 **Presidential Secrecy and the Law** Robert M. Pallitto,William G. Weaver,2007-05-01 A look at how U S presidents from Truman to George W Bush employed secrecy and how it has affected the presidency and the American government State secrets warrantless investigations and wiretaps signing statements executive privilege the executive branch wields many tools for secrecy Since the middle of the twentieth century presidents have used myriad tactics to expand and maintain a level of executive branch power unprecedented in this nation s history Most people believe that some degree of governmental secrecy is necessary But how much is too much At what point does withholding information from Congress the courts and citizens abuse the public trust How does the nation reclaim rights that have been controlled by one branch of government With Presidential Secrecy and the Law Robert M Pallitto and William G

Weaver attempt to answer these questions by examining the history of executive branch efforts to consolidate power through information control They find the nation s democracy damaged and its Constitution corrupted by staunch information suppression a process accelerated when black sites enemy combatants and ghost detainees were added to the vernacular following the September 11 2001 terror strikes Tracing the current constitutional dilemma from the days of the imperial presidency to the unitary executive embraced by the administration of George W Bush Pallitto and Weaver reveal an alarming erosion of the balance of power Presidential Secrecy and the Law will be the standard in presidential powers studies for years to come The well organized and clearly written book illustrates the way the president s use of document classification and state secrets privilege to solidify presidential control are reinforced by legal decisions sympathetic to presidential power Chronicle of Higher Education

The Secrets of the Kingdom Hugh B. Urban, 2007 The presidency of George W Bush contains at its very heart a fundamental paradox and apparent contradiction On the one hand this is the most outspokenly religious president in U S history a man who claims to be called by God to lead our country Yet at the same time this is also the most secretive administration in U S history displaying an intense preoccupation with information control an obsession with secrecy more extreme than the Nixon White House The Secrets of the Kingdom is the first book to critically examine the complex relationship between faith and concealment in the Bush White House The apparent contradiction between religion and secrecy in this administration the book argues is really only that an apparent one In fact religion and secrecy not only co existent in this White House they are intimately intertwined For both are ultimately about power namely the power that comes from the appeal to a divine authority and the power that comes from the calculated control of valuable information The result of this mix of religious fervor and obsessive secrecy has been an unprecedented assertion of executive power and defiance of public or congressional oversight Ultimately such a blending of religious faith and government secrecy has little in common with the model of democracy outlined in our Constitution on the contrary this is its very undoing valuable information The result of this mix of religious fervor and obsessive secrecy has been an unprecedented assertion of executive power and defiance of public or congressional oversight Ultimately such a blending of religious faith and government secrecy has little in common with the model of democracy outlined in our Constitution on the contrary this is its very undoing valuable information The result of this mix of religious fervor and obsessive secrecy has been an unprecedented assertion of executive power and defiance of public or congressional oversight Ultimately such a blending of religious faith and government secrecy has little in common with the model of democracy outlined in our Constitution on the contrary this is its very undoing valuable information The result of this mix of religious fervor and obsessive secrecy has been an unprecedented assertion of executive power and defiance of public or congressional oversight Ultimately such a blending of religious faith and government secrecy has little in common with the model of democracy outlined in our Constitution on the contrary this is its very undoing

Government Secrecy Susan Maret, 2011-01-26 Divided into six sections this title

examines Government secrecy GS in a variety of contexts including comparative examination of government control of information new definitions categories censorship ethics and secrecy s relationship with freedom of information and transparency

National Security Secrecy Sudha Setty, 2017-07-13 Excessive government secrecy in the name of counterterrorism has had a corrosive effect on democracy and the rule of law In the United States when controversial national security programs were run by the Bush and Obama administrations including in areas of targeted killings torture extraordinary rendition and surveillance excessive secrecy often prevented discovery of those actions Both administrations insisted they acted legally but often refused to explain how they interpreted the governing law to justify their actions They also fought to keep Congress from exercising oversight to keep courts from questioning the legality of these programs and to keep the public in the dark Similar patterns have arisen in other democracies around the world In *National Security Secrecy* Sudha Setty takes a critical and comparative look at these problems and demonstrates how government transparency privacy and accountability should provide the basis for reform

Secrecy, National Security and the Vindication of Constitutional Law D. Cole, 2013 This is an important collection of scholarly essays that will illuminate positive legal developments and normative constitutionalist concerns in the expanding arena of secret government decisions This book is indispensable reading for those concerned with constitutionalism the rule of law and democracy as they bear on the tensions between secrecy and disclosure in government responses to terrorism Vicki C Jackson Harvard University Law School US This book contains the broadest and deepest analysis of the legal and policy issues that relate to secrecy and national security on one hand and the imperatives of a functioning democracy on the other The broadest because it brings to bear materials from many countries the deepest because it brilliantly explores a core problem of constitutional government Norman Dorsen New York University US and President American Civil Liberties Union 1976 1991 Virtually every nation has had to confront tensions between the rule of law demands for transparency and accountability and the need for confidentiality with respect to terrorism and national security This book provides a global and comparative overview of the implications of governmental secrecy in a variety of contexts Expert contributors from around the world discuss the dilemmas posed by the necessity for and evils of secrecy and assess constitutional mechanisms for checking the abuse of secrecy by national and international institutions in the field of counter terrorism In recent years nations have relied on secret evidence to detain suspected terrorists and freeze their assets have barred lawsuits alleging human rights violations by invoking state secrets and have implemented secret surveillance and targeted killing programs The book begins by addressing the issue of secrecy at the institutional level examining the role of courts and legislatures in regulating the use of secrecy claims by the executive branch of government From there the focus shifts to the three most vital areas of anti terrorism law preventive detention criminal trials and administrative measures notably targeted economic sanctions The contributors explore how assertions of secrecy and national security in each of these areas affect the functioning of the legal system and the application of

procedural justice and fairness Students professors and researchers interested in constitutional law international law comparative law and issues of terrorism and security will find this an invaluable addition to the literature Judges lawyers and policymakers will also find much of use in this critical volume *Secrecy in the Sunshine Era* Jason Ross Arnold,2014-08-25 A series of laws passed in the 1970s promised the nation unprecedented transparency in government a veritable sunshine era Though citizens enjoyed a new arsenal of secrecy busting tools officials developed a handy set of workarounds from over classification to concealment shredding and burning It is this dark side of the sunshine era that Jason Ross Arnold explores in the first comprehensive comparative history of presidential resistance to the new legal regime from Reagan Bush to the first term of Obama Biden After examining what makes a necessary and unnecessary secret Arnold considers the causes of excessive secrecy and why we observe variation across administrations While some administrations deserve the scorn of critics for exceptional secrecy the book shows excessive secrecy was a persistent problem well before 9 11 during Democratic and Republican administrations alike Regardless of party administrations have consistently worked to weaken the system s legal foundations The book reveals episode after episode of evasive maneuvers rule bending clever rhetorical gambits and downright defiance an army of secrecy workers in a dizzying array of institutions labels all manner of documents top secret while other government workers and agencies manage to suppress information with a sensitive but unclassified designation For example the health effects of Agent Orange and antibiotic resistant bacteria leaking out of Midwestern hog farms are considered too sensitive for public consumption These examples and many more document how vast the secrecy system has grown during the sunshine era Rife with stories of vital scientific evidence withheld justice eluded legalities circumvented and the public interest flouted *Secrecy in the Sunshine Era* reveals how our information society has been kept in the dark in too many ways and for too long *The Secrets of Law* Austin Sarat,Lawence Douglas,Martha Merrill Umphrey,2012-10-31 *The Secrets of Law* explores the ways law both traffics in and regulates secrecy Taking a close look at the opacity built into legal and governance processes it explores the ways law produces zones of secrecy the relation between secrecy and justice and how we understand the inscrutability of law s processes The first half of the work examines the role of secrecy in contemporary political and legal practices including the question of transparency in democratic processes during the Bush Administration the principle of public justice in England s response to the war on terror and the evidentiary law of spousal privilege The second half of the book explores legal literary and filmic representations of secrets in law focusing on how knowledge about particular cases and crimes is often rendered opaque to those attempting to access and decode the information Those invested in transparency must ultimately cultivate a capacity to read between the lines decode the illegible and acknowledge both the virtues and dangers of the unknowable *Locations of Knowledge in Medieval and Early Modern Europe* Kocku Von Stuckrad,2010 Addressing discourses of perfect knowledge in Western culture between 1200 and 1800 this book integrates the study of Western esotericism in a larger analytical framework of

European history of religion Necessary Secrets: National Security, the Media, and the Rule of Law Gabriel Schoenfeld, 2011-05-23 An intensely controversial scrutiny of American democracy's fundamental tension between the competing imperatives of security and openness Handbook of Public Information Systems Judith Graham, Alison Kelly, 2010-03-10 Delivering IT projects on time and within budget while maintaining privacy security and accountability remains one of the major public challenges of our time In the four short years since the publication of the second edition of the Handbook of Public Information Systems the field of public information systems has continued to evolve This evolution

Noble Cause Corruption, the Banality of Evil, and the Threat to American Democracy, 1950-2008 John DiJoseph, 2010-04-12 Noble Cause Corruption the Banality of Evil and the Threat to American Democracy 1950 2008 is a probe of the mindset of American government officials from presidents of the United States on down who decided that necessity required that the American democracy had to be defended by actions and policies that were contrary to the traditional ideals of the democracy The emphasis is on the activities of the U S military and intelligence agencies The probe relies for its historical data on well recognized previously published reports and histories The probe is unique in that it focuses on the mindset of the individuals involved The analysis of the mindset ranges from Aristotle the latest research of mental health professionals to the insights of thinkers Edmund Burke Reinhold Niebuhr Friedrich Meinecke and George Kennan The conclusions reached are disturbing the defense of the democracy has been a failure and the mindset of the officials has continued to the present day and does not bode well for the future of the democracy **Reform of the State Secrets Privilege** United States. Congress. House. Committee on the Judiciary. Subcommittee on the Constitution, Civil Rights, and Civil Liberties, 2008 **Censored 2007** Peter Phillips, Project Censored, 2011-01-04 The yearly volumes of Censored in continuous publication since 1976 and since 1995 available through Seven Stories Press is dedicated to the stories that ought to be top features on the nightly news but that are missing because of media bias and self censorship The top stories are listed democratically in order of importance according to students faculty and a national panel of judges Each of the top stories is presented at length alongside updates from the investigative reporters who broke the stories **Politics of Heaven** Earl Shorris, 2007-07-24 A account of the events ideas and beliefs about the role of religion in today's government discusses how after the September 11th attacks there is a more glaring pervasiveness of religious doctrine throughout both major parties and in the formulating of key political decisions **State Secret Protection Act of 2009** United States. Congress. House. Committee on the Judiciary. Subcommittee on the Constitution, Civil Rights, and Civil Liberties, 2009
