Sitchin,2002-03-01 Reveals Zecharia Sitchin s groundbreaking research into the code left behind by the creators of humanity Explains how the Anunnaki were not merely the mythical gods of the Sumerians but rather the founders of human life on Earth Using Biblical and ancient Sumerian sources explains how to decode these messages our star ancestors left behind Daring to challenge our long held beliefs about the origins of man Zecharia Sitchin suggests that humans are not the children of God but rather the children of the Anunnaki an ancient race from the planet Nibiru His revolutionary theories are supported by his intense scrutiny of not only ancient Sumerian texts but also stone structures all over the world The similarities and astrological significance of these formations suggests that rather than looking for guidance from leaders here on Earth humanity should instead look to the sky for answers The Earth Chronicles deal with the history and prehistory of Earth and humankind Each book in the series is based upon information written on clay tablets by the ancient civilizations of the Near East For the first time the entire Earth Chronicles series is now available in a hardcover collector s edition

**Three Simple Words** John Odom,2020-10-13 This book is an attempt to examine the similarities between science and religion instead of focusing on the perceived differences It attempts to demonstrate the similarities by looking at common goals and challenging the dogmatic positions on both sides by concentrating on what the author considers to be reasonable possibilities considering where we are in history It is intentionally brief in an attempt to keep it interesting and entertaining while challenging the readers to open their minds to the possibilities presented It also includes episodes from the author s personal experience where he has seen the possibilities presented at work in his own life and feels many of the readers will recognize those feelings as well Life can seem very complicated yet the author contends the basic foundation for living a contented life can be summed up in Three Simple Words
