The Secret Code of Berlin: The Alliance George Aurelio, 2025-08-29 *The Secret Code of Berlin: The Alliance*. A city divided. A hidden code. An alliance forged in exile and betrayal. This is not just another work of fiction. It is a warning disguised as a novel, a cry rising from the voices of the displaced and silenced. From the bloody coups that shattered Latin America, Central America, Africa, the Middle East, and the Balkans to the forced migrations that uprooted millions, history reveals a dark pattern: people stripped of their health, education, and even the right to dream, pushed into deserts, jungles, and hostile borders. At the heart of the 20th century, in Berlin, the scarred city of walls and espionage, refugees, defectors, and exiles converge to form a clandestine alliance. But their union is no coincidence. Behind the fear, the hunger, and the exile, an invisible machinery operates: the CIA, United States, MI6, United Kingdom, Mossad, Israel, DGSE, France, BND, Germany, AISI, Italy, PSIA, Japan, KGB, Soviet Union, and others, and

entire constellation of intelligence agencies that orchestrated coups shaped wars and redrew maps according to the interests of the deep state During the Cold War while empires carved borders with blood superpowers waged silent wars from distant offices They turned peoples into pawns erased their names and rewrote history in their place But through the cracks of this system emerges a code A message A dangerous truth that crosses languages bodies and forbidden pasts Because when the powerful impose oblivion the exiled create memory Why God?
