Secret Agents Four Donald J. Sobol, 1988-12 Little Did Ken and his buddies Orv Horseshoes and Bo know just how exciting their summer was about to become Who would ever have pictured their joining forces with the good guys Mongoose in a heroic attempt to foil Cobra's latest nefarious plot It is not long before V A C U U M Volunteer Agents Crusading Unsteadily Under Mongoose is officially born Add one Beautiful Assistant Gangbuster Mary Evans full title V A C U U M B A G a modest fleet of vintage cars and a World War I De Havilland and the fun is about to begin Book jacket [Secret Agents Four-CC](#) ,

Secret Agents Jeremy Packer, 2009 Why does the secret agent never seem to die Why in fact has the secret agent not only survived the Cold War which critics and pundits surmised would be the death of James Bond and of the genre more generally but grown in popularity Secret Agents attempts to answer these questions as it investigates the political and cultural ramifications of the continued popularity and increasing diversity of the secret agent across television film and popular culture The volume opens with a foreword by Tony Bennett and proceeds to investigate programs figures and films such as Alias Austin Powers Spy Kids the new Bond Girl Flint Mission Impossible Jason Bourne and concludes with an afterword by Toby Miller Chapters throughout question what it means for this popular icon to have far wider currency and meaning than merely that of James Bond as the white male savior of capital and democracy **Female Secret Agents**

Douglas Boyd, 2016-10-03 Forget the adventure stories of James Bond Kim Philby Klaus Fuchs and co espionage is not just a boys game As long as there has been conflict there have been female agents behind the scenes In Belgium and northern France in 1914-18 there were several thousand women actively working against the Kaiser's forces occupying their homelands In the Second World War women of many nations opposed the Nazis risking the firing squad or decapitation by axe or guillotine Yet many of those women did not have the right to vote for a government or even open a bank account So why did they do it Female Secret Agents explores the lives and the motivations of the women of many races and social classes who have risked their lives as secret agents and celebrates their intelligence strength and courage **Report of the**

Relating to the Philippine Islands , 1903 *Nacht und Nebel* Floris B. Bakels, 1993 The true story of one man's experiences of life in a concentration camp under the Nazis *The Fourth Horseman* Robert Koenig, 2009-04-29 The story of Anton Dilger brings to life a missing chapter in U S history and shows dramatically that the Great European War was in fact being fought on the home front years before we formally joined it The doctor who grew anthrax and other bacteria in that rented house was an American the son of a Medal of Honor winner who fought at Gettysburg on a secret mission for the German Army in 1915 The Fourth Horseman tells the startling story of that mission led by a brilliant but conflicted surgeon who became one of Germany's most daring spies and saboteurs during World War I and who not only pioneered biowarfare in

his native land but also lead a last ditch German effort to goad Mexico into invading the United States It is a story of mysterious missions divided loyalties and a new and terrible kind of warfare that emerged as America in spite of fierce dissention at home was making the decision to send its Doughboys to the Great War in Europe This story has never been told before in full And Dilger is a fascinating analog for our own troubled times Having thrown off the tethers of obligation to family and country he became a very dangerous man indeed A spy a saboteur and a zealot to a degree that may have so embarrassed the German High Command that after the war they ordered his death rather than admit that he worked for them
