Secret Door The Story Of Kate Greenway:

SECRET DOOR THE STORY OF KATE GREENWAY, 1946 *The Secret Door* Covelle Newcomb, 1946 For older children this biography of the famous illustrator of children's books touches on her childhood her immense success and her letters to friends Kate Greenaway Detroit Public Library, 1977 **The Making of Women Artists in Victorian England** Jo Devereux, 2016-08-10 When women were admitted to the Royal Academy Schools in 1860 female art students gained a foothold in the most conservative art institution in England The Royal Female College of Art the South Kensington Schools and the Slade School of Fine Art also produced increasing numbers of women artists Their entry into a male dominated art world altered the perspective of other artists and the public They came from disparate levels of society Princess Louise the fourth daughter of Queen Victoria studied sculpture at the National Art Training School yet they all shared ambition talent and courage Analyzing their education and careers this book argues that the women who attended the art schools during the 1860s and 1870s including Kate Greenaway Elizabeth Butler Helen Allingham Evelyn De Morgan and Henrietta Rae produced work that would accommodate yet subtly challenge the orthodoxies of the fine art establishment Without their contributions Victorian art would be not simply the poorer but hardly recognizable to us today **The John S. Newberry Gift Collection of Kate Greenaway Presented to the Detroit Public Library** Detroit Public Library, 1959

Well-Dressed Role Models Gale Eaton, 2006-06-08 This study provides a qualitative exploration of juvenile biographies of women a genre defined here as a book dealing with the whole or partial life of an individual and reviewed as nonfiction for readers in elementary middle or junior high school Beginning with a survey of juvenile material on Elizabeth Tudor published in England and the United States between 1852 and 2002 author Gale Eaton scrutinizes thirty four books juvenile biographies histories and collected biographies for trends in both content and rhetoric *Well Dressed Role Models The Portrayal of Women in Biographies for Children* then goes on to look at close readings of books published in the United States in the years 1946 1971 and 1996 and presents a penetrating analysis of a genre that serves the needs of youth The findings of this study include the fact that juvenile biographies make role models out of women who in many cases never would have become famous by following all the rules for good girls By choice of subject and emphasis their authors dress the life stories of real women in the appropriate values of new generations Three appendixes providing annotated book lists for each of the three years analyzed conclude this study Art Books, 1876-1949 R.R.
