We are all familiar with the glass ceiling blocking womens access to top corporate positions But there is another largely unknown glass ceiling that blocks both womens and mens efforts to achieve optimum results It is made up of invisible factors such as expectations beliefs and the energy needed to carry out ones plans and decisions By now even kids know the habits of highly effective people but what about their secret habits This book is the result of research conducted following the frustration caused by the authors inability to answer certain irritating questions faced during his 30 year career as manager and consultant Why despite conscientious efforts sometimes effective managers fail to achieve certain attainable goals Why do intelligent and educated people sometimes say or do dumb things What is the use of sending people to training courses if they do not expect to derive any benefits or do not believe they are capable of improving performance What is the importance and interrelationship of self image and self esteem in personal development Are there ways of improving managerial performance other than by using conventional management skills Could improved performance perhaps be attained by tapping into the vast resources of the unconscious mind Such questions coupled with the painful shock caused by downsizing and outsourcing organizations and a diminishing sense of job security have also made increasing numbers of people seek answers and comfort within themselves As well an increasing number of people expect work to provide them not only with a paycheck but also with fulfillment And it is not only individuals who seek to access the vast resources that may exist within each one of us Major corporations have begun looking for ways to improve the bottom line through spirituality while the Spirituality in the Workplace theme now appears on business conference agendas But do we need gurus at work Empirical evidence suggests that fulfillment and creativity are related to an energy source commonly referred to as spirit Apparently

results of using traditional management tools may be enhanced if we marshal our latent mental energies and incorporate new approaches to performance management focusing on factors that may help us smash the unconscious glass ceiling blocking the achievement of optimum results Businesses training organizations government agencies and the media have been following the movement towards exploration of inner space a topic that regardless of preconceived notions and skeptics reservations merits the attention of business leaders Spirituality is a sensitive issue and some workers already resent such corporate programs because they consider them an intrusion into their private spiritual world The Executive Guru may serve as a down to earth guide for those interested in examining complementary ways of developing their potential or dealing with the rapid changes and stresses of our times It is written in parable form hopefully making it an easier read than a straight forward management book after a hard day at work The story is that of an effective manager baffled by requests from staff to attend off site training courses with mystifying names Huna Neurolinguistics Reiki Timeline Programming He seeks advice from a guru who surprisingly provides him with businesslike answers backed by scientific evidence The manager is convinced that there is more out there than meets the eye and decides to add the gurus lessons to his arsenal of management tools Reading management books and attending conventional training courses may have helped you to take charge of your work by using more effective managerial skills This book will provide you with businesslike ideas on complementary approaches to increased creativity personal development and fulfillment *Identity Design* Frank Szymanski, 2016-04-05 If you re not happy most of the time it s not because you don t have what you want it s because you don t know who you are Identity Design is the research driven guide to powerful and generous living If you want more meaning in your life you need to answer this question Who do you want to be Written by Judge Frank a juvenile Court judge in Detroit who has spent years transforming the lives of young people facing extreme challenges this is a personal manual for identity design Life's Missing Instruction Manual Joe Vitale, 2011-01-31 With humorous stories and insights an author and marketing guru offers life lessons for achieving success and happiness In the simple straightforward tone of an instructional manual this little book offers big wisdom and little known secrets for living a better life Packed with life lessons most people will wish they d learned earlier Life s Missing Instruction Manual presents practical steps readers can use to take control of their lives overcome any obstacle and find fulfillment Each simple lesson is brought into focus with real life examples and includes practical steps for putting those lessons to work every day Full of uncommon knowledge and lighthearted humor this book will help readers develop confidence create winning strategies to get ahead build rapport with others develop time management skills and find wealth and happiness Readers will discover how to Take chances that lead to success Get through the tough times Be themselves and like it Find a purpose Work as a team Create a blueprint for success Believe in themselves Lead a good and moral life Accept mistakes and move on Define success for themselves In a world of confusion and stress it s a relief and a joy to have this book to read and to give to family and friends Jack Canfield co creator 1 New York Times bestselling Chicken
