Secret Scars:

Secret Scars Courtney Gallimore, 2012-08-09 Sometimes I wonder what it will feel like when you find the one You know your soul mate the love of your life Will you feel it in his kiss His touch His laughter His smile Now after everything that has happened I look at myself and I look at him The tingling in my lips lasts for days when he kisses me The warmth of his hands is always with me He is the one who isn't just there in the light but the one who comes closer during the darkest hours I love not only who he is but who I am when I am with him The only thing that frightens me is my secrets getting out Because a secret can destroy a relationship in seconds

Hidden scars of Men Kashish Agarwal, This anthology is a diminutive step towards men who face multifarious misdemeanors but their voices have been imprisoned in the hysteric norms of the society since ages There are hundreds of books magazines and influencers disguised as voices for the tribulations of women But this time the compiler wanted to play fair with the men section of the society The orthodox contemplative labels men as strong masculine creatures who are forbidden to cry or act weak Hidden Scars of Men of 15 writers is a miniscule means to escalate all those unprecedented squeals of men that they've been prisoning inside themselves A step to showcase the world that MEN'S WOMBEGONE EMOTIONS MATTERS TOO

Secret Scars Ann Schofield, 2003-10 On January 5 1991 a thirty five year old woman was found dead in a homeless shelter Suffering from years of child abuse undoubtedly contributed to her early demise Secret Scars reveals the experiences of one family's struggles with the devastating effects of abuse Sarah the youngest female Flynn will guide you through the secret scars that haunted her childhood It is a poignant story that mingles the tragedy of those who did not survive with the courage and strength of those who did Told with extraordinary strength and dignity Secret Scars is a totally unforgettable book Sometimes one person's story can change a nation

Scars and Wounds Nick Hodgkin, Amit Thakkar, 2017-06-14 This book examines recent cinematic representations of the traumatic legacies of national and international events and processes Whilst not ignoring European and Hollywood cinema it includes studies of films about countries which have been less well represented in cinematic trauma studies including Australia Rwanda Chile and Iran Each essay establishes national and international contexts that are relevant to the films considered All essays also deal with form whether this means the use of specific techniques to represent certain aspects of trauma or challenges to certain genre conventions to make them more adaptable to the traumatic legacies addressed by directors The editors argue that the healing processes associated with such legacies can helpfully be studied through the idiom of scar formation rather than event centred wound creation
