Hollywood's Frontier Captives Barbara A. Mortimer, 2018-10-24 The captivity narrative the earliest genre of American popular literature continues to be of cultural significance in late 20th century Hollywood Many popular films of the last four decades incorporate the most common elements of the captivity narrative tradition including a politically contested frontier setting and a plot involving innocent family oriented white Americans held captive by hostile culturally alien natives At the same time these films offer something new to the narrative tradition they focus on the captive who resists rescue and

the challenge this resistance poses to American cultural self confidence By focusing on the lost captive these films beginning with *The Searchers* 1956 deal with questions about American identity raised by a white American s cultural and potentially political transformation Films as diverse as *Little Big Man* *Taxi Driver* and *The Deer Hunter* adapted the captivity narrative s conventions to criticize aspects of contemporary American society and reject outworn models of male heroism at the same time however they retained the genre s traditional assumption of white superiority and its fear of female sexuality

Brallier, Joel N. Lohr, Lynn G. Beck, 2021-07-20 The remarkable life story of Mitka Kalinski who survived seven years of enslavement while still a child to a Nazi officer during and after World War II Mitka Kalinski had never revealed his past to anyone Not even to his wife or his four children But in 1981 three decades after it had all ended Mitka finally broke his silence about the horrors he had endured during the Holocaust and in the years immediately afterward not only German concentration camps and sadistic medical experiments but also seven years of enslavement in the household of a Nazi officer Iron Gustav D rrr Having been orphaned before the war Mitka did not know his origins or even his name Torture slavery and a false name stripped him of his identity entirely Thus when he immigrated to the United States in 1951

Mitka seized the opportunity to bury his past and forge a new life. He lived the American life in all its fullness and moved to Nevada with his beloved wife Adrienne and their children. But the secret he carried became an increasingly heavy burden preventing wholeness and healing. This is Mitka's account of facing the past, confronting his captors, connecting with lost relatives and finding peace in the rediscovery of his origins. For Mitka, this also meant reclaiming his Jewish heritage, a journey that gave him a new sense of purpose and freedom from the lingering effects of trauma that had filled his life to that point. By the end, Mitka's *Secret* is less a story of survival and more one of redemption and transformation from hidden suffering to abundant joy. Hidden Secrets, Hidden Lives J. Leon Pridgen II, 2013-04-30

J. M. Coetzee's latest novel *The Schooldays of Jesus* is now available from Viking. Late Essays 2006-2016 will be available January 2018. J. M. Coetzee: What relationship do I have with my life history? Am I its conscious author, or should I think of myself as simply a voice uttering with as little interference as possible, a stream of words welling up from my interior?

Arabella Kurtz: One way of thinking about psychoanalysis is to say that it is aimed at setting free the narrative or autobiographical imagination. *The Good Story* is a fascinating dialogue about psychotherapy and the art of storytelling between a writer with a long-standing interest in moral psychology and a psychotherapist with training in literary studies. Coetzee and Kurtz consider psychotherapy and its wider social context from different perspectives, but at the heart of both of their approaches is a concern with narrative. Working alone, the writer is in control of the story he or she tells. The therapist, on the other hand, collaborates with the patient in developing an account of the patient's life and identity that is both meaningful and true. In a meeting of minds that is illuminating and thought-provoking, the authors discuss both individual psychology and the psychology of the group: the school classroom, gangs, and the settler nation in which the brutal deeds of ancestors are accommodated into a national story. Drawing on great writers like Cervantes and Dostoevsky and psychoanalysts like Freud and Melanie Klein, Coetzee and Kurtz explore the human capacity for self-examination, our wish to tell our own life stories, and the resistances we encounter along the way. *Playwriting in Process* Michael Wright, 2009-08-01
